No. 79N7535¼ Price .. **$3.69**

Kiddie Horses

The Kiddie Horse is a toy especially adapted for the child, girl or boy, too small for an auto or hand car. It can be used equally as well indoors as outdoors, for the wheels are rounded, to eliminate scratching of the floor. This toy is nicely finished to resemble a horse; has a head with imitation bridle painted on it and supports made to resemble legs. The steering apparatus is fitted with a cone bearing, making it easily steered and eliminating wobbling. The toy is operated as illustrated, the child sitting on it and pushing with his feet, guiding himself wherever he wishes.

We have two grades, one of these is a higher quality Kiddie Horse equipped with ½-inch rubber tires. These are made from higher grade lumber which takes an exceptional finish and makes a really beautiful article.

The plain wheel and rubber tired Kiddie Horses come in three sizes, according to height from floor, which can be determined by measuring with the child in a comfortable sitting position.

½-Inch Rubber Tired Wheels. Our Finest Grade.

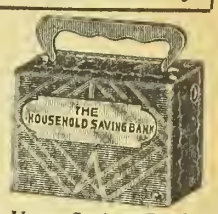
One of the surest ways to teach a child to save money is for him or her to be able to see the total grow. With these banks the total continually changes as each new coin is inserted. The registering banks illustrated add any size coin, as shown in the description, including pennies, nickels, dimes and quarters. As you insert the coin in slot and pull a lever, new total appears on the dial. Very practical and accurate.

Any One of These Six Banks Will Help Youngsters Save Money



Our Biggest Registering Bank Value.

Registers pennies, nickels, dimes and quarters. It is made of strong sheet steel, attractively decorated. Opens automatically when a total of $10.00 is deposited. Size, 7x4¼x6¾ inches. Shipping weight, 2¾ pounds.

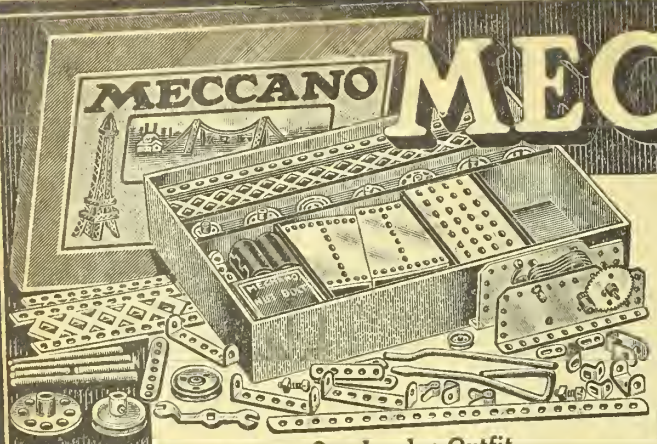
MECCANO



Toy Engineering for Boys

You can build hundreds of models like those shown in this picture. They are instructive as well as entertaining and will produce no end of enjoyment for old and young alike.

Meccano outfits include perforated strips, girders, plates, nuts, bolts, wheels, gears and scores of other parts made of steel or brass.

If you have a small Meccano set you can buy accessory parts to make the set you have equal to a larger one. There is also a set called the "Inventors'" outfit, which contains parts which are desirable no matter what the number of the outfit is you own.

Our Leader Outfit.

A good set with electric motor. Size of box, 13x9¾ inches. Has sufficient parts for building many medium complicated models and has the motor for running them. One of the most popular sets. Shipping weight, 5 pounds.

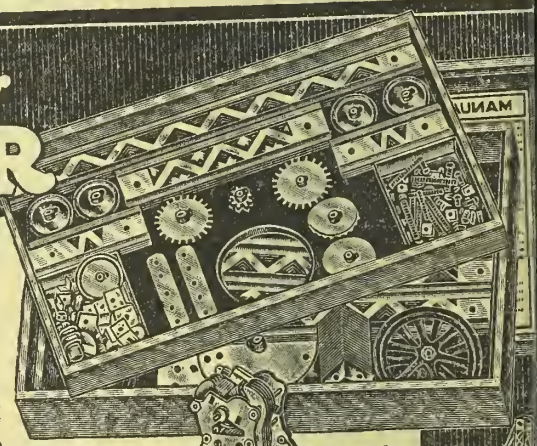
The Mysto ERECTOR



There is genuine instructive amusement in an Erector Outfit. It is certainly fun to build machine shops, derricks, bridges, automobiles and hundreds of other toys. You know how the big iron pieces they build a bridge with are made, all crisscrossed with steel and with the rivet heads showing? Mysto Erector imitates that construction in smaller size.

TINKERTOY

Tinker Toy is the Wonder Builder. An educational, interesting and amusing toy for any child. With it you can build any of the toy models shown on this page, together with many others. This toy is based on the old adage that "a stick and a spool will amuse a child." Each set consists of from seventy to seventy-three pieces of white wood sticks and spools with holes in them, as illustrated. Each stick is made to fit the hole in the spool tightly. In building movable toys, such as windmill, Ferris wheel, merry-go-round, etc., if the motor listed to the right is purchased all these models can be run by it. This motor will run on one dry cell. In order to enable a child to build large and more complicated models, two or three sets should be purchased.

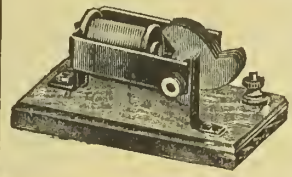
No. 49N4760 One Set, for simple model. Shipping weight, 1 pound. Price, per set..... **52c**

No. 49N4761 Two Sets, for building more complex models, and also for building larger models. A set that the youngsters enjoy. Shipping weight, 2¼ pounds. Price, for two complete sets.. **$1.00**

No. 49N4768 Three Sets, for building complicated as well as simple models. With this set, there are any number of models that the children can build. It is very instructive and gives them good training. Shipping weight, 3½ pounds. Price for three complete sets..... **$1.47**

Buy This Motor

For Tinker Toy Models and Other Small Toys.



Wonderful value in motor. Especially adapted to running Tinker Toy and small metal construction toys. One dry cell runs it. A very good speed motor. Size, 2½x1½ inches, mounted on strong wood base. Shipping wt., 7 oz.

Price..... **45c**

NOTE—For batteries see page 1032.

STRUCTO

STRUCTO BUILD YOUR OWN TOYS

Boys—You do not have to wait until you grow up to get training in mechanical building. Lay your foundation now with this toy. You have beams, girders, angle plates, gear wheels, shafting, pulleys, etc., with which to build. The shafting is key seated so that gears and wheels will not slip whether you are using them to pull a load or drive a car. Wheels, gears and pulleys are well made. We have Structo in five sizes so that you can build toy machines, suspension bridges, battleships, aeroplanes, locomotives, derricks and hundreds of other work models. There is real excitement in playing with a toy that will make different models and where each model will work. With sets No. 4 and larger we furnish an electric motor which can be operated with two dry cells. With this motor to run the models you build, much more pleasure can be derived from these toys.

Structo No. 4 Our Leader Set.

No. 49N4711 Contains motor and enough parts to build 114 models, like derrick shown, sewing machine, railroad turn bridge, etc., which are fully explained in book of instructions. Racing Automobile on Track.

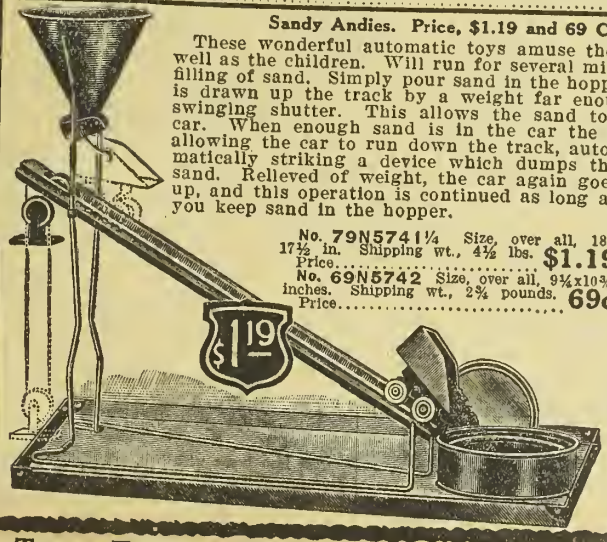
A new toy this year. Bright red car with good spring, and swivel front and rear wheels enabling it to keep on track and turn curve. Merely wind the front crank, set car on track and driver and car will race around track. Car is 7¼ inches long and 3¼ inches wide, has curved fenders and a good spring. Track, 2½ inches between rails and all fastened together is 5½ feet long and 38 inches wide. Packed complete in box. Shipping weight, 5 pounds.

No. 79N5727¼ Price..... **$2.79**



Sandy Andies. Price, $1.19 and 69 Cents.

These wonderful automatic toys amuse the grownups as well as the children. Will run for several minutes with one filling of sand. Simply pour sand in the hopper and the car is drawn up the track by a weight far enough to open a swinging shutter. This allows the sand to run into the car. When enough sand is in the car the hopper closes, allowing the car to run down the track, automatically striking a device which dumps the sand. Relieved of weight, the car again goes up, and this operation is continued as long as you keep sand in the hopper.

No. 79N5741¼ Size, over all, 18x17½ in. Shipping wt., 4½ lbs. Price..... **$1.19**

No. 69N5742 Size, over all, 9¼x10¾ inches. Shipping wt., 2¾ pounds. Price..... **69c**

Fine Long Racing Sleds

$1.47
32-Inch

The flexibility of the steel runners allows them to be easily controlled by the steering bar, which is convenient for either the hands or the feet. The steel in the runners is tempered and manipulation of the steering rod causes not only fore part to bend, which is characteristic of most sleds of this nature, but the entire runner.

Manufactured of hardwood, strongly reinforced and handsomely finished. The runners are made of T shape steel. The flexibility of the runners permits great gripping power, therefore, safe steering. All parts nicely varnished and each sled has a decorated top.

$2.47
45-Inch

Three Immense Values in Sleds.

32-In. Sled, $1.47
36-In. Sled, 1.75
40-In. Sled, 1.98

When buying a steering sled for a boy it is advisable to buy one long enough so he can lie full length upon the sled. The sleds listed below are full size and will earry the average size boy.

No. 79N8300¼ Size, over all, 32 in. Shpg. wt., about 8 lbs. Price..... **$1.47**

Steering Coasters.

45-In. Sled, $2.47
54-In. Sled, 2.98

These long sleds are built especially strong and will hold two or three children. They have double crossbars and the runners curve up abruptly in front, which leaves more of the long flat runner on the ground, making it easier to steer and giving it a better coasting surface on the ground. Stout knees and runners.

No. 79N8311¼ Size, over all, 54 inches. Room enough for three children. Shpg. wt., 12 lbs. Price **$2.98**

Bicycle Features on Velocipedes.

$7.45 AND UP

As the boy on a bicycle tries to imitate the motorcycle rider with his long handlo bars and low seat, so the little fellow enjoys a velocipede that imitates a bicycle in its makeup. With the strong seat, the fancy wound grips and the spring seat, these velocipedes embody as many of the real bicycle ideas as is practical at the price. The handle bars are adjustable. The seat can be raised or lowered, allowing for the growth of the child. The frame is nicely enameled, striped and strongly reinforced with bicycle style head. Strong wheels, tinned finish, ⅝-inch rubber tires. To order right size take measurement from crotch to heel. Three sizes as follows:

The Harvard $8.98

The Harvard (Junior) $7.98

THE BOYS' DELIGHT

—there is more pleasure to the dollar in a Harvard Wagon than anything a boy can have. It is almost impossible to show all the various combinations that may be made from this wagon—the sketches around this page give some idea of its possibilities. Remember, the seat, sides, front, back and bottom are removable and that our price includes both short and long "reaches." With a Harvard a boy can coast, haul wood, or give his playmates a ride; and, by purchasing pole and whiffletrees or shafts (listed extra below), he may hitch up dogs or goats, singly or in teams; also with a set of runners (listed separately below), a dandy coasting sled is produced.

—the Harvard Wagon is built to withstand the hard knocks it is certain to receive—the tires are heavy steel, not tin; hub bands are steel; wheels have staggered spokes, and wagon is built with solid steel axle. All of these features make for sturdiness and long life.

—materials used are good quality—the lumber is well seasoned and kiln dried, and the entire wagon is painted and finished like a full size farm wagon. Front wheels are 14-inch, rear 20-inch. The Harvard Wagon is made in two sizes, as listed below. The larger of the two has a longer reach, heavier spokes, wider steel tires, wider felloes and larger body.

RAINBOW DYES.
Dyes Cotton, Wool, Silk, All in Same Bath.

Don't rip apart that dress that you are going to dye. Use Rainbow Dyes and you will be able to dye every kind of goods in the same bath.

Rainbow Dyes are economical dyes to use. Simple directions accompany each package of every color and you will not make a mistake if you follow directions. Rainbow Dyes can be successfully used for coloring dress goods, coats, carpet rags, ribbons, feathers, yarns, etc.

Colors: Black, yellow, pink, maroon, scarlet, dark green, navy blue, tan, violet, orange, cream, rose, cardinal, green, baby blue, dark brown, heliotrope, gray. **Always state color. Write for Booklet.**

Send today for the "Rainbow Dye Book," which will be mailed to you without charge. It gives full directions how to dye everything; the effect of dyeing one color over another; colors that harmonize.

No. 8N327 Price, per package (each package will color from 1 to 6 pounds of goods according to density of shade desired).. 9c
No. 8N362 Ecru Curtain Dye. Price 10c
Shipping weight, per package, 2 ounces.

Aladdin Dye Soap.

A Soap and Dye Combined for Delicate Shades Only.

Most light colored articles fade with washing and Aladdin Dye Soap was made to renew the color. The article to be cleaned should be washed with Aladdin Dye Soap. The soap cleans and the dye present renews the original delicate tint, yet does not stain the hands. You must, however, always use the same color dye soap for the article washed.

Simply wash your clothes with "Aladdin," the dyeing will take care of itself. "Aladdin" colors while it cleans.

No mixing—no boiling—will not injure the most delicate fabric. **Fourteen colors:** Dark blue, gray, tan, red, lavender, light blue, pink, orange, green, salmon, yellow, old rose, peach and flesh.

Dyes cotton, wool and silk. Can be used for dyeing lingerie, crepe de chine, Georgette crepe, children's dresses, waists, hosiery, curtains, etc. Shpg. wt., per cake, 2 oz.
No. 8N325 Price.....8c

Don't Throw Away That Old Hat.

You have an old last year's hat. The material is good, the shape is good, but last season faded the color out dreadfully. Don't throw it away. Bring it up to date with this Hat Dye. It dyes your hat clean and bright, and is easily applied. Straw hats will lose their pliability owing to nature of ingredients.

Seven permanent colors: Navy blue, medium blue, green, red, brown, purple or black. Makes a waterproof covering which rain will not affect and which is almost sunproof. Send for a bottle today. **In ordering state color wanted.** Shipping weight, per bottle, 14 ounces.
No. 8N314 Price, 2½-ounce bottle, including brush for applying.....25c

Chamois Skins for Cleaning Purposes.

Chamois skins were originally made from the chamois animal that is now practically extinct. So called chamois skins have been made for years from sheepskins tanned and colored like actual chamois skin and sold under the name chamois skin. The ones we handle are made from very fine skins of sheep, carefully tanned and colored. Can be washed when dirty and always remain soft. Used for carriages, pianos, fine furniture, windows and for cleaning all highly polished surfaces. For larger size chamois skins see page 1360.

Sanitary Cleaner.

Throw away your cleaning brushes — no more acid to use, no more soiling the hands. Learn a new way to clean the closet bowl and trap.

Sanitary Cleaner does not injure the porcelain, but it removes every trace of stain or soil. Merely pour a small quantity in the bowl, allow it to stand a few minutes, then flush the bowl and the toilet is cleaned.

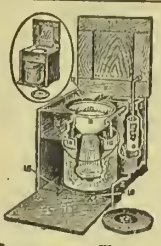
Price, per pair.....98

We Guarantee Everything We Sell to Give the Service You Expect.

Home Comforts



Improved Flush Toilet.

"Saniclos" Indoor Closet.

For Rural or Suburban Homes, Summer Cottages, Etc.

"Saniclos" Indoor Closet is a patented portable toilet. It is especially convenient for invalids, for old people, for the nursery or for suburban homes which have no bathrooms. The upkeep expense is small—no plumbing—simply fill the reservoir with water and drop two tablespoonfuls of Chemical in the pail under the bowl. This chemical disinfects and deodorizes the contents.

The "Saniclos" Portable Toilet will give you some of the advantages of a well equipped bathroom at small cost. You'll find it a great convenience.

This portable toilet can be moved to any part of the house when desired. It is not connected to any kind of plumbing, nor is it necessary to use any kind of vent.

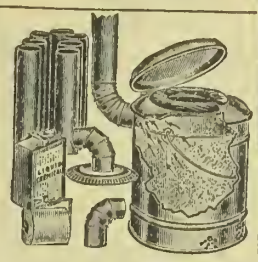
This is a successful portable toilet. It combines good appearance and low price with mechanical features which render it "odor-tight."

The outer cabinet is of golden oak, nicely polished, and when closed gives no outward evidence that it is a toilet—instead, it looks like a neat settee or bench.

Toilet may be used at least sixteen times before emptying inner pail or filling reservoir. Bowl is of white enamel finish; pail is of galvanized steel. All exposed metal parts are nickel plated and polished. The golden oak cabinet is the right height to be conveniently used—20 inches high and 18½ inches square. Has a comfortable seat. Shipping weight, carefully crated, 80 pounds.

For additional chemical see No. 8N740541¼ on opposite side of page.

No. 8N74051¼ "Saniclos" Portable Self-Flushing Closet, complete with ½ gallon Chemical.
Price.....**$19.85**



"Handee" Indoor Toilet.

Odorless—Sanitary—Convenient—Comfortable.

Can Be Placed In Your Clothes Closet, Cellar, Bedroom or Under the Stairs.

A great convenience for the farm home and Summer cottage where no running water or sewer connections are available.

A practical necessity for old people, invalids and children—a comfort for everybody.

This modern "Handee" chemical toilet may be placed anywhere—you do not have to build an extra room—you do not have to make any special arrangements. Not a penny need be spent for plumbing. No sewer pipe needed. Simply place it in your clothes closet, cellar, bedroom, under the stairs or in any other convenient place and connect the ventilating pipe. Toilet is 19 inches in diameter.

Each closet is made of heavy steel with a removable, airtight, hinged cover—all parts nicely gray enameled.

Included with each closet is an oak finished wood seat; an inner removable galvanized container; seven 12-inch lengths of 3-inch gray enameled ventilating pipe, two elbows, one wall collar, one toilet paper holder, one roll toilet paper and ½ gallon of chemical.

A constant ventilation which disposes of all odors is maintained by means of the holes near the base of the closet proper and the ventilating pipe which leads into the chimney or outside of the building. One section of the ventilating pipe is equipped with a damper to prevent a backdraft in cold weather.

The chemical included with each closet is sufficient to last for several months. It is harmless. One merely has to add a small quantity of chemical to the water in the container to kill germ life and render the contents practically odorless.

Easily set up. Diagrams showing the most satisfactory methods for setting up the "Handee" enclosed with each closet. Can be concealed by a screen. Shipping weight, 40 pounds.

No. 8N74053¼ "Handee" Closet. Price.....**$14.95**

No. 8N74054¼ Chemical. Per gallon (several months' supply). Keeps the closet sanitary and odorless. Can be used in all chemical closets. Shipping weight, 8 pounds. Price.....**$1.67**

BATH CABINETS AND ACCESSORIES

Stool No. 8N74011¼ $1.98

Takes Up Almost No Room When Folded

The Tub that Folds in a Roll

$7.98

Don't be witbout a bathtub in your bome. Don't be satisfied witb the old method of taking baths in tbe washtub when you can get a real batbtub for so little cost. Batbing in wash bowls or tubs makes an unsatisfactory batb at best. Healtb is promoted by proper bathing. You will enjoy your batb in a large tub wbere you can have full submergent bath. This tub is strong and well made. Tbe frame is double braced witb steel at tbe corners and tbe tub material is a beavy rubber covered drill, very tough and durable, but smootb to tbe toucb and pleasant to use. The bottom of the tub rests on tbe floor, taking most of the weight off the frame and there is no danger of its tipping over. Tbink what it means to be able to take your batb rigbt up beside the fire wbere it is nice and warm. It will not tip over; it's as solid as can be, and wben througb witb your bath (the tub dries very quickly) roll it up and stand it bebind a door or in a closet, it takes almost no room at all. Even if you have a nice porcelain tub in your bathroom tbere are many days wben the bathroom is too cold for comfort and a fire is not needed in the furnace. These are the days when your folding bathtuh can he set up in front of the kitchen range and a bath taken in comfort.

Don't be without a real bathtuh when the cost is so little.

Size of tub: Length, 5 feet; width, 23½ inches; depth, 15¼ incbes, inside measurements. Shipping weight, carefully crated, 25 pounds.
No. 8N72488¼ Price, only.....$7.98

SPECIAL ELASTICS

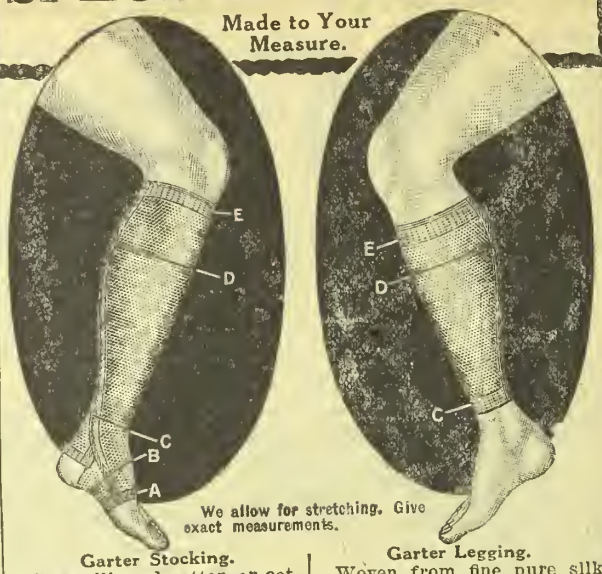
OUR GUARANTEE
We Guarantee that every article we call a Special Elastic is a special article, and is made to conform to exact measurements sent by you.

It is advisable to consult a physician before ordering a special elastic.

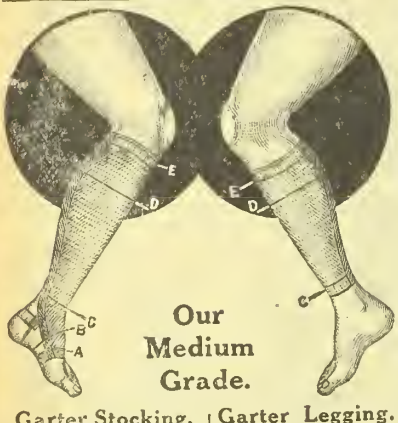
Special elastics are intended for the relief of varicose veins, weak, swollen or ulcerated limbs, corpulency and abdominal weakness, and for the relief of wrist, ankle or knee sprains. The thigh and leg stockings are especially good to be worn after splints have been removed from a broken limb.

Our elastics are fresh and are formed exactly according to the sizes given. You are sure to receive excellent satisfaction, and a perfect fitting elastic. (Note our guarantee above.)

Made to Your Measure.



We allow for stretching. Give exact measurements.



Our Medium Grade.

Garter Stocking.

Pure silk and cotton or cotton over fine quality pure gum elastic.

HOW TO MEASURE.

Take the circumference at A, B, C, D and E; also the distance from floor to E on the inside of the limb. Measurements should be taken early in the morning before the limbs have swollen. Shipping weight, 12 ounces.

No. 8N3638 Each, silk and cotton $3.98
No. 8N3618 Each, cotton 2.98

Garter Legging.

Woven from fine pure silk and cotton or fine grade cotton. We recommend the silk in every instance.

HOW TO MEASURE.

With a tape line take the exact circumference around the limb at C, D and E; also the distance from A to E exactly, on the inside of the limb. Shipping weight, 12 ounces.

No. 8N3639 Each, silk and cotton $2.98
No. 8N3629 Each, cotton 2.45

Garter Stocking.

This stocking is made from cotton elastic web. Holds firmly and fits comfortably. Made for those desiring a low priced stocking. Cut from "Bike" elastic to fit sizes specified. Not especially woven to your size. Not as good grade as No. 8N3638. Take measurements the same as for No. 8N3638 at top of page. Shipping weight, 12 ounces.

No. 8N3630
Price, each..... $1.69

Garter Legging.

Not as good in quality and wear as No. 8N3629 and No. 8N3639, but for temporary use it satisfactorily serves the purpose. Take the measurements the same as for No. 8N3639 at top of page. Shipping weight, 12 ounces.

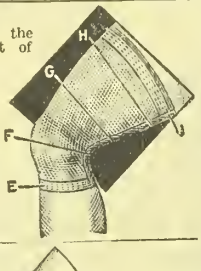
No. 8N3631
Price, each.... 98c

Thigh Knee Cap.

Running from below the knee to the upper part of the thigh.

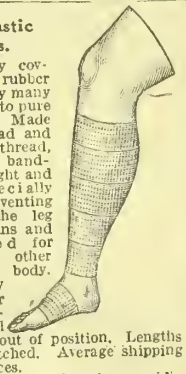
HOW TO MEASURE.

With a tape line take the circumference around the limb at E, F, G, H and I; also the distance from E to F and from F to I on the inside of the limb. Shipping weight, 12 oz.



No. 8N3605 Price, each, cotton... $4.45

Covered Elastic Bandages.



High quality covered genuine rubber elastic. Used by many in preference to pure gum bandages. Made of rubber thread and soft cotton thread, making a soft bandage that is light and porous. Especially good for preventing swelling in the leg in varicose veins and may be used for support about other parts of the body. Also used by athletes after a strain. Quickly applied and will not shift out of position. Lengths are given stretched. Average shipping weight, 4 ounces.

No. 8N3619 2 inches wide; length enough to stretch 9 feet.
Price 32c
No. 8N3620 2 inches wide; length enough to stretch 15 feet.
Price 57c
No. 8N3621 2 inches wide; length enough to stretch 24 feet.
Price 75c
No. 8N3622 2½ inches wide; length enough to stretch 9 feet.
Price 42c
No. 8N3623 2½ inches wide; length enough to stretch 15 feet.
Price 55c
No. 8N3624 3 inches wide; length enough to stretch 9 feet.
Price 60c
No. 8N3625 3 inches wide; length enough to stretch 15 feet.
Price 85c

Other Special Elastics.

If you desire some special elastic piece that is not illustrated on this page, remember we can make you anything you want in any shape. We can furnish shoulder pieces, elbow pieces or any special article in the elastic line. Simply write, telling us what you want, and we will reply by return mail giving our price.

We allow for stretching. Give exact measurements.

We allow for stretching. Give exact measurements.

Knee Stocking.

Woven from fine quality pure silk and cotton or fine grade Egyptian cotton at prices shown below. Woven in such a way that it will not heat the body, and is made specially to your order.

HOW TO MEASURE.

With a tape line take the measurements at A, B, C, D, E, F and G; also the distance from floor to F and from F to G on the inside of the limb. Shipping weight, 15 ounces.

No. 8N3635 Each, silk and cotton $6.50
No. 8N3600 Each, cotton. 4.95

Knee Legging.

Very firm elastic, closely woven of good grade cotton, or silk and cotton, as ordered. Reaches from just above the ankle to above the knee, making a very comfortable legging. Take measurements as follows:

HOW TO MEASURE.

With a tape line take accurate circumference at C, D, E, F and G. Then the distance from C to F and from F to G on the inside of the limb. Shipping weight, 1 pound.

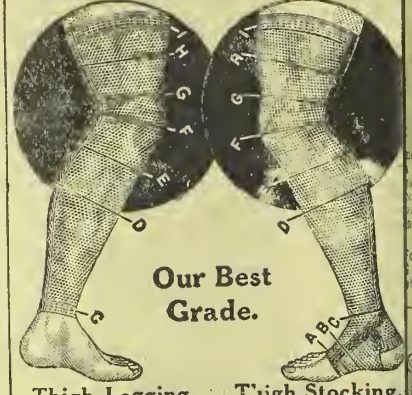
No. 8N3636 Each, silk and cotton $5.98
No. 8N3609 Each, cotton. 4.45

Time Required

The time required to turn out an order of these spooled made elastics varies from a week to ten days depending upon the kind, size and material. All orders are rushed through at the highest possible speed consistent with good work, and we assure you that any order placed with us will receive our prompt attention.

HOW TO MEASURE.

All measurements must be taken accurately. You will note that every position of the limb is designated by a certain letter. Use a tape line in taking the circumference of the limb, drawing it fairly light around the limb and note the exact measurement at this point. We recommend that measurements be taken in the morning before arising if possible, or immediately after arising before the limbs have had any opportunity to swell. **We allow for stretching. Give exact measurements.** By carefully following our instructions we will be able to fit you exactly and give you absolute satisfaction at a great saving in price.



Our Best Grade.

Thigh Legging.

Woven from fine quality elastic in either cotton or pure silk and cotton, as ordered. Reaches from the ankle to the thigh in one complete piece.

HOW TO MEASURE.

With a tape line take the circumference around the limb at C, D, E, F, G, H and I; also give us the distance from C to F and from F to the highest point (I) on the inside of the limb. Shipping weight, 15 ounces.

ELASTIC TRUSSES
AND TRUSS WEBBING

Read Carefully

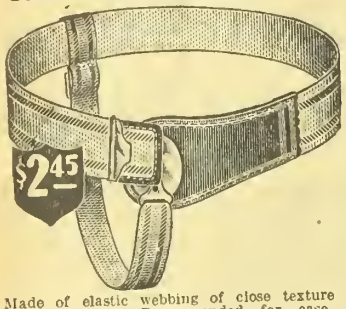
All swellings in the groin are not ruptures. Be sure you really have a rupture before wearing a truss.

There are many cases of rupture which should have the attention of the physician regularly to avoid further injury. Be sure the truss fits you properly.

A Large Assortment

Our truss line is complete and we guarantee to save you money on any style you select. Your physician will tell you the style, and after trying on the truss, if it is not entirely satisfactory, we will allow you to exchange for another or return your money, as you desire. Consult your physician before ordering.

Genuine "Jelco" Elastic Truss.



Made of elastic webbing of close texture and smooth surface. Recommended for ease and comfort. Holds its elasticity uniformly for a great length of time. SPRING TRUSSES
AND SUSPENSORIES

Consult Your Physician!

We do not desire to hold out false hopes for the ultimate cure of rupture. Medical authorities agree that in early childhood a properly fitted truss will often result in a cure, but later and especially in adult life, the cure of hernia by the use of any truss or mechanical device is very rare. The chief purpose of a truss is to block the rupture. In every case before ordering consult a physician to get the correct truss.

How to Measure.

Have your physician measure you for exact size and style, thus avoiding errors. Delays are sometimes costly and the sooner you have your truss on and adjusted correctly the better. If it is not possible for you to get in touch with your physician, you may take your own measurements loosely around the body on a line with the rupture over the underwear, but we always advise physician's suggestions.

Scrotal Style Truss.

Fine high grade leather, stitched in silk, rolled edges. Leather covered soft composition pad, moleskin cloth understrap. State size and side. Shipping weight, each, 13 ounces.

Shoulder Braces and Chest Protectors

PROF. CHAS. MUNTER'S **Nulife** **Upright**

Nulife Shoulder Brace

$1.67

No. 8N3725

Nulife Shoulder Brace is made for the express purpose of keeping the shoulders back, the head erect, thereby expanding the lungs and causing deeper and fuller breathing. Most people need something to remind them to keep their shoulders back. Nulife is just that gentle reminder. It is light and airy, yet strong enough to compel you to stand and sit erect so that you will look your best and breathe properly. Rounded, stooped shoulders are injurious to good health, and in such cases shoulder braces should be worn. Nulife is one of the best and one of our largest selling braces. It fits snugly around the shoulders, has padding on shoulder straps and non-elastic tape for buttoning over abdomen. Made of good, strong white washable cloth. **In ordering, send us your height, weight and chest measure (all around the body, being sure to have someone else measure your chest for you with your chest expanded), over the underwear and under the arms, and state whether for man, woman, boy or girl.** Shipping weight, 9 ounces.

No. 8N3725
Price $1.67

Warm Chamois Jackets $3.98

The chamois jackets are cut high to protect the neck and throat and keep out the cold. Made from good quality of soft white sheepskin with white pearl buttons, edges taped and all seams are well stitched throughout. Chamois jackets are worn largely by men and women who are employed out of doors and for them they serve a great purpose, as they entirely shut off the sharp, penetrating cold from the chest. Chamois jackets should be worn snugly to derive the most benefit. They are cut in two different patterns, for men and women, **and when ordering give chest or bust measure, taken under the arms (for men, over vest or under as you desire to wear jacket).** Shipping weight, 10 oz.

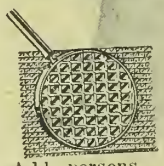
No. 8N3793 For women or misses. Sizes, 30 to 44 inches bust measure.
Price $3.98

No. 8N3794 For men and boys. Sizes, 34 to 46 inches chest measure.
Price $3.98

The Upright Brace

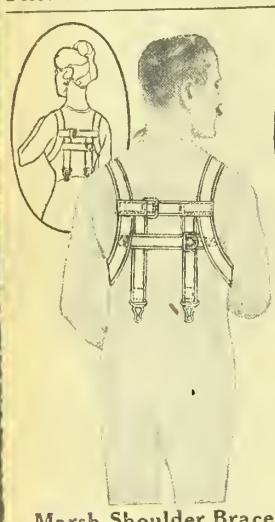
$1.67

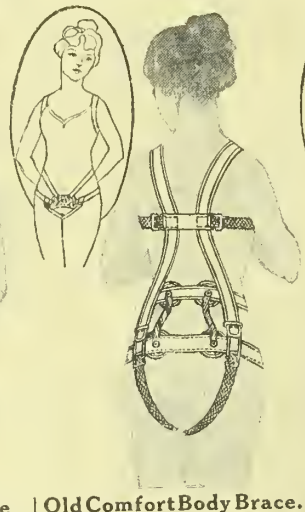
No. 8N3736

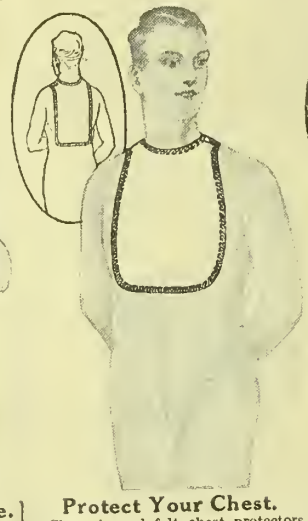


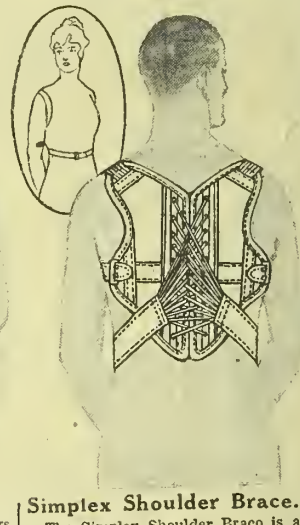
All persons are benefited by deep and proper breathing. This brace prompts you to breathe correctly. It is made of a ventilated open mesh cloth, strong, light and comfortable. It is cut on a little different pattern from the average shoulder brace, being broad across the back and supplied with adjustable shoulder straps that can be set to the measurement required. Shoulder pieces are padded and quickly adjusted. **In ordering be sure to give chest measurement around body, over the underwear, up under arms with chest expanded.** Shipping weight, 12 ounces.

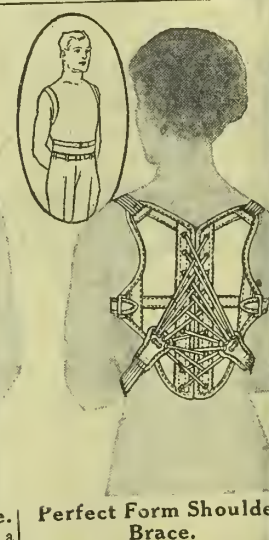
No. 8N3736
Price $1.67











Marsh Shoulder Brace and Supporter.

This brace is made with elastic suspender attachment for men and elastic skirt supporter for women. It tends to serve a double purpose for at the same time it acts as a shoulder brace. It fits snugly under the arms and across the shoulders and can be instantly adjusted. It is made of a strong and non-elastic webbing.

How to Order: State whether for man, woman, boy or girl and give chest measure up under the arms, over underwear, with chest expanded. It is advisable to have some one else take your measure for you. Shipping weight, 7 ounces.

No. 8N3732 For men or boys.
Price 57c

No. 8N3733 For women or girls.
Price 57c

Old Comfort Body Brace.

The Old Comfort Body Brace is a combination shoulder brace and abdominal supporter for women only. The shoulder straps and waist belt are elastic, but the hip belt and under straps are non-elastic, which allows perfect freedom in every body move. The plates are made of nickel plated brass, large and comfortable. This brace can be worn over or under the corset as desired, but more benefit is derived by wearing it under the corset.

How to Order: State size around body two inches below top of hip bones. Be sure to give us this measurement accurately. Shipping weight, 1¼ pounds.

No. 8N3700 Price....$2.67

Protect Your Chest.

Chamois and felt chest protectors are of a great benefit during cold weather. They protect the wearer from the penetrating cold which everyone is subject to. Worn largely for out of door use. The chamois chest protectors are made of good quality sheepskin, lined with red felt. Very easy to put on as it buttons over the shoulders. Edges neatly finished. Comes in three sizes, medium, large and extra large.

No. 8N3780 Medium Chamois. Size, 9x11 in. Price.....$1.49

No. 8N3781 Large Chamois. Size, 10x13 in. Price.....$1.98

Simplex Shoulder Brace.

The Simplex Shoulder Brace is a well known brace, made of a sateen cloth. It is well reinforced at all seams and especially where the belt and shoulder straps are attached. Part of the shoulder strap and belt is elastic allowing a little more freedom when moving the arms. All other parts non-elastic. It is quickly adjusted to fit back of shoulders and affords ease and comfort, at the same time prompting the wearer to hold the shoulders back and the head erect. Has strong, upright corset steel stays. Worn by men, women, boys and girls.

How to Order: Give chest measurement around body, up under the arms with chest expanded. (It is well to have someone else take your measurement for you over underwear.) Shipping weight, 12 ounces.

No. 8N3702 Price....$1.47

Perfect Form Shoulde Brace.

This is the lowest pri brace that we have, but it made on the same order the higher priced brac and will give satisfacto service. It is made of heavy twill fabric, re forced at all seams a especially so where the shoul straps and belt strap are attacl The shoulder straps are adjusta under arms, and are also padd The belt strap is of a light, stro non-elastic fabric, which buckles the front.

How to Order: Give chest me urement, up under the arms, aro body and over underwear, with c expanded. (It is well to have s one else take your measurement you.) Shipping weight, 12 oun

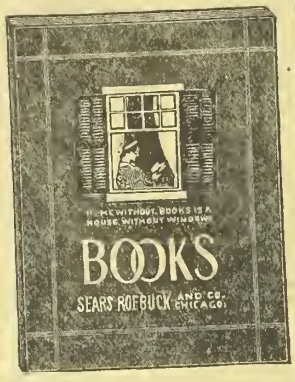
With Books and Authors

In this, our big General Catalog, we list only the most popular and, in many cases, only our lowest priced books, but if you will drop us a post card we will send you our **Latest Special Book Catalog**, in which you will find over 10,000 of the best, the newest and most popular books published.

In this Special Book Catalog, illustrated at the right, we show a complete range of books of all prices, including fine de luxe editions, standard classics, superb gift books and the newest books of travel, biography and belles-lettres. You will also find good books that are not expensive, printed from fine quality type, with strong, serviceable bindings. In fact, our stock of such inexpensive books is probably the most complete in America.



In our Special Book Catalog will be found books that appeal to all classes and fulfill practically all needs.

Books can be shipped by parcel post. This means that you can buy books from us (and pay the parcel post charges) at a price much less than you would have to pay for the same books in your town. Page 925 of this Big Catalog gives parcel post rates.

This Special Book Catalog will be sent free on request. Write for it.

SEWELL FORD'S WORLD FAMOUS BOOKS

Rollicking, hilarious stories. They fairly spill over with humor and infectious American slang.

Torchy.

Stories now for the first time issued in a uniform low priced edition. Torchy, the red-headed youth, with the up to date slang, cheerful optimism and quaint Yankee philosophy, is easily the popular hero in fiction today. Each story complete. Bound in cloth. Average 300 pages. Size, 5½x7¾ in. Shpg. wt., 1⅝ lbs.

No. 3N233 Torchy.
No. 3N266 On With Torchy.
No. 3N145 Trying Out Torchy.
No. 3N2336 Torchy, Private Sec.
No. 3N1280 Wilt Thou Torchy?

Price, each..... 58c

The following letter, received by Mr. Ford during the Summer of 1916, speaks for itself.

Mr. Sewell Ford, Somewhere.

Hello Old Sport:

You don't know me, and I don't know your style of architecture, but your son Torchy is a personal friend, and it is in regard to him that I take this liberty.

By way of introduction will say that I am a gray-haired, enaggle toothed old duck, neither nasty rich nor poverty poor; but able, by my little business of baking bread, cakes, etc., to keep my family out of the poor house. And so far have kept out of jail myself.

But in one way and another I am kept too busy to read much or keep in close touch with the literary world, so my mental diet is somewhat limited and taken in condensed form. So when friends gave a copy of Torchy to my invalid son Harold they "builded better than they knew." Harold, now 21 years old, has never been able to control his muscles enough to care for himself and, being as bright and keen mentally as anyone, naturally feels his condition of helpless shut-in and sometimes gets despondent and down in the dumps. But an episode from Torchy, or, On With Torchy, which we have just finished reading once, is a panacea for that sort of ills.

As a grouch chaser and gloom dispeller Torchy is the best that ever came my way, and except my Bible, which I love, I have read and reread Torchy more than any book that ever fell into my hands.

If you could see Harold laugh until he grows limp, it would do your heart good, but since you can't we thought we would just tell you about it. Don't expect to put any flowers on your coffin and rather just hand you a little honey now.

No doubt your pen is winning money and fame enough to give you a comfortable feeling under your vest, but it is also earning the lasting gratitude of a multitude of gloom soaked people who get the glad hail from Torchy.

Shorty McCabe.

Have you met the ex-prize fighter who now runs an emporium for plutes' tired feeling? He is one character in fiction you cannot afford to miss. Humor, tears and a philosophy that comprehends the ages will be served up to you in rapid succession. Illustrated. Bound in cloth. Average 300 pages. Size, 5½x7¾ inches. Shipping wt., 1⅝ lbs.

CORPORAL CAMERON

Of the Northwest Mounted Police. A Tale of the Macleod Trail.

By RALPH CONNOR

Author of "Black Rock," "Sky Pilot," Etc.

Out of a misty Scotch glen, where bagpipes still murmur to tha loch, came Allan Cameron, the young laird. He was stiong as a claymore and bonny as the dawn, but ha could not obide to drudge in tha dusty offices of Edinburgh. So he cama out to Canada, the land of the stars and a morning gallop, and enlisted in tha Northwest Mounted Police.

Ha could go without flinching into the midst of a bunch of Indians on the warpath and yank out their leader. He could ride tha long lost trail two hundrad miles through three-foot snow and bring back a vicious whisky runner. Hunger and ruffians and 40 degrees helow wers less to him than the Honor of the Sarvica, and ha fought his way up to a corporal's chevrons and tha dear lova of a girl of the open.

All the dash and thrill of the great outdoors that mada Connor's "Black Rock" and "The Sky Pilot" famous glow in his "Corporal Cameron."

This book is very much more than a story of the Northwest Mountad Police. It is a rara story of a man who finds himself and makes himself. It has all the glamour of soldier service on tha frontier and all the tender romanca of a human hero. It is a vigorous, wholesome, out of door story of achievsment and love.

It is a beautiful book, hound in cloth with ambossed cover design. It has an exquisite colored pictura jacket and pictorial front and back end sheets, reproduced from original has raliefs, showing a Canadian Northwest farm. Contains 454 pages. Siza, 5¼x7¾ inches. Shipping weight, 1¼ pounds.

No. 3N642 Corporal Cameron. Our special price..... 39c

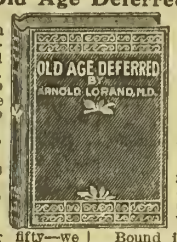
Don't forget the Soldier Boy. When you buy a book for yourself buy an extra one and send it to him.

Old Age Deferred.



By Arnold Lorand, M. D.
A live dog with a chance to run about, bark and enjoy life is considerably better off than a dead lion. Men and Women! You, who are straining every nerve to make a fortune for someone else to spend, stop now and prepare for a cheerful old age.
While it is still impossible to create a young man out of an old one, it is quite within the bounds of possibility, as the book endeavors to demonstrate, to prolong the term of usefulness ten or twenty years. In other words, we need no longer grow old at forty or fifty—we may live to the age of ninety or one hundred years, instead of dying at sixty.
This wonderful book shows that if it were not for the crippling of various important organs, mostly through ignorance, the average person arriving at maturity would remain vigorous and in condition to enjoy life to an advanced age.
The book, without airing any fads or extreme notions of diet, exercise, etc., tells how to preserve in good working order these vital organs.
Bound in cloth. Size, 6⅝x9½ inches.

The Key to Health, Wealth and Love.

Have Health, Gain Wealth, Learn to Love.

By Dr. Julia Seton. The world is full of love, money and health—brim full. There is enough for everyone and to spare. But you must know where to look for it. Doctor Seton shows you that loneliness and heart hunger are not necessary, any more than poverty and sickness. This wonderful book shows you the causes of these things and points the way to the remedies. You owe it to yourself to make your life as full of happiness and as lovely as possible. Cloth. 183 pages. Size, 5⅛x7⅝ inches. Shipping wt., 12 oz.

THE FAMOUS $150,000 COLLECTION OF BRADY WAR PHOTOGRAPHS

Combined With Loseing's History of the Civil War.
The Greatest Book Ever Published on the Civil War.

1,500 Illustrations, Including 16 Famous Historic Battle Scenes in Colors, Taken From the Originals Owned by the United States and Reproduced for This Book by Special Permission of the War Department at Washington.

THESE ILLUSTRATIONS are copies of actual photographs, not imaginary pictures, taken by Matthew B. Brady and his assistants under the authority of President Lincoln over fifty years ago on the field of battle in the turmoil and strife of our great Civil War. General Grant joined Generals Butler and Garfield in stating that the originals were worth $150,000. There are pictures of Camp Grounds, Battlefields, Regiments, Hospitals, Men in the Trenches, Dead, Wounded, Dying, and Great Leaders and Generals on Both Sides. It is a story of the Great Conflict and the causes which led up to it. Contains a chronological summary and record of every engagement between the troops of the Union and Confederate Armies, showing the total losses and casualties, together with war maps, and charts compiled from the official records of the War Department. 512 pages. Bound in cloth with cover design with title in gold. Size, 9x12 inches.

Cheer-Up Letters From a Private With Pershing.
By Torrey Ford. Have you a son, a lover, a husband or a brother "over there" with our own boys? Then you want to read Torrey Ford's "Cheer-Up Letters From a Private With Pershing." Torrey is the son of Sewell Ford, author of the famous humorous books "Torchy" and "Shorty McCabe," and in the same sunshiny, friendly and human manner of his father, he tells you of life with the boys in Pershing's Army. Bound in cloth. 100 pages. Size, 5⅛x7⅝ inches. Shipping wt., 1 pound.

Interesting Facts About the Bible.

The Bible holds the distinction of being the first printed book, and the King James or Authorized version of the Bible is today the best selling book in the world.

The Bible contains, 3,536,489 letters, 773,693 words, 31,173 verses, 1,189 chapters and 66 books.

The word "and" occurs 46,277 times and the word "reverend" but once.

Ezra vii:21 contains all the letters of the alphabet except J.

The 19th chapter of II Kings and the 37th chapter of Isaiah are alike.

The middle verso of the Bible is Psalm xcvii:8.

The first book printed from movable metal types was the Latin Bible, in the year 1455.

The King James or Authorized version of the Bible was first printed in 1611 by Robert Barker. The Cambridge University Press, the earliest of existing publishers to produce a Bible, issued the King James or Authorized version first in 1629.

The first Bible printed in this country was in the Indian language, in 1663, by John Eliot.

The first English Bible printed in this country was in 1782.

DICTIONARIES

WEBSTER'S REVISED UNABRIDGED DICTIONARY

The Genuine G. & C. Merriam Company's Edition.

Leather Binding. Our Special Price, $4.98

Bound in Wine Color Morocco Grain Full Leather. With Handsomely Embossed Border. Title Stamped in Gold on Side and Back.

THIS MASSIVE BOOK OF 2,120 PAGES IS PRINTED ON THIN GENUINE BIBLE PAPER AND IS ONLY 2½ INCHES THICK. HAS PATENT THUMB INDEX CUT IN ON EDGE. MARBLED EDGES AND END SHEETS. SEMI-FLEXIBLE BINDING. SIZE OF DICTIONARY, 11½x8¾x2½ INCHES.

An unusual opportunity to obtain for your home, your office or for a gift, the genuine G. & C. Merriam Company's Webster's Revised Unabridged Dictionary at about one-half what it has cost you heretofore.

A fortunate purchase from the Merriam Company of an entire edition of this dictionary enables us to make this remarkably low price. It enables you to obtain, for about one-half its regular price, a dictionary accepted by colleges, schools and teachers everywhere as standard.

Webster's Revised Unabridged Dictionary (originally published as Webster's International Dictionary), to which has been added a department of new words (over 6,000), together with many valuable special features, needs no description. It is the basis of most textbooks and is endorsed by educators, universities, and state and federal courts throughout the land.

Every Home Should Have a Dictionary. Has yours? If Not, Why Not Own a Good One—the Genuine "Unabridged"?

FOLLOWING IS A SUMMARY OF THE PRINCIPAL CONTENTS:

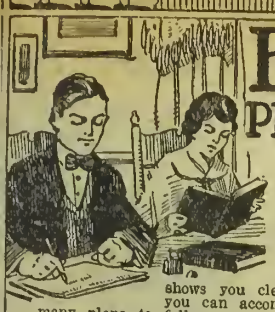
Books That Will Help You

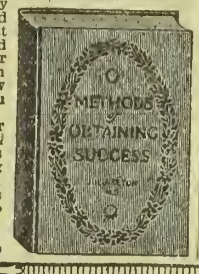
Physically-Mentally-Financially-Practically



Methods of Obtaining Success.

By Dr. Julia Seton. Success is not a mysterious thing that waits around and then rushes unannounced into a life. Success in any walk of life can only be had by having a plan, and that plan must be firmly backed up by a developed will power and concentration. Dr. Seton shows you clearly, plainly and simply how you can accomplish all this, and gives you many plans to follow.

"Methods of Obtaining Success" is a big home hook for every member of the family. There is no such thing as good or bad luck. The individual himself creates these conditions by his thoughts and actions. Everyone in the world is doing the very best he knows how with his time, opportunity and his material. If he knew better he would do better. Let this book tell you how, and see if it can bring real success into your life. 217 pages. Bound in cloth. Size, 5⅛x7½ inches. Shipping weight, 1 pound.



No. 3N6891 Price 89c

A Perfect Memory—How to Have and Keep It.

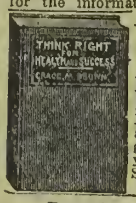
By Marvin Dana. Be a memory good or bad, anyone can improve it 1,000 per cent or more by following the methods set forth in this book. The instructions given are the simple and sane principles of mental control.

A splendid memory is vital to success. It is fundamental to the doing of big things in life, with joy in the doing of them. Every normal person has an excellent capacity for memory. If it seems poor, inefficient and inattentive, it is because the memory is not given a fair chance. Every time it is the fault of the owner, not of the memory. When you mourn over a poor memory, you merely admit that you do not know how to use your mind. It is ever ready and anxious to work. So buy this helpful book and give your mind the chance to which it is entitled. 200 pages. Bound in cloth. Size, 5x7⅝ inches. Shipping weight, 1 pound.

No. 3N6946 Price 89c

BOOKS OF HEALTH.

The five books listed below are offered as an aid to attain that which is everyone's birthright, and that which so few possess—perfect health of mind and body. They are written by authorities and give facts, stated as interestingly as fiction. Books of this character are being welcomed by the reading public, eager for the information. They are now offered for the first time at this low price.



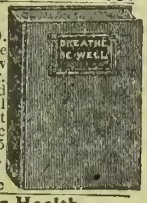
Think Right for Health and Success.

By Grace M. Brown. Thought is the controlling force of life. The way we think, the way we picture things, affects the body for good or ill. Right thinking controls our ability to achieve greater success and attain to greater happiness. Learn how to use your own powers. 184 pages. Cloth. Size, 5⅛x7⅝ inches. Shpg. wt., 1 lb.

No. 3N3776 Price 49c

Breathe and Be Well.

By William Lee Howard, M. D. Teaches you how easy it is to get the very best out of life by devoting a few minutes a day to proper breathing. You will develop your body, your mind will become more alert, you will lengthen your life. Not science, but plain, simple rules, which will give you physical and mental fitness. 165 pages. Cloth. Size, 5x7⅝ inches. Shipping weight, 1 pound.



No. 3N3764 Price 49c

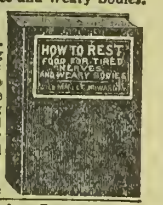
Bathing for Health.

By Edwin F. Bowers, M. D. You should know the kind of bath your body needs. They can soothe nerves, stop wakefulness and quiet fretful children. Under right conditions they break up colds and relieve pain and inflammation. Do you know how to bathe for beauty? You'll learn all this, and much more from this book. 143 pages. Bound in cloth. Size, 5⅛x7⅝ in. Shipping weight, 1 pound.

No. 3N3730 Price 49c

How to Rest—Food for Tired Nerves and Weary Bodies. Do Away With Worry, Fear, Exhaustion.

By William Lee Howard, M. D. Knowing how to rest while carrying out our daily tasks is the only way to keep the human machine up to its full working capacity. It is the common-sense way of preserving health and harmony of brain and nerves. "How to Rest" explicitly shows you how. 210 pages. Bound in cloth. Size, 5⅛x7⅝ inches. Shipping weight, 1⅛ pounds.



No. 3N3728 Price 49c

How to Live Long. A Simple Way to Lengthen Your Life.

By William Lee Howard, M. D. who here tells you how to store up your youth and lengthen your life. Mental Control of the Body.

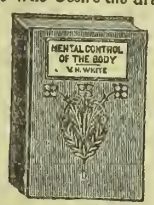
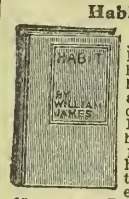
A Manual for Those Who Desire the Greatness of All Things

By V. H. White. In a way easy to understand and follow, this book shows you how to develop your will power. Will power when developed means increased efficiency in business, a sound and healthy body and a youthful old age. Mental self mastery is the first essential without which mastery of the body is impossible. This book contains simple and practical methods for acquiring this power over mind and body, which is so needful to the seeker after health and success. 196 pages. Bound in cloth. Size, 5⅛x7⅝ inches.



No. 3N3796 Price.....(Shpg. wt., 1¼ lbs.)..... 89c

Habit.



By William James. Shows how good habits may be built up and bad ones checked. It is probably the most practically helpful book this author ever wrote. 65 pages. Bound in art board. 4½x7 inches. Shipping weight, 12 ounces.

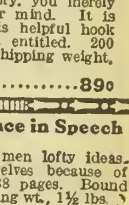
How to Develop Your Personality.

By Clare Tree Major, with a foreword by Sir Herbert Tree. Not only on the stage, where it is the essential foundation of a career, but in ordinary life a man's success represents the sum total of his personality. A pleasing personality will bring you friends, position, opportunity, success and happiness. You possess personality. It is your most profitable possession. Why not develop it? 121 pages. Cloth. Size, 5x7 inches. Shipping weight, 8 ounces.



No. 3N5893 Price..... 48c

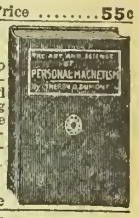
The Good Side of Christian Science.

By C. D. Larson. This book is impartial. It does not ask you to become a Christian Scientist, to adopt all the beliefs of Science, but it points out definitely and clearly that if most people who scatter their vital forces, and so accomplish little, would be guided by the one big principle taught by the Christian Science Church—and outlined in this book—they could not help but succeed. 67 pages. Size, 5⅛x7⅝ in. Shipping weight, 14 ounces.

No. 3N5928 Price 55c

The Art and Science of Personal Magnetism.

By Theron Q. Dumont. Will help develop your personality. Shows aspiring men and women how to build a personality that commands the big rewards in life. The mastery of the secrets of mental fascination will enable you to exercise a powerful influence over your fellow men and women. 238 pages. Cloth. Size, 5⅜x7¾ in. Shipping weight, 1 pound.



No. 3N5934 Price 78c

Alcohol—Its Influence on Mind and Body.

By Edwin F. Bowers, M. D. From the experiences of the world's greatest scientists the author shows that alcohol is neither stimulant, medicine nor food, and that its use, even in the smallest amounts, works definite, measurable harm to mind and body. 275 pages. Cloth. Size, 5x7⅝ inches. Shpg. wt., 1¼ lbs.

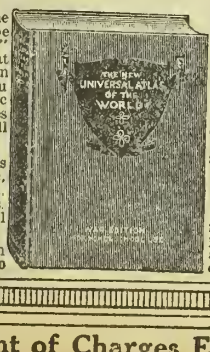
THE NEW UNIVERSAL ATLAS OF THE WORLD

War Edition for Home and School Use.

Follow Your Boy to France. When your boy—when the sons and the husbands and the brothers of your neighbors are in France—will you be able to follow what they do? When you read "Pershing Gained Laroche," what will it mean to you? How far have we gone from the Meuse? What chance have we to invade Germany? How much more must we gain? In order that you may be able to answer such questions—in order that you may be able to follow our boys every step of the way in France—we have published, at a special low price, a big new Atlas that contains a series of complete War Maps, showing every village, every ridge, every small stream on the battle front.

The wonderful details of the Western front form only one phase of this great work. There are 240 pages of maps—maps Political, Economic, Geographic, Vegetation, Population, Language, Racial, Physicial, Historical. There is the Dictionary of Vegetable, Animal and Mineral Commodities. There are Automobile Road Maps for every State in the Union; Postal and Railroad Guide for the United States.

This is an Atlas with a new idea. It doesn't only give the location and boundaries, it shows by colored maps the story of this world and the standing today of the nations. Take France, for instance. There are six different and separate maps of France, telling you at a glance what its climate is, what crops it grows, whether it is rich in coal and where, whether it is rich in iron, what races live there and what languages they speak. These maps are adventures for the man who stays at home.



This big Atlas measures 9¾x13½ inches and has 236 pages of maps printed in full color and 176 pages of text on fine quality paper.

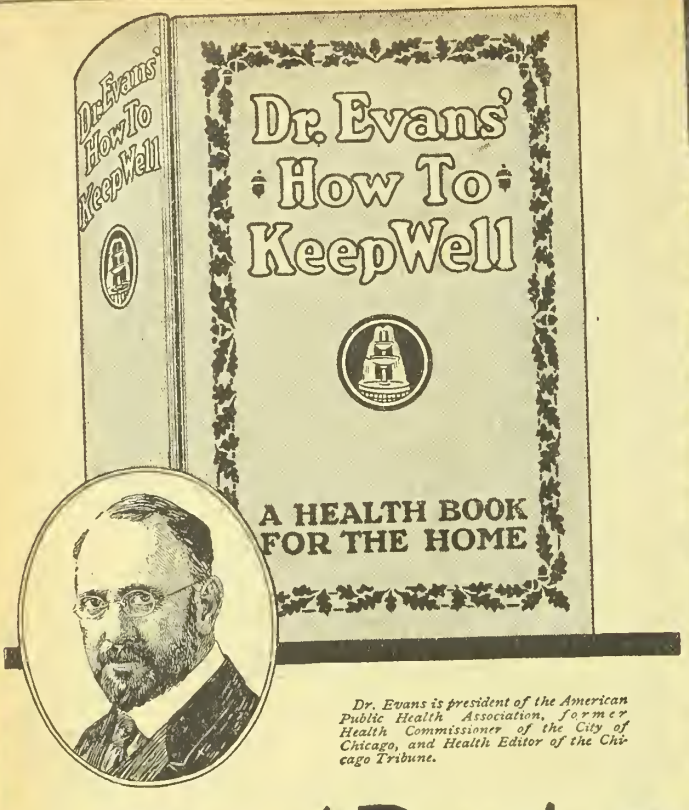
No. 3N7070 Bound in strong, semi-flexible cloth, stamped and decorated in gold. Price..... $3.98

No. 3N7071 Same as No. 3N7070, but bound in genuine green leather stamped in gold. Very handsome. Price..... $4.98

Shipping weight, either style, 5 pounds.

AFTER THE WAR MAPS WITHOUT CHARGE.

So that your Atlas would be permanently up to date, we have arranged for a new series of After the War Maps. These will be presented to every purchaser without extra charge, so that your Atlas will be just as complete after the war as it is now. There will be a place in the Atlas to which you can fasten the new maps.



Dr. Evans is president of the American Public Health Association, former Health Commissioner of the City of Chicago, and Health Editor of the Chicago Tribune.

A Great Doctor Always in Your Home

Suppose you could make an arrangement with one of the nation's foremost physicians to be in constant attendance upon you and your family.

Wouldn't the knowledge that expert advice was readily available relieve you of a vast amount of worry? Wouldn't you immediately take advantage of such an opportunity?

Well, such service and advice is to be had at a trifling cost—$2.87 for the first visit—free for the rest of your life.

Dr. William A. Evans, one of the greatest living physicians, has written a wonderful book of "Health Consultations."

"How To Keep Well"

This book—simple in language and rich in information and knowledge—tells you how to escape sickness or quickly recover from an illness that is curable. In it nearly every known disease is ably and fully discussed. It tells you in an instant what to do and how to do it. It teaches you how to **keep well,** as well as giving expert advice on how to get well.

The book consists of thousands of questions asked Dr. Evans by thousands of people seeking the road to health, together with the answers by the physician. So varied are the topics discussed, that without doubt the very question that is troubling you has been asked by someone else and authoritatively answered in Dr. Evans' simple, direct manner.

You can order this book and examine it thoroughly and carefully in your home before you decide to keep it. If it is not thoroughly satisfactory and everything you expect it to be—send it back. We'll return your money, together with transportation charges you paid.

Order this book now; return it if you don't like it.

"HOW TO KEEP WELL" is a great big book, printed in large, easily read typo on fine book paper, and handsomely bound in blue de luxe cloth with title in genuine gold leaf on side and back. This massive volume measures 10 inches high and 7 inches wide, and is 2½ inches thick. It contains nearly 1,400 pages, 519 practical and helpful illustrations with complete descriptions, and two full-page colored charts of the human body as frontispiece. There are three separate and comprehensive indexes for (1) Subject Matter, (2) Questions and Answers, (3) Illustrations. A copy of this wonderfully instructive book should be in the home of every one of our customers.

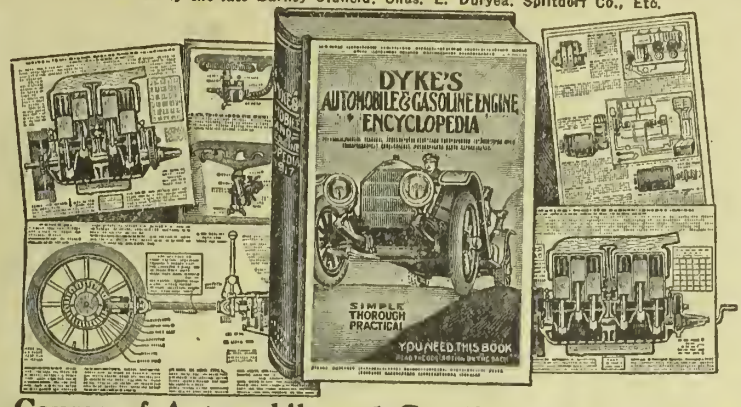
Books for the Automobilist and the Gas Engineer

The New Dyke Course of Automobile and Gasoline Engine Self Instruction $8.35

Endorsed by the late Barney Oldfield, Chas. E. Duryea, Splitdorf Co., Etc.

The Dyke course not only teaches you the principle and construction of the automobile, but teaches you the gasoline engine as well, and when you master the automobile and gasoline engine with the Dyke course you will understand all automobiles and all gasoline engines, either for automobile, marine or stationary work. If you are really ambitious, there is no quicker, cheaper or better way than this Dyke course. It will surely teach you. The encyclopedia is simple, the diagrams and charts are large and clear, and above all the Real Working Models will give you the practical work. If you are an owner of an automobile, if you are a chauffeur or desire to become one, if you are desirous of obtaining a position in an automobile factory, garage or repair shop, you will find this course invaluable. Then there is the field of opening a repair shop of your own in which the opportunity for making a livelihood is offered. With the Dyke course you learn the principle and construction of not only one car but you learn the principle and construction of all cars. At the same time you learn how to adjust all the principal parts right on the models and with large clear charts to explain. You learn how to remedy all troubles and how to make repairs. The absolute necessity of working models when studying the automobile and the superiority they give the Dyke course is now universally recognized.



What Dyke's New Course of Automobile and Gasoline Engine Self Instruction Contains.

Dyke's Automobile and Gasoline Engine Encyclopedia. New 1918 Edition. Thoroughly practical. Written in simple language so as to be easily understood. Contains 615 big charts, 5½x8 in., 2,370 illustrations. It progresses in easy steps from one part to another until finally you are taught the operation of this wonderful power plant as a whole, then how to locate, remedy and repair trouble, etc. Each step is carefully explained by specially prepared charts. A dictionary giving the meaning of the words and terms used will be found at the back. Explains everything you can possibly think of. Tells how to build a repair shop for the home or business; how to make repairs; how to increase the power of your engine; how to overhaul engines; how to drive the different makes of cars; how to figure horse-power; how to start in the automobile business, etc. Contains hundreds of questions and answers on the automobile and its troubles. To this latest edition have been added simplified setting of valves and timing of magnetos, all new and up to date electric starters, generators and lighting systems, operation, care and repair of trucks and tractors, airplanes, airplane engines and motorcycles, also complete instructions for the Ford. 916 pages. Bound in cloth. Size, 7x10 inches.

No. 3N4885 Complete Course of Automobile and Gasoline Engine Self Instruction.

Dyke's Four and Six-Cylinder Working Models.

Practice Right on the Models. All moving parts are made of real metal. These working models represent the connecting link between study and practice. Simple—Thorough—Practical.

Dyke's Four-Cylinder Engine Working Model. Size, 9¼x11 inches. With this model you can see each valve, piston, etc. It is easy to learn valve timing, firing order, etc., with this model. Also makes clear the eight-cylinder engine principle.

Dyke's Six Cylinder Engine Working Model. Size, 11½x11 inches. Shows crankshaft, piston and connecting rod side of the six-cylinder engine model. (The opposite side is shown on the four-cylinder model.) Also makes clear the twelve-cylinder engine principle.

Charts. Size, 17½x10 inches. With the models we also send charts showing different parts, such as the clutch, gear box, drive shaft, rear axle, electric starting motor, electric generator, a modern ignition system, inlet and exhaust manifold. With these charts you can see just how they are applied to the regular engine.

(Shipping weight, 9 pounds.) Price.....$8.35

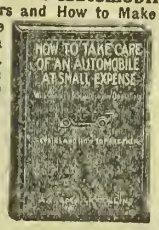
How to Take Care of an Automobile at Small Expense.
Repairs and How to Make Them.

By A. Frederick Collins. Here is just the book for the person who owns a car and to whom money is an object. Many times cars are sent to the repair shop to have some small repair made and often the result is a large bill for the mechanic's time. You automobile owners who want to get away from these repair bills, buy this book and learn all about your car and how you can take care of the repairs and adjustments. It



tells you how to buy a car, how to drive a car, all about the parts of a car, how to take care of your car, what you can fix on your car, how the engine works, how the carburetor works, how the magneto, ignition, starting, lighting and oiling systems work, all about timing, valve setting, valve grinding, etc., and how to run your car at the least cost. Illustrated. Cloth. Size, 5½x7½ inches. Shpg. wt., 1½ lbs.

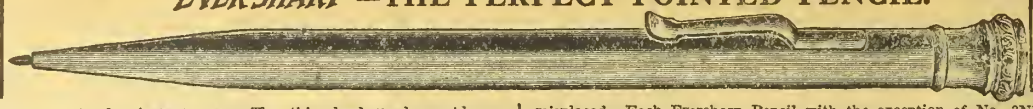
Pencils, Writing Outfits, Envelopes, Crayons

Give him one of these pencils for a Christmas present. Each in white box.

EVERSHARP—THE PERFECT POINTED PENCIL.



You could hardly find any other gift that would be appreciated as much by a man.

Eversharp Pencil. Always ready for instant use. The thin lead used provides a sharpened pencil at all times, without whittling. Beneath the handsome metal jacket, in pockets constructed to avoid rattling and breakage, 18 inches of extra leads are concealed. A thoroughly practical mechanism, easily operated, a perfect balance and a beautiful appearance combine to make this the most desirable pencil on the market. Equipped with a positive acting clip, which is part of the pencil and which cannot be lost or misplaced. Each Eversharp Pencil with the exception of No. 3N13530 has a concealed rubber eraser in the end. Length, 5⅜ inches. Shipping weight, each, 4 ounces.

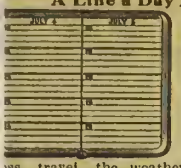
Loose Leaf Outfits, Blank Books and Rubber Type

A Line a Day Books.



Good for any five years. Can be started any day, any year. What you do each day during the next five years can be recorded in one book—matters of business, travel, the weather, crops, home events, school, business or social engagements; also for memoranda, weeks, months or years ahead. Each day's record is under the corresponding day of the previous year. Each page is divided into equal parts—each part for the same day of a different year. Divided into five parts of four lines each.

Have You Considered?

HAVE you considered the many advantages of a heating plant in your home; what it would mean for your comfort during the cold, bleak days of Winter; how it would add much to the value of your property; how it would enable you to have heat in every room when you wanted it; how it would save much fuel; and, lastly, how little it would cost you?

Our Heating Department is at your service. They will gladly tell you, without cost to you, the system that would best heat your home, how it should be installed, and everything pertaining to its operation and construction.

On pages 1266 to 1269 of this catalog we give a complete description of the various heating systems. From these descriptions you will be able to learn just what one would cost you.

There is, first, pipeless furnaces. Because there is no waste of heat energy, they are extremely economical. Thousands have been installed in homes in all parts of the country and they have proved their worth. The pipeless furnaces cost the least of any of the various heating plants but that does not mean that they will not satisfy you in every way. We guarantee them to heat your home thoroughly and comfortably.

To install a pipeless furnace a large basement or cellar is not necessary. All you need to do is to dig a few feet of ground under the first floor—enough to hold the furnace—and it is ready for operation. So simple are they to install that one can easily do the work himself.

Our regular furnace line is most extensive. Unlike the pipeless, these furnish heat direct to any number of rooms. With the pipeless furnace the heat comes through only one register and must have good circulation to be entirely effective. The regular furnace is entirely suitable to any home and is most satisfactory under any conditions.

We also carry a complete line of steam and hot water plants, which you will find more thoroughly described on pages 1266 and 1269 of this catalog.

But no matter what your heating requirements may be you can rest assured of satisfaction if your purchase is made from us. We will gladly give you the benefit of our experts' advice and furnish you free an estimate of cost for one of our heating plants.

We urge early selection. Buy early. Have your heating plant in operation when the cold weather comes and you will experience the pleasures of a well heated, comfortable home under any climatic conditions.

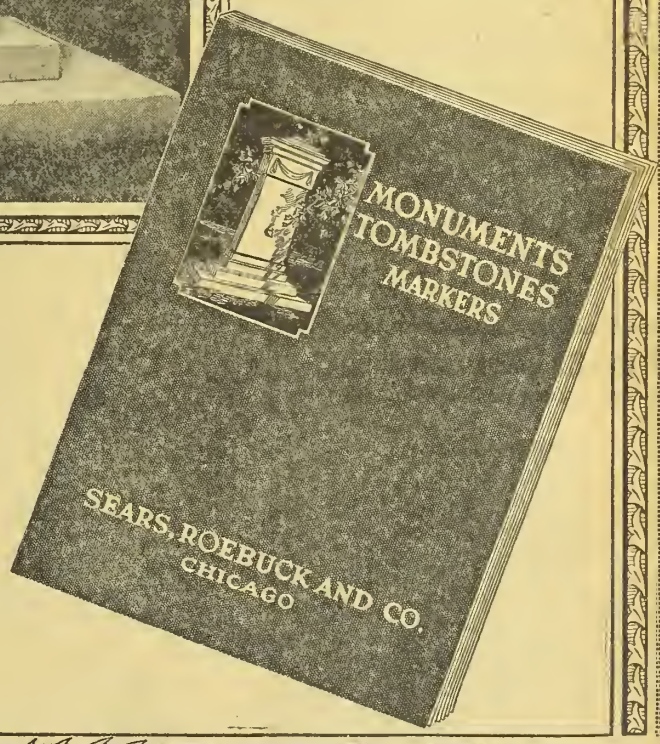
Our prices, too, are most reasonable, and we are able to save you money because we deal in such immense quantities.

Turn now to the heating pages, 1266 to 1269. It will be well worth your while.

A DIGNIFIED SYMBOL OF HONOR AND RESPECT

AT SOME time there falls to most of us the duty of providing a fitting tribute to the memory of those who have passed on, a token of our own loving esteem, and at the same time a lasting monument that will fittingly preserve their memory to coming generations.

We respectfully offer our assistance in performing this worthy task.



WE OFFER for your consideration a complete selection of marble and granite monuments, tombstones, grave markers, cemetery fencing and grave enclosures of very high quality. At the same time our prices are low.

Write for our Catalog of Monuments and Tombstones. Ask for Catalog No. 572N.

LOOK!

You cannot afford to overlook this opportunity! Such values are rare, indeed. Save money by making your selections of small but important household necessities from this page. Send your order today.

a Freight Shipment and Get the Benefit of Low Transportation Charges.

REMEMBER!

You may order for your family, your friends and neighbors. Make your order as large as possible, so as to make up a freight shipment and secure the benefit of low transportation charges. Don't overlook the Special Bargains on this page.

YOUR CHOICE 15¢ EACH

IMPORTANT!

Make up an order of sufficient size to make a profitable freight shipment. Freight usually costs no more for 50 to 100 pounds than it does for a 20-pound shipment. Always bear this in mind when ordering. Look at the Special Bargains on page 892.

How to Order and Other Information

Order Blanks Will Be Found at the Back of This Catalog.

Tear them out as you need them. They are perforated along the edge where they are bound to the catalog, so will tear out easily. If at any time you find yourself without order blanks, write your order on any paper.

Give Name and Number of Article in Catalog, Also the Size and Color Where Necessary.

It would be well to check your order carefully before enclosing it in the envelope to see that the necessary information is correctly stated.

Write Your Order in Any Language.

We can read it. We receive orders in all languages; all are handled with the same promptness.

How to Send Money.

We require cash with order. You are perfectly safe, for our guarantee protects you absolutely. If you are not satisfied with the goods you receive, we will exchange them for other goods you want, or return your money, together with all transportation charges you paid. You can send the money to us in any of the following ways:

1. Postoffice money order.
2. Express money order.
3. Bank draft.
4. Cash by registered mail.
5. Your personal check.

If you live on a rural route you can give the letter containing your order and money to your carrier and he will buy a money order for you at the postoffice and enclose it in the envelope with your order and mail it to us. Your order will arrive promptly.

All transportation charges are to be paid by the customer.

About Transportation Charges.

When goods are to be shipped by parcel post, be sure to add to the price of the goods the amount it will cost to ship the package. This charge for mailing must be paid in advance, as the Government has not provided for the collection of mailing charge on delivery. See page 925 for parcel post rates.

When goods are to be shipped by freight or express and there is no freight or express agent at your shipping point, you must send money to prepay the transportation charges. If there is an agent you can pay the transportation charges when shipment reaches you. It is only necessary to prepay freight or express charges when there is no agent at your station. See pages 926 and 927 for express and freight rates.

For Parcel Post, Express and Freight Rates See Pages 925, 926 and 927.

To Find What You Want Refer to the Index Pages 903 to 923.

A Word About Prices.

We reduce prices and return the difference to our customers whenever market values decline after this catalog is published. We reserve the right in extreme cases to advance our price when market conditions make such an advance necessary, but only extreme conditions could force us to take such action.

Freight Cheapest Way to Ship.

Parcel post and express rates are low, but the cheapest way of shipping is by freight. The biggest savings are made by our customers who plan their purchases in advance. Instead of having small orders shipped to them by express or parcel post they figure out all the groceries, shoes, clothing and other supplies they will need for two or three months and order them all at once shipped by freight. In this way they make a considerable additional saving on the larger order.

If you order goods sent by freight or express be sure to give your shipping point if it is different from your postoffice.

About Factory Shipments.

In order to make our prices as low as we do we find it necessary to ship many of the heavy bulky articles we sell direct from the various factories where they are made, or from a warehouse, thus saving our customers freight and cartage to Chicago, double handling and other expenses. The descriptions tell you when goods are shipped from factory or warehouse. By far the greater part of our merchandise is shipped direct from our Chicago store.

When You Don't Tell Us How to Ship.

In this case, we will consider that you have left it to our judgment, and we will ship your goods the way it will cost you the least.

Come and See Us.

Whenever you come to Chicago we invite you to come and visit us. We'll show you through our great buildings. If you wish to make out an order while you are here you may do so, just as you would at home, and the goods will be shipped in the usual way, but you will not be asked to purchase anything.

We Have No Agents.

We wish to warn you against those who may represent themselves to be our agents or salesmen. Our catalog is our only salesman.

When You Change Your Address Tell Us.

If you change your postoffice address, street address, R. F. D. or box number, please let us know at once. In notifying us be sure to give us your old address as well as your new one. This will enable us to send catalogs or letters to the correct address and thus avoid incovenience to you.

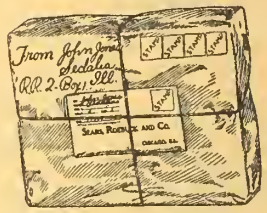
We Suggest That the Family Order Under One Name.

If possible, let all the different members of the family order under one name, the name of the head of the family. This name should always be written plainly and always the same way. For example: If the name of the head of the family is J. P. Thompson, sign the two initials and the name every time. Don't sign the order simply J. Thompson. If you have no middle name please write the first name in full. For example: John Thompson, not merely J. Thompson. When we receive all orders from the same family under one and the same name, the keeping of our records is simpler, preventing mistakes and delays.

Before Returning Goods Shipped From a Factory, Write Us.

We ask this so we may tell you whether we want the goods sent to Chicago or back to the factory.

How to Return Goods to Us by Parcel Post.



The Way to Return Goods to Us by Parcel Post.

Fasten the Envelope on Outside of Package.

If you ever have occasion to return merchandise to us, kindly follow these instructions. If you return it by parcel post, paste or tie an envelope containing your letter and the bills to the outside of the package and put a 3-cent stamp on the envelope in addition to the postage on the package. In this way we will receive your letter and the package at the same time and can attend to your wishes promptly. If you return merchandise to us by freight or express, mail your letter and the receipt the agent gives you as soon as you have shipped the goods.

In any case, whether you return merchandise by freight, parcel post or express, be sure to write your name on the package, so that we may know who sent it. Put the word "From" in front of your name.

In your letter telling us about the goods you are returning, you will help us if you state just why the goods are unsatisfactory, and not merely say that they are "unsatisfactory." It will enable us to avoid similar mistakes on other orders.

What We Have for YOU in This Catalog

The index on this page tells you quickly what we have for you in this catalog. It represents hundreds of stores in one, listing practically everything needed for your home, farm or factory—all brought to your very fireside in this book.

This page is an index of *lines* of merchandise. For instance, if you want to know what we have in the Furnishing Goods line, look under "F" for Furnishings, and turn to that section of the catalog. However, if you want some particular item, such as a screwdriver, look in the Itemized Index on the following pages under "S" for Screwdriver. The Itemized Index gives the page number on which every item in this catalog appears.

Always refer to the index pages when you want to buy *anything*—there you can quickly find the article you want and the number of the page on which it is described and priced.

The larger items can usually be found by consulting this page without looking in the Itemized Index; for anything not indexed on this page see the following pages, 904 to 924.

ITEMIZED INDEX

HOW TO FIND ARTICLES YOU WANT

This index is alphabetically arranged. We index the **General Names** of the various lines of merchandise where they are not so broad as to include too many items and pages, and we index **each article by the name or names it most commonly bears.** Thus you may find what you want either under the **General Name** or under **the name of the article.** Items which may not bear any well known name, such as repair parts, or small tools or new contrivances, may be found under the name of the article to which the part belongs or under "tools," or under the name of some line with which it is associated.

Read this about the meaning of commas and hyphens as used in connection with page numbers in this index: A comma (,) is used when articles are found on a number of separate pages. For example: Double Roasters are found on three separate pages, so the item appears in the index thus:

Double Roasters, 1378, 1381, 1383

A hyphen (-) is used when the same kind of articles appear on every page of a number of consecutive pages. For example: Shirt Waists are found on every page from page 46 to 56, inclusive, so the item appears thus in the index:

Shirt Waists, 46-56

An exception to last mentioned rule is made on large items such as are easily selected from a number of pages after finding the first page. For example: Furniture, Pianos, Stoves, etc. In these cases we mention the first page only.

ON PAGE 924 **We tell you about our special catalogs and sample books. While you will find nearly all our merchandise listed in this big General Catalog, there are a number of items belonging to lines not so generally in demand which we show only in special catalogs.**

Read This About Special Catalogs and Sample Books

WHILE this Big Catalog shows almost all our merchandise, there are some special lines which are not fully represented in this book. To cover these special lines we issue special catalogs which show a larger variety than this Big Book. For certain lines we also issue sample books or sets of samples of the actual materials. Any of these books or samples will be mailed free and postpaid on request.

Before writing for any special catalog or sample book be sure to refer to index on this and the foregoing pages to see whether the goods you want are shown in this Big Catalog. If they are shown in this Big Catalog you can avoid the delay of waiting for a special catalog. If you can order without seeing samples you can avoid the delay of waiting for them. Remember, we guarantee to please you in every respect or return your money if you are not entirely satisfied.

You do not need to send for a special catalog or sample book unless the goods you want are not shown in this Big Catalog, but we want you to send for a special catalog if you feel that you need it. In writing, just tell us the kind of goods you want to buy and we will send you the catalog that shows the goods in which you are interested. Use the handy post cards on the sheet preceding page 439 in this catalog, or write us any other postal card or a letter asking for the special catalog, circular or sample book you want.

Lines of Merchandise for Which We Issue Special Catalogs, Circulars or Sample Books.

Agricultural Implements — Mowers, Cultivators, Planters, etc.
Archery Supplies.
Automobile Supplies.

Wigs and Toupees.
Wireless Apparatus.

Be Sure to Turn to the Sheet Preceding Page 439 for Handy Post Cards, or Write Us Any Other Postal Card or a Letter Asking for the Special Catalog, Circular or Sample Book You Want.

Rates for Parcel Post Shipments

Your postmaster will tell you the parcel post zone in which your postoffice is located, measuring from Chicago

All merchandise shipped by mail takes parcel post rates. Packages up to 4 ounces in weight are carried at the rate of 1 cent an ounce, regardless of distance. Packages over 4 ounces are charged for by the pound. The rate per pound varies according to the distance, which is measured by the Government zone system, each zone covering a certain number of miles from point of shipment. Distances and rates are shown in the table below. Packages carried by parcel post are handled just like any other mail matter. They are delivered to your box by your rural mail carrier if you live on a rural route, or delivered to your door if you live in a city where there is carrier service, or delivered to your local postoffice if you live where there is no carrier service.

RATE TABLE FOR PARCEL POST SHIPMENTS

This table shows the charges when shipping by parcel post, according to the weight of the package and according to distance by zones.

Weight of Package	LOCAL ZONE For Shipments From Our Store in Chicago to Customers Within Chicago Charges Required	ZONES 1 & 2 Not Over 150 Miles From CHICAGO Charges Required	ZONE 3 151 to 300 Miles From CHICAGO Charges Required	ZONE 4 301 to 600 Miles From CHICAGO Charges Required	ZONE 5 601 to 1,000 Miles From CHICAGO Charges Required	ZONE 6 1001 to 1400 Miles From CHICAGO Charges Required	ZONE 7 1,401 to 1,800 Miles From CHICAGO Charges Required	ZONE 8 Over 1,800 Miles From CHICAGO Charges Required

Within Local Zone and Zones 1, 2 and 3, packages up to 70 pounds in weight are carried. The limit of weight for all other Zones is 50 pounds. Articles measuring more than 7 feet in length and girth combined cannot be shipped by parcel post.

About Transportation Charges.

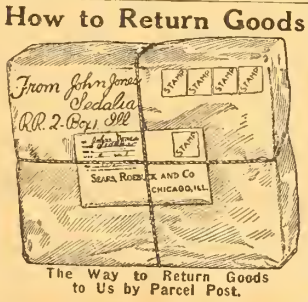
When goods are to be shipped by parcel post, it is not necessary to send stamps to pay the postage for shipping package. Simply add the amount for charges to the amount of the merchandise and include in the money order, check or currency you send us. This charge for mailing must be paid in advance, as no provision has been made for the collection of mailing charge on delivery.

When goods are to be shipped by freight or express and there is no freight or express agent at your shipping point, you must send money to prepay the transportation charges. If there is an agent you can pay the transportation charges when shipment reaches you. It is only necessary to prepay freight or express charges when there is no agent at your station. Read pages 926 and 927 for complete information about freight and express rates and charges.

Throughout our catalogs you will find the shipping weight is given in the description of merchandise. Occasionally, according to the nature of the merchandise, we are obliged to give the actual weight. In such cases a few ounces extra in weight must be allowed for wrapping and packing, according to the nature of the goods.

Books **Parcel post rates apply to books as follows:** All books up to and including 8 ounces in weight will be carried at the rate of 1 cent for 2 ounces to any part of the United States, regardless of distance, and all books over 8 ounces in weight will take the regular parcel post rates according to weight and zone.

How to Return Goods to Us by Parcel Post.



The Way to Return Goods to Us by Parcel Post.

When you return goods by parcel post, put the letter you write and the bills for the goods in an envelope and paste or tie the envelope securely to the outside of the package. In addition to the postage you put on the package, put 3 cents postage on the envelope.

EXPRESS RATES

Tables showing the Express Rates per 100 pounds on goods shipped from Chicago to a number of cities in each state, these cities being used as a basis for figuring rates for all the towns in the immediate vicinity of each city. Your express agent will tell you the exact rates from Chicago to your home town and give you full information in reference to their delivery service. If there is an agent you can pay the express charges when shipment reaches you. If there is no express agent at your shipping point you must send money to prepay express charges. It is necessary to prepay only when there is no agent at your station.

HOW TO FIGURE EXPRESS CHARGES

First estimate the weight of goods you are ordering; then find the rate per 100 pounds by express to your nearest city in the Table of Rates below; then consult the Scale of Express Charges, following the line for the weight of your goods to the column headed by your express rate per 100 pounds, and the amount shown will be the express charges.

If the exact rate per 100 pounds is not shown in any of the headings of this scale, take the next highest rate shown and the express charges will be about the same as to your town.

EXPRESS RATES PER 100 POUNDS TO CITIES IN EACH STATE.

Your Money Returned, Including Transportation Charges You Paid, If We Fail to Satisfy Y

FREIGHT RATES

Table showing the freight rates per 100 pounds on goods shipped from Chicago to a number of cities in each state, these cities being used by the railroads as a basis for figuring rates for all the towns in the immediate vicinity of each city.

RAILROAD COMPANIES FIGURE FREIGHT RATES WITH THE LARGER CITIES N EACH STATE AS A BASIS. All other towns located in the same part of the state any one of these cities take practically the same rate or only a few cents per 100 ounds more or less than the rate to the larger city.

Please consult the following Table of Rates, considering it in connection with the assification of merchandise, and you will be able to determine easily, almost exactly, iat the freight will amount to on any goods. If your station is not named in this ble, the rate to your station will be very nearly the same as the rate to the nearest ty named, or you may ask your freight agent.

HOW TO SAVE ON FREIGHT CHARGES. In having goods shipped by freight, it pays you to make up an order of 100 pounds or more, because railroad companies usually chargo as much for a shipment weighing less than 100 pounds as they do for one weighing 100 pounds.

If there is no freight agent at your shipping point you must send money to prepay freight charges. If there is an agent you can pay the freight charges when shipment reaches you. It is necessary to prepay only when there is no agent at your station.

WHEN YOU LEAVE THE METHOD OF SHIPMENT TO US we always choose the cheapest method.

CLASSIFICATION OF MERCHANDISE FOR FREIGHT SHIPMENTS.

You will notice in the Freight Table below there are four different rates quoted to each city, **first class, second class, third class and fourth class.** This is because the ilroad companies base their rates on the kind of merchandise to be carried. In order, therefore, to give you an idea as to the rate which any kind of merchandise will take to ur nearest city, we tell you here the kind of merchandise which takes the different classes of rates.

Glasses, Compasses, Hearing Horns, Respirators

Magnifying Glasses.

All of these magnifiers are made by Bausch & Lomb, the leading manufacturers of magnifiers, and practically every kind of optical goods, in this country.

Magnifiers of high power are necessarily made with lenses of small diameters and short focal lengths. This gives a narrow field of view and close working distance. The purchaser must choose between a low power with wide field and ample working distance or a high power with narrow field and short working distance. The choice will usually be governed by the character of the work for which the glass will be used, but consideration should also be given to the fact that magnifiers with large lenses and of low power are easier to use, and generally prove more satisfactory to those who do not use a glass often enough to become expert.

Single Lens Rubber Case Magnifiers.

These Magnifiers are mounted in hard rubber, bellows shape folding pocket cases. Very powerful. Shipping weight, any size, 2 ounces.

Catalog No.	Diam. of Lens	Magnifying Power	Price
20N3366	¾ inch	7 times	46c
20N3367	⅞ inch	4 times	52c
20N3368	1 inch	4 times	58c

Double Lens Tripod Magnifiers.

No. 20N3395 Imported Tripod Magnifier. Has two double convex lenses, each 1¼ in. in diameter, separated by a black diaphragm ring, thus forming a doublet magnifier. The tripod style of mounting with adjustable focus makes it very convenient for many purposes. Magnifying power, 7 times. Finished in brass. Shipping wt., 5 ounces. Price 60c

Double Lens Rubber Case Magnifiers.

Two lenses of different foci mounted in rubber oval folding pocket cases. The lenses may be used separately or combined, thus affording three degrees of magnifying power. Shipping weight, any size, 3 ounces.

Catalog No.	Diam. of Lenses, In.	Magnifying Power, Times	Price
20N3369	⅝ and ¾	6 to 12	$0.79
20N3370	⅞ and 1	4 to 9	.85
20N3371	1⅛ and 1¼	3½ to 8	1.00

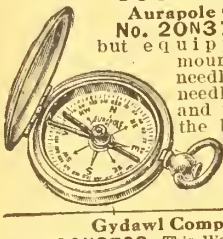
Triple Lens Rubber Case Magnifiers.

Three lenses of different foci mounted in hard rubber bellows shape folding pocket cases. The lenses may be used singly or in various combinations, thus affording seven different magnifications. Shpg. wt., any size, 3 oz.

Catalog No.	Diam. of Lenses, In.	Magnifying Power, Times	Price
20N3375	½, ⅝ and ¾	7 to 30	$0.95
20N3376	⅝, ¾ and ⅞	4 to 20	1.05
20N3377	¾, ⅞ and 1	4 to 20	1.25

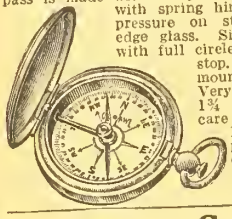
POCKET COMPASSES.

Aurapole Compass, $2.55.



No. 20N3794 Same as No. 20N3793, but equipped with high grade jewel mounted English bar needle. The English bar needle is more sensitive and more reliable than the blued steel needle. Diameter, 1¾ inches. Shipping weight, 4 ounces. Price $2.55

Gydawl Compass, $2.20.



No. 20N3793 This Watch Style Jeweled Compass is made with finely finished strong brass case with spring hinged cover, opened by pressure on stem. Heavily beveled edge glass. Silver finish metal dial with full circle divisions and sliding stop. High grade jewel mounted blued steel needle. Very sensitive. Diameter, 1¾ inches. With ordinary care this compass should last indefinitely and give perfect satisfaction under any condition. Shipping weight, 5 oz. Price $2.20

Reading Glasses and Burning Glasses.

READING GLASSES make it easy to read the smallest type and are very desirable when looking at pictures. They add greatly to the beauty of photographs, bringing out the details in a wonderful manner. They are also very convenient for examining any small object for which a magnifying glass is ordinarily used. The smaller sizes have the highest magnifying power, but with the large sizes a greater area can be seen at one time.

AS BURNING GLASSES these instruments are very powerful, readily setting fire to light materials like paper, shavings and dry leaves. The larger the glass the more powerful it is as a burning glass.

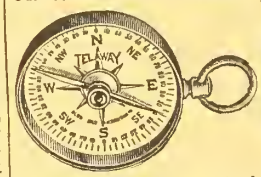
EXTRA QUALITY. We are handling only one grade of reading glasses this season, the best quality we can secure. They are finely made and beautifully finished throughout. The extra powerful lenses are ground from a high quality of colorless optical glass. The rims are extra strong and heavily nickel plated. The handles are of black ebony finish wood.

Cat. No.	Diameter	Shpg. Wt.	Price
20N3301	2 in.	5 oz.	$0.85
20N3302	2½ in.	7 oz.	.95
20N3303	3 in.	10 oz.	1.15
20N3304	4 in.	1 lb.	1.75
20N3305	5 in.	1⅜ lbs.	2.40

POCKET COMPASSES.

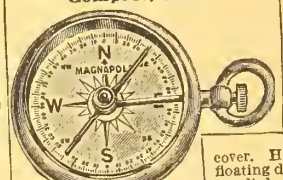
TELAWAY.

Our 65-Cent Special Compass.



No. 20N3790 This Watch Style Pocket Compass is made with finely finished black bronze case. Blued steel needle. Enameled card dial. Needle is jewel mounted. This is a compass of exceptional value. Diameter, ½ inch. Shipping wt., 3 ounces. Price 65c

Magnapole Watch Style Compass, $1.50.

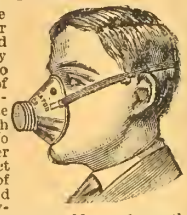


No. 20N3792 Same as No. 20N3791, but fitted with high grade jewel mounted English bar needle. Shipping weight, 4 oz. Price.$1.50

Acme Health Saving Lung Protecting Respirator.

No. 20N3202 No foundryman, thresherman, tobacco worker, miller or farmer should be without one of these respirators. Filters and cleans the air you breathe. Keeps dust, smoke and poisonous gases out of the throat and lungs. Light and comfortable in use, makes breathing no harder. Made of high grade white rubber. Complete with sponge and elastic band to hold it on. Shipping weight, 7 ounces. Price.....80c

Dust Protector, 95 Cents.



No. 20N3201 Against dust it is one of the greatest protectors ever made. For threshers, grain men, millers, farmers and everyone whose duties call him into dusty places. It is a protection to the lungs, to the general health and comfort. The use of this protector is one of the means of preventing consumption. It protects the nose and mouth from the intrusion of dust which is so injurious to the head and lungs. No miller, grain buyer, thresher or farmer should be without one. It affords perfect protection with perfect ventilation. Made of fine metal, handsomely nickel plated, bound with sheepskin chamois, adjustable to anyone by strong elastic band, practically indestructible and worth many times its cost as a safeguard to health. Each protector comes packed in a neat box with full instructions for use. Shipping weight, 5 ounces. Price 95c

Compound Microscopes.

No. 20N3397 This is an Imported Microscope, made in Paris and substantially constructed of brass throughout. It stands 6½ inches high when foeused and is provided with swinging mirror for the illumination of transparent objects. It is provided with single lens objective giving a magnifying power of 30 times. Packed in polished wood case, complete with brass tweezers, two plain glass slips and one prepared object. Price $3.80

No. 20N3398 Compound Microscope, same as No. 20N3397, but with double objective lens giving a magnifying power of 50 times. Price $4.30

No. 20N3399 Compound Microscope, same as No. 20N3397, but with triple objective lens giving a magnifying power of 70 times. Price $4.95

Shipping wt., any style compound microscope, 1 lb.

POCKET COMPASSES.

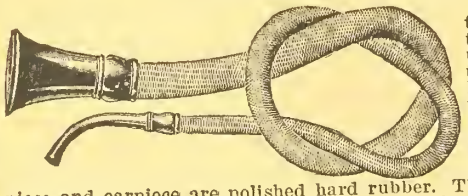
Leedawl Watch Style Compass, $1.05.

No. 20N3791 This Compass is made with non-magnetic nickel plated dustproof case, and high grade jewel mounted blued steel needle. Full circle divisions are engraved on a silver finish metal dial. The needle is regulated by turning screw stop at the top of case. Diameter, 1⅝a inches. Shipping wt., 4 oz. Price $1.05

No. 20N3795 An exceptionally fine compact compass, very convenient for carrying in pocket. Brass nickel plated dustproof case. Spring hinged cover. High grade jewel mounted floating dial. Full circle divisions on dial. No needle. The dial is jewel mounted and revolves so that "N" on the dial always points North. North and South points prepared with a radio active compound, enabling them to be seen at night. One of the neatest and most compact compasses on the market. Diameter, 1¾ inches. Shpg. wt., 4 oz. Price $3.00

Ceebynite Floating Dial Watch Style Compass, $3.00.

Conversation Tubes.



The conversation tube still remains the most widely used instrument for the aid of hearing. Extra high grade, with metallic spiral spring lining, insuring a free opening and complete flexibility. Mouthpiece and earpiece are polished hard rubber. The covering is black mohair or silk, as specified. The hard rubber earpiece or tip at the smaller end of the tube fits the ear closely. Forty inches in length over all, and tapered from one end to the other.

Medium Size Conversation Tubes.

Length, 40 inches. Diameter of mouthpiece, 2½ inches. Diameter of tube, ⅞ inch at the larger end, tapered to ½ inch at the smaller end. Weight, 8 ounces.

No. 20N3242 Medium Size Conversation Tube, black mohair covered. Shipping weight, 1 pound. Price.....$1.85

No. 20N3243 Medium Size Conversation Tube, black silk covered. Shipping weight, 1 pound. Price.....$2.10

NOTE—Our No. 20N3245 is the most popular size and style that we carry, the large diameter making it very effective and the silk covering giving it a handsome appearance.

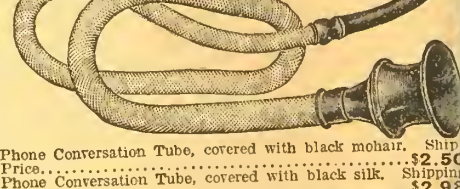
Large Conversation Tubes.

Length, 40 inches. Diameter of mouthpiece, 2⅜ inches. Diameter of tube at large end, 1 inch, tapering to ½ inch at the smaller end. Weight, 10½ ounces.

No. 20N3244 Large Conversation Tube, black mohair covered. Shipping weight, 1¼ pounds. Price.....$2.15

No. 20N3245 Large Conversation Tube, black silk covered. Shipping weight, 1¼ pounds. Price.....$2.50

Dr. Fossgate's Vibro-Phones, $2.50 and $2.98



An improved form of conversation tube with an internal diaphragm for dividing and intensifying the sound wave. Very finely made; spiral spring lining, hard rubber earpiece and special metallic mouthpiece finished in black enamel. Length over all, 40 inches. Diameter of mouthpiece, 2½ inches. Weight, 9 oz.

No. 20N3246 Vibro-Phone Conversation Tube, covered with black mohair. Shipping weight, 1¼ pounds. Price.....$2.50

No. 20N3247 Vibro-Phone Conversation Tube, covered with black silk. Shipping weight, 1¼ pounds. Price.....$2.98

London Hearing Horns, $1.55 and $1.65.

The London Horn is made throughout of metal and finished in dead black. The peculiar shape and special design is such that even sounds coming from a distance may be heard and understood. These instruments are small, and while in use may be concealed in the hand, making them particularly desirable for use in public places. It is one of the few hearing instruments with which one can hear public speaking, and is used a great deal in church, public meetings, concerts and theaters. The London Hearing Horn is particularly adapted to those who are only moderately deaf, but to those who are very deaf we recommend the conversation tubes.

No. 20N3265 London Hearing Horn, small size, black finish, 2½ inches high. Shipping weight, 6 oz. Price....$1.55

No. 20N3267 London Hearing Horn, large size, black finish, 4 inches high. Shipping weight, 8 ounces. Price..$1.65

No. 20N3886

No. 20N3889

No. 20N3883 Tycos Incubator Thermometer with folding brass legs. Mercury. Extra large bulb. White graduations on black oxidized plate. Very sensitive. Length, 4 inches. Shipping weight, 10 ounces. Price.....49c

No. 20N3884 Tycos Incubator Thermometer. Same quality as No. 20N3883, without legs. Same size and shape as No. 20N3886. Length, 4 inches. Shipping weight, 9 ounces. Price.....46c

No. 20N3886 Tycos Standard Incubator Thermometer, same style as No. 20N3884, but more accurate. Graduations engraved on tube. Certificate of accuracy with each one. Length, 4 inches. Shipping weight, 9 ounces. Price.....95c

No. 20N3891 Tycos Incubator Hygrometer. A wet bulb thermometer, graduated with humidity percentages. Shows exact humidity by direct reading and is scientifically correct. This instrument enables the user to maintain the proper degree of moisture in incubator with absolute accuracy. Shipping weight, 12 oz. Price, including one wick.....$1.10

No. 20N3894 Extra Silk Wicks for Incubator Hygrometer. Shipping wt., 1 oz. Price 10c

No. 20N3889 Brooder Thermometer. Upright pattern. Mercury. Large bulb. Black figures on white scale. Length, 4 inches. Shipping wt., 9 oz. Price..39c

Taylor Certified Fever Thermometers.

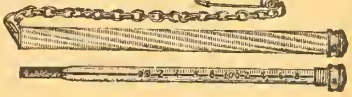
Maker's Certificate of Accuracy With Each One.

A fever thermometer to have any practical value must be accurate and thoroughly dependable. It must register quickly and exactly. It must be easily read. The mercury should shake down readily. These thermometers are certified by the makers and further guaranteed by us to be of this high quality.

No. 20N3895 Taylor Fever Thermometer. Magnifying tube. Length, 4 inches. Hard rubber case. Very accurate. Registers in two minutes. Price.....98c

No. 20N3896 Taylor Fever Thermometer. Same as No. 20N3895, but registers in one minute. Price $1.20

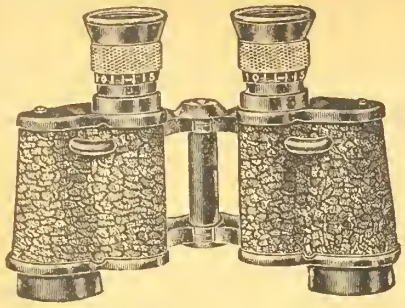
No. 20N3897 Taylor Fever Thermometer. Same as No. 20N3895, but registers in one-half minute. Price $1.30



No. 20N3899 Taylor Fever Thermometer. Same as No. 20N3895, but in twisted aluminum case with chain and clasp. Registers in two minutes. Price $1.00

Shipping weight, any fever thermometer, 10 ounces.

Military Stereo Binocular $57.00



In the past we have relied almost entirely upon European makers for binoculars, but the war has stopped the importation of these instruments and certain American manufacturers have therefore devoted their best efforts to producing high class binoculars.

This American made Military Stereo Binocular was designed especially for military use. It measures 4¾ inches high by 7 inches wide. The object glasses are 1¼ inches in diameter, the magnifying power is six diameters, the angle of vision is 8 degrees, which gives a field of view 450 feet across at a distance of 3,000 feet. The large lenses give it great light gathering power and the perfection of optical construction throughout insures sharp, even definition. It is exceptionally strong and rigid in construction, a very important consideration, as binoculars which are not very strong and rigid easily get out of order.

This instrument is made with individual focusing eyepieces, instead of the old style center focusing screw, thus conforming to army specifications. The old style center focusing type of glass necessitates a much more delicate and intricate mechanical design, which is always subject to accidental injury. The new, individual focusing eyepiece has entirely supplanted the center focusing type in all military establishments.

The magnifying power of six diameters is the most satisfactory power for all around purposes. Higher powers are sometimes desirable for special work, but the difficulty of holding a glass of higher power steady enough for satisfactory observation makes the six-power glass much more effective and satisfactory. Six-power glasses are in almost universal use for military work.

The mechanical construction, the optical qualities, the new individual focusing eyepieces and the magnifying power all unite to make this a most desirable instrument. Shipping weight, 3½ pounds.

No. 20N3845 Price, complete with leather case and shoulder strap..... **$57.00**

Post Card Projectors

These instruments are the latest improved form of the familiar post card projector, and is a most delightful entertainer for young and old alike. It throws on a screen, greatly enlarged, pictures of any kind, such as post cards, photographs, newspaper or magazine illustrations, your own drawings; or any small flat object, such as butterflies, pressed flowers, leaves, stamps or coins. All colors are brightly reproduced and every detail is clear and distinct. You can give regular entertainments for your friends with a Projector, play games with it, and educate the children as well as amuse them. Suggestions for its many uses go with each machine.

Scientifically Correct.

These Projectors are designed and built on absolutely scientific principles. The boxes are of metal, die formed, machine made, rigid and substantial. They are well ventilated. All seams are curled to avoid the use of solder.

The arrangement of lights and reflectors is such as to give the greatest possible amount of illumination. Highly polished reflectors concentrate every ray of light upon the object, whence it is reflected through powerful lenses. In every way the results are satisfactory.

The adjustable card holders, with which all but Model I are equipped, will take in objects up to 5¾ inches wide by 6 inches high. A slight turn of a milled knob on the back shifts the top and bottom guides.

Size of Picture.

The size of the picture thrown on the screen varies from 2 feet in diameter to 7 feet, according to the distance between the instrument and the screen. This may be regulated at will to suit conditions and the objects to be shown.

A Wonderful Entertainer for the Entire Family

Electric or Acetylene.

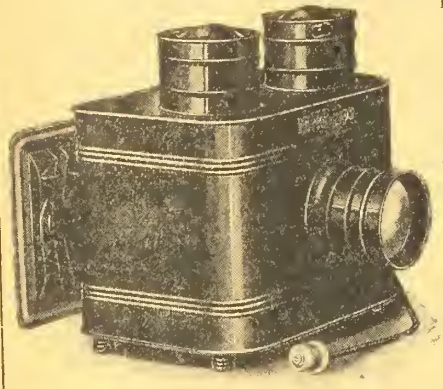
These Projectors are made to be used with electric light or with acetylene gas light. They are not convertible from electricity to gas, or the reverse. High candle power electric lamps are included with the electric models, to be used with any regular 105 to 115-volt lighting current. A reinforced insulated lamp cord and standard plug furnish the connection with any standard electric light socket. These lamps are standard type. New ones may be purchased, if necessary, from any dealer in electrical supplies. The acetylene machines are equipped with an improved generator and connecting hose, and fitted with acetylene burners of high candle power.

We recommend the electric machine wherever it is possible to use it, because it is more convenient than the gas. But the acetylene gives just as good a picture and it takes but a moment to prepare it for use. Insurance regulations prevent us from handling carbide, but this may be obtained at small cost from any dealer in automobile or bicycle accessories.

As a Gift.

A Projector will be highly appreciated and enjoyed as a gift for birthday or holiday occasion, because it pleases every member of the family; because it is novel and unusual; because it gives a new interest to thousands of things which ordinarily seem, perhaps, commonplace and uninteresting; because it is highly educational, not only for the youngsters, but for their elders as well.

Model IV Projector, $13.20



Length, 12 inches; width, 13 inches; height, 10 inches. Oxidized copper finish. Two direct draft top ventilators and bottom vents.

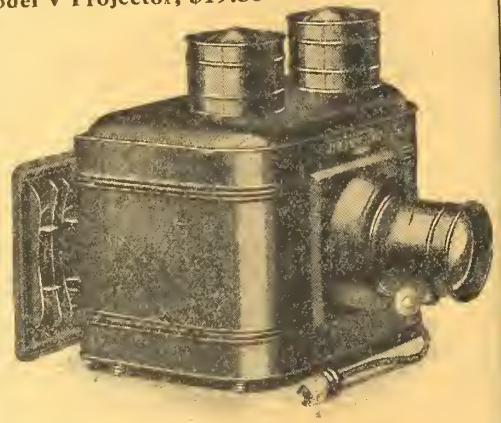
plano-convex lenses, 3½ inches in diameter, mounted in gunmetal plated adjustable tube.

Illumination: Electric, two high efficiency lamps, with cord and plug; acetylene, special generator and two high power burners. Two parabolic reflectors, brass, heavily nickel plated and polished, giving strong concentration of the light.

Two adjustable card holders are attached to self closing doors mounted on a double compartment, sliding carriage. While one subject is being shown another may be inserted without detaching the carriage from the instrument. Shipping weight, 12½ pounds.

No. 20N2866 For electricity, 105-115 volts. Price..... **$13.20**
No. 20N2867 For acetylene gas. Price..... **13.20**

Model V Projector, $19.50



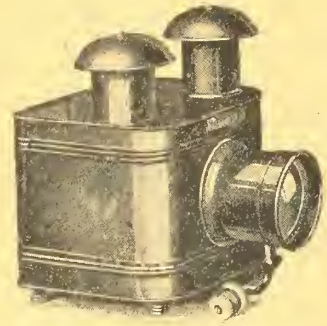
Length, 15 inches; width, 14 inches; height, 11 inches. Oxidized copper finish, neatly striped. Double top and sides, forming an air chamber all around, which provides ideal heat insulation. Double top ventilators, aided by bottom vents, draw off heat directly from lamps.

2 plano-convex lenses, 3½ inches in diameter, mounted in heavily nickel plated lens tube, fitted with rack and pinion for easy focusing.

Illumination: Electric, two high power incandescent lamps, with cord and separable plug; acetylene, special generator and two burners of high candle power. Two parabolic reflectors of brass, heavily nickel plated and polished, converging the light rays with great intensity.

Two adjustable card holders are attached to self closing doors mounted on a double compartment, sliding carriage. This permits one subject to be inserted while another is being shown. Shipping weight, 16 pounds.

No. 20N2868 For electricity, 105-115 volts. Price..... **$19.50**
No. 20N2869 For acetylene gas. Price..... **19.50**



Model I Projector, $4.00

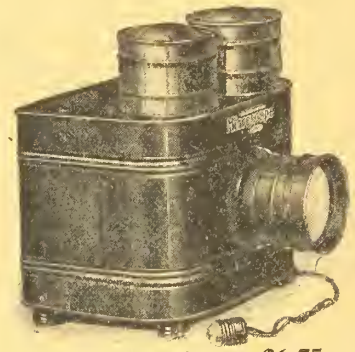
Length, 10½ inches; width, 10 inches; height, 8 inches. Matt black enamel finish. Two direct draft top ventilators and bottom vents.

Single plano-convex lens, 3¼ inches in diameter, mounted in matt black enamel adjustable tube.

Illumination: Electric, two carbon lamps, with cord and plug; acetylene, special generator and two burners. Two curved, polished metal reflectors.

Hinged door in back carries rigid card holder, 5½x5½ inches. Shipping weight, 5 pounds.

No. 20N2860 For electricity, 105-115 volts. Price..... **$4.00**
No. 20N2861 For acetylene gas. Price..... **4.00**



Model II Projector, $6.75

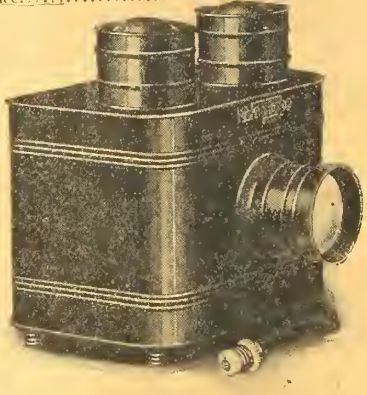
Length, 11½ inches; width, 11½ inches; height, 9 inches. Oxidized copper finish. Two direct draft top ventilators and bottom vents.

2 plano-convex lenses, 3¼ inches in diameter, mounted in gunmetal plated adjustable tube.

Illumination: Electric, two special incandescent lamps, with cord and plug; acetylene, special generator and two burners. Two parabolic reflectors, brass, nickel plated and buffed.

Self closing hinged door in back carries single adjustable card holder. Shipping weight, 8½ pounds.

No. 20N2862 For electricity, 105-115 volts. Price..... **$6.75**
No. 20N2863 For acetylene gas. Price..... **6.75**



Model III Projector, $9.80

Length, 12 inches; width, 13 inches; height, 10 inches. Oxidized copper finish. Two direct draft top ventilators and bottom vents.

2 plano-convex lenses, 3¼ inches in diameter, mounted in gunmetal plated adjustable tube.

Illumination: Electric, two high power lamps, with cord and plug; acetylene, special generator and two powerful burners. Two paraholic reflectors, brass, heavily nickel plated and buffed.

Self closing hinged door in back carries single adjustable card holder. Shipping weight, 10½ pounds.

No. 20N2864 For electricity, 105-115 volts. Price..... **$9.80**
No. 20N2865 For acetylene gas. Price..... **9.80**

WE GUARANTEE THE SAFE DELIVERY of Everything Shipped by Us.

Drafting Supplies

No. 20N4145 This instrument can be used as a rule, T square, triangle, square, protractor or compass. With it you can drew anything from an ordinary straight line to the perts of a machine or the plan of an entire factory. Full directions with each one. Mado of aluminum, 6⅜ inches long end 2⅝ inches wide. Light in weight, slips handily into the pockot. Invaluable for emergencies, practically taking the place of a full set of instruments. Shipping weight, 3 ounces.

The Ready Drafting Instrument.

Price 69c

Richardson's Direct Reading Slide Rule.

The Only Rule That Will Add and Subtract, as Well as Multiply and Divide.

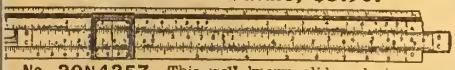
Richardson's Direct Reading Slide Rule is made with the sine, log end tangent scales all on one faee. It is constructed entirely of metal, no wood whetever being used, end ia therefore unaffected by moisture or atmospheric ehenges. The seeles are of aluminum with pure white celluloid faees, black lines and plain figures, very eesily road and will stand washing. It is provided with a square celluloid runner which permits unobstructed vision of the scales. Length, 11 inches; width, 1¾ inches. This slide rule is one of the most easily operated celculators ever mede. It helps to solve the most intricate mathematical problems. With it you can add, subtract, multiply or divide, solve proportions, extract square or eube roots and calculate interest or pereentage.

With eech of these rules is included Richardson's 64-pege book of instructions, "The Slide Rule Simplified." The book is a complete guide. It eontains over 100 illustretions end more than 100 actual settings of the seale.

No. 20N4252 Richardson's Direct Reading Slide Rule, with ordinary case. Shpg. wt., 11 oz. Prieo. **$3.00**

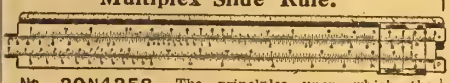
No. 20N4254 Richerdson's Direct Reading Slide Rule, with flexible genuine leather case. Shipping weight, 12 ounces. Price **$3.75**

Mannheim Slide Rule, $3.90.



No. 20N4257 Tbis well known slide rule is very aecurately made from mahogany, divisions on white ivorine, gloss indicator and improved automatic adjustment. It is epplicable to nearly all forms of calculation and is in very general use by engineers end professional men as well as students. 10 inches long. Shpg. wt., 10 oz. Price, in case, with complete instructions..... **$3.90**

Multiplex Slide Rule.



No. 20N4258 The prinelples upon whieh the Multiplex Rule is based are identieal to tbose underlying the aetion of the ordinary Mannheim Rule. It solves all problems possible with the Mannheim Rulo and further possesses the following advantages:

It multiplies tbree numbers in one setting. Divides one number by two numbers in one setting. Solves inverse proportion more eonveniently. Solves in a single setting a series of divisions having a constant dividend. Gives cubes and eube roots directly. Gives three-halves and two-thirds powers directly. Solves in a single setting many combined operations which require the shifting of the slide of a Mannheim rule.

Made from mahogany with divisions on white ivorine, glass frameless indicator, and improved automatic adjustment. 10 inches long. Shipping weight, 10 ounees.

Price with moroeco case and book of instructions..**$4.45**

Triangular Boxwood Scales.

No. 20N4275 Arehitects' Triangular Boxwood Scale, livided ³⁄₃₂, ⅛, ³⁄₁₆, ¼, ⅜, ½, ¾, 1, 1½, 3 inches to he foot, ⅛ inch. High grade seasoned boxwood, engine livided, U. S. standard, 12 inehes long. Price....**45c**

No. 20N4277 Arehitects' Triangular Boxwood Scale, same as No. 20N4275, but with white edges, 12 nehes long. Price..... **$1.80**

No. 20N4280 Engineers' Triangular Boxwood Scale, livided 10, 20, 30, 40, 50 and 60 parts to inch, bigh rade seasoned boxwood, engine divided, U. S. standard, 2 ineh es long. Price..... **45c**

No. 20N4282 Engineers' Triangular Boxwood Scale, ame as No. 20N4280, but with white edges, 12 inches ong. Price..... **$1.80**

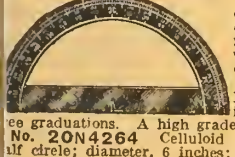
Shipping weigbt, any scale, 6 ounces.

India Ink.

No. 20N4390 Lion Head India Ink, first quality, lack. Shpg. wt., 1 oz.

Price, small size, 13c; large..... **19c**

Protractors.



Used for dividing circles into any number of equal parts and determining angles. Shipping weight, any protractor, 3 ounces.

No. 20N4261 Brass Protractor. Diameter, 3¾ inches; half circle; 1 degree graduations. A high grade instrument. Price..**21c**

No. 20N4264 Celluloid Protractor. Transparent alf circle; diameter, 6 inches; ½ degree graduations. Price **48c**

Irregular Curves.

No. 20N4370 Irregular Curve, accurately made of black Ambro end invaluable for drawing in irregular curves. Shpg. wt., 4 oz. Price..... **39c**

No. 20N4372 Irregular Curvo, same es No. 20N4370, but mede of transparent celluloid. Shipping weight, 4 ounees. Price..... **45c**

Wooden Triangle.

Developing, Printing and Enlarging

High Quality—Quick Delivery—Low Prices.

All you have to do is take your pictures. If you do not care to develop the negatives afterward, we'll do it for a very small charge. We will also make your prints and mount them, and will make splendid enlargements for you. This page tells you how to take all the work out of photography and leave only the fun.

It is necessary that money to cover the total cost of doing the work be sent at the time the negatives are sent. We cannot afford to carry open accounts. Sending us work without a remittance means only delay. We must simply lay your work aside until we have written for and received a remittance. It is our usual practice to ship negatives and prints within twenty-four hours after we receive the films.

Prices for Developing Roll Films

We pay return postage on all film negatives.

Prices for developing roll films are based entirely on the number of rolls sent at one time. They are the same for all sizes.

Price for One Roll	Price for Two Rolls	Price for Three Rolls	Price for Four Rolls	Price for Five Rolls	Price for Six Rolls
8c	14c	19c	23c	26c	28c

When more than six rolls are sent at one time, price per roll 4c

Prices for Developing Film Packs

We pay return postage on all film negatives.

The price for developing film packs, regardless of size, is, per pack.....25c

Prices for Prints and Post Cards

We pay postage or express charges on all prints and post cards.

We make all prints on developing (gaslight) paper and finish them in black and white, either glossy or velvet surface. Velvet prints have a very fine grained matte surface, rich in detail and pleasing in appearance. Glossy prints have a brilliant, highly polished surface. Unmounted prints are made with accurately trimmed white borders. Mounted prints are put on cards with handsomely embossed borders and mounted with dry mounting tissue so they lie perfectly flat.

Size	Velvet Prints		Glossy Prints	
	Unmounted Each	Mounted Each	Unmounted Each	Mounted Each

IMPORTANT

Send your money when you send your order.

Send money with your letter—not with the film.

Send enough to pay for all the work you want done. Read "How to Figure the Price," on this page.

Read carefully instructions for packing film or glass negatives, on this page.

Write your name and address in pencil on every roll of film.

Write your name and address in ink on the outside of the package.

Write us at the time you ship just what you want done.

Don't forget to write your name and address clearly on every roll of film and every package.

Don't enclose money with package. Send it with your letter. Sending it with the film may delay the work several days.

Don't send prints of any kind for enlargement. Send negatives only.

DON'T FORGET TO SEND MONEY WHEN YOU SEND THE ORDER.

How to Send Us Films or Negatives

Roll films sent to be developed should be packed in a pasteboard box, and the box securely wrapped with paper and tied with string. Do not send rolls of film in an envelope, as the sharp edges of the spool are almost sure to cut the envelope open in the mail.

Film negatives sent for prints or enlargements, should be packed **flat** between two pieces of stiff pasteboard, wrapped with paper and tied with string.

Glass negatives sent for prints or enlargements, should be packed face to face in the original box in which they came. The box of plates should be completely surrounded with good packing material, such as excelsior, and enclosed in a larger box to insure safe shipment.

Rolls of film or film negatives may be safely and economically sent by parcel post. We advise that glass negatives be sent by express, although small sizes can be sent quite safely by parcel post, if they are carefully packed.

State in your letter how many films, plates or negatives you are sending, with full instructions as to the work you wish us to do. On the outside of the package and also on the envelope which contains your instructions write "From," followed by your name and address.

Address the package as follows: SEARS, ROEBUCK AND CO., Photo Finishing Department, Chicago, Ill.

Send letter and money apart from package. Be sure to put name and address on the package and write them also in pencil on the black paper of each roll of film.

How to Figure the Price

Enclose with your letter of instructions sufficient money to pay the entire cost of developing the films or plates, and the entire cost of printing from every negative, figuring that all will be good. If you send glass negatives, include, in addition, a sufficient amount to pay the postage. It sometimes happens that part of the negatives are not good enough to print, and in such cases we make prints only from the good negatives and return whatever balance is due. For example: Suppose you send us two rolls of ten-exposure 3¼x5½ film and three rolls of six exposure film of the same size with instructions to develop the film and make one unmounted Velvet print from each good negative. The total amount you should send with your order would be as follows:

5 rolls developed	$0.26
38 unmounted Velvet prints, 3¼x5½, at 5 cents each	1.90
Total	$2.16

If we find that part of the negatives are not good enough to print, we will send you prints from the good negatives only and return the balance of your money.

Prices for Enlargements

We pay postage or express charges on all enlargements.

You can spend a great deal of money in a great many ways making your home more homelike, and more beautiful. But there are few things which give so great artistic value for so little money as well-made enlarged prints from photographic negatives. Many of them have almost as high artistic merit as etchings—at a small fraction of the cost.

If negatives are not sharp enough to make good enlargements of the size ordered, we will make them as large as the quality of the negative permits, charging only for the size made. The average negative, provided it is reasonably sharp, gives good results with an enlargement of four times; that is, for example, an enlargement 16x20 from 4x5 negative. Most negatives will stand even greater enlargement than four times if they are to be hung on a wall where they will be viewed from a short distance.

Black and white enlargements are very popular and cost considerably less than the sepia.

Sepia enlargements have a warm brown or chocolate tone, very pleasing for a great many subjects. Good sepia enlargements, however, can only be made from good strong negatives, and when sepias are ordered from negatives which we find will not give good sepias, we reserve the privilege of sending black and white enlargements instead, charging only the black and white price.

In ordering enlargements, send us original negatives only. Do not send prints of any kind for this purpose.

We make enlargements on gaslight papers only, because these papers yield snappier prints, with greater brilliancy and better detail, than can be secured with bromide paper. Unmounted enlargements are made with accurately trimmed white borders. Others are dry mounted on good grade and suitable mounts, with liberal margins. Both are shipped flat in calendar mailers.

Size of Enlargement	Black and White		Sepia	
	Unmounted, Each	Mounted, Each	Unmounted, Each	Mounted, Each
5x7 or smaller	22c	27c	29c	34c
6½x 8½	31c	38c	39c	46c
6 x10	35c	45c	43c	53c
8 x10	38c	50c	46c	59c
7 x12	42c	56c	50c	65c
8 x14	44c	60c	53c	69c

6x10, 7x12 and 8x14 are good sizes to make from 3¼x5½ negatives.

Size of Enlargement	Black and White		Sepia	
	Unmounted, Each	Mounted, Each	Unmounted, Each	Mounted, Each
10x12	$0.53	$0.72	$0.63	$0.81

Kewpie Kameras

Kewpie Is Our Own Trade Mark, Registered in U. S. Patent Office

Daylight Loading Roll Film Cameras

Five Sizes

$2.20 to $4.95

No. 3A Kewpie Kamera.

REAL CAMERAS—Reliable, Simple in Construction and Surprisingly Low in Price. That's what those who have bought and used them think of KEWPIE KAMERAS.

That a camera be reliable is perhaps the most important consideration—and you can always depend on a KEWPIE to get the picture. That is why it has been such a favorite with amateurs and the surprisingly large number of owners of high priced cameras who have also bought them.

It would be hard to find a camera more simple in construction. Everything essential to the making of good pictures is built right into the KEWPIE, and everything which is not absolutely essential has been left out. The shutter is automatic and always ready for use. It requires no "setting." KEWPIES need not be focused. They are "fixed focus" cameras. No adjustments whatever need be made. Just press the button and the picture is taken. Each lens is carefully fitted and adjusted to the camera in which it will be used. That accounts for the sharpness of detail found in KEWPIE pictures.

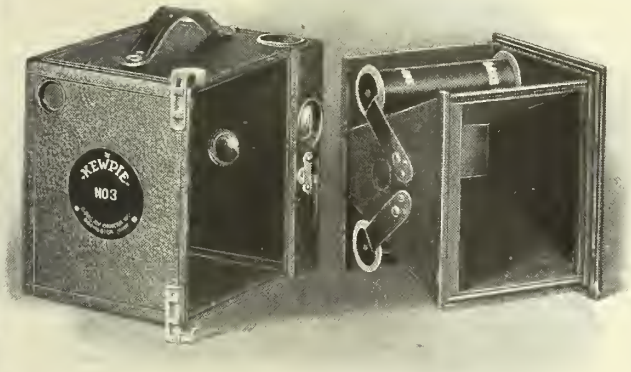
All KEWPIE KAMERAS are identical in general design and quality. They differ only in size.

Wonderfully Complete Equipment

Kewpie Kameras are fitted with fine single achromatic lenses, designed especially for them and manufactured in our own lens factory. They are provided with four diaphragm openings, or stops, by means of which the depth of focus may be regulated or exposures adapted to varying degrees of light. They are equipped with automatic rotary shutters, making both time and instantaneous exposures, very simple in construction, positive in action and easy to operate.

Kewpie Kameras, except the No. 2, are equipped with two brilliant finders, one for horizontal pictures and one for vertical pictures. The No. 2 also has two finders, but they are of the ground glass and mirror style.

Kewpie Kameras No. 3 and No. 3A are each provided with two tripod sockets, one for horizontal pictures and one for vertical pictures. The No. 2, No. 2A and No. 2C Kewpies have no tripod sockets, but time exposures may be made by resting the camera on any steady support.



Simple construction—easy to load and unload.

PRICES.

No. 2 Kewpie Kamera.
For 2¼x3¼ Pictures.
Size of camera, 3¼x4¼x5⅜ inches. Net weight, 14 ounces.
No. 20N120 Shipping weight, 2 pounds. Price.....$2.20
See page 939 for Complete Developing Outfit.
For film, see Nos. 20N2716 and 20N2717, page 941.

No. 2A Kewpie Kamera.
For 2½x4¼ Pictures.
Size of camera, 3½x5¼x5⅞ inches. Net weight, 18 ounces.
No. 20N122 Shipping weight, 2¼ pounds. Price.....$2.90
See page 939 for Complete Developing Outfit.
For film, see Nos. 20N2728, 20N2729, 20N2730 and 20N2731, page 941.

No. 2C Kewpie Kamera.
For 2⅞x4⅞ Pictures.
Size of camera, 3⅞x5 15/16x6 3/16 inches. Net weight, 23 ounces.
No. 20N123 Shipping weight, 3 pounds. Price.....$3.95
See page 939 for Complete Developing Outfit.
For film, see Nos. 20N2736, 20N2737, 20N2738 and 20N2739, page 941.

No. 3 Kewpie Kamera.
For 3¼x4¼ Pictures.
Size of camera, 4½x5¼x5⅞ inches. Net weight, 22 ounces.
No. 20N124 Shipping weight, 2¾ pounds. Price.....$3.80
See page 939 for Complete Developing Outfit.
For film, see Nos. 20N2760, 20N2761, 20N2762 and 20N2763, page 941.

No. 3A Kewpie Kamera.
For 3¼x5½ Pictures. Post Card Size.
Size of camera, 4¾x6½x6¾ inches. Net weight, 31 ounces.
No. 20N126 Shipping weight, 3 pounds. Price.....$4.95
See page 939 for Complete Developing Outfit.
For film, see Nos. 20N2776, 20N2777, 20N2778 and 20N2779, page 941.

Film for Kewpie Kameras may be bought anywhere. They use any kind—Vulcan, Eastman, Rexo, Ansco, Ensign and others. Vulcan and Eastman film are shown on page 941.

You Should Own a Camera Now If You Never Did Before

Exact size of picture made by any No. 2A Camera, 2½x4¼ inches.

DO YOU realize that never since the Civil War have photographs of *people* meant as much as they mean today? Think of the pictures of the boys going to France! To their families, their sweethearts and their friends, those pictures will be priceless: they will have a value impossible to estimate. And it is easy to understand that, to the boys in the trenches, few things are more highly appreciated and more carefully treasured than pictures of the folks and the friends back home.

Always, too, there are the home pleasures of photography. "I wouldn't take a thousand dollars for those old pictures!" Haven't you often heard an expression like this?

Your friend, perhaps, is showing you his collection—a prized record of the things he so happily remembers. He shows you pictures his Dad had taken of him and his schoolboy pals, and pictures taken during those wonderful vacation days on his Uncle's farm; pictures of the little girl next door whom he used to blushingly admit was "his girl"; and, best of all, those snapshots he himself had taken of Mother and Dad and the baby. The dates are on the back of each of them and the places where they were made.

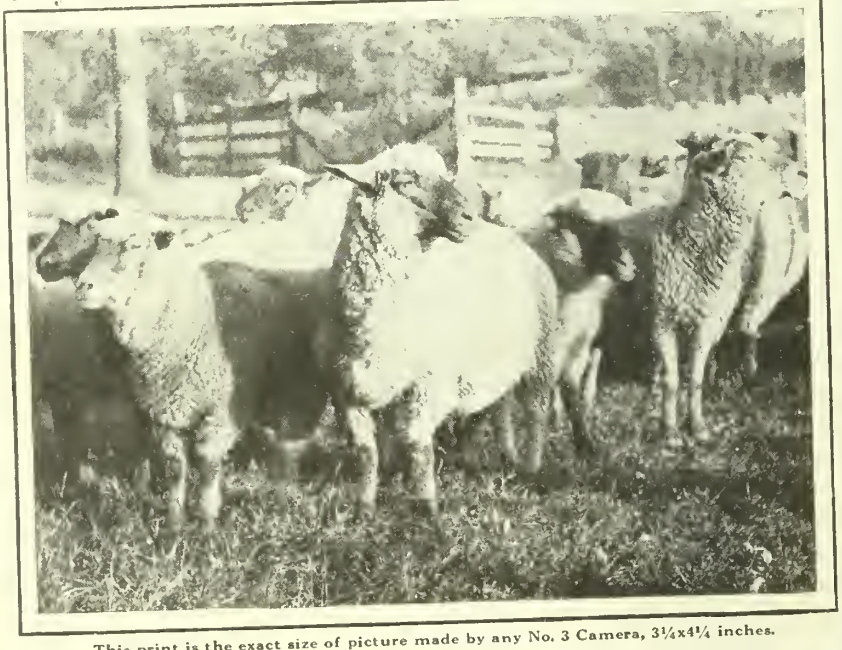
Then he tells you how things have changed since then—how his old time pals are now successful business men and farmers, how the little girl next door married someone else after all, and how his baby sister is now a young lady.

Pictures Money Could Not Replace

Do you wonder that he prizes this collection so highly? True, they may be not photographic masterpieces—some are a little blurred, perhaps, or out of plumb—but who cares? They're *his* pictures. He took them himself and they serve to remind him of the friends and the places of which he likes best to be reminded.

Have YOU such a record of your carefree younger days, days full to the brim with incidents you like to look back upon? Have you any record of your life and experiences —IN PICTURES? If you haven't, start one now. It's never too late to begin. And if your boy or your girl are now in the midst of those carefree days, it's exactly the time to start them. Every youngster likes to take pictures—and every youngster over seven can do it.

If you've never owned a camera, it is hard to appreciate what pleasure can be derived from the actual making of pictures—operating the camera, developing the negatives and making the prints. Every step



This print is the exact size of picture made by any No. 3 Camera, 3¼x4¼ inches.

Exact size of picture made by any No. 2 Camera, 2¼x3¼ inches.

of the game is interesting as can be, *and it's all so simple* because those who thoroughly understand photography have done everything possible to make picture making easy for the amateur. They have taken out all the hard work and left only the genuine fun for you. They have prepared simple formulæ and apparatus for you to use; done everything, in fact, to make photography easy and interesting.

The Golden Days for the Amateur

Before the modern camera and the sure and easy picture making methods were at the disposal of the amateur, the results were sometimes good, many times fair and very often poor. With slow lenses, poor equipment and old time methods of developing—for then it was hard to find anyone to do developing and printing—little more could be expected. But today there's not much uncertainty as to the results you are going to get after you have exposed a roll or pack of films or a plate in any up to date and thoroughly reliable camera. There will be little anxiety on your part as to "how they will come out." The finished pictures will be good for the most part, providing, of course, you followed the few simple directions prepared for you. No matter how limited your experience, you can make good pictures nowadays. With only a little practice you'll be able to get some surprisingly good effects. And here's the beauty of it all—you can do it at *small expense.*

Possibly you, like many others, do not care to do your own developing and printing. You just want to take the pictures and get the finished prints without the bother and inconvenience of doing the work yourself. Sears, Roebuck and Co. maintain a special department to do just this work for you (you'll find it all explained on page 932) and the prices are surprisingly low.

A Camera Is No Longer a Luxury

Cameras and photographic supplies are no longer to be considered luxuries. The manufacturers have succeeded in bringing their prices down within the reach of almost everyone, and on the following pages of this catalog, and on page 933, you will find cameras of unusually high quality.

You can pay as much or as little as you please for your outfit. The Kewpie Kameras, shown on page 933, wonderfully compact and dependable, may be had for as little as $2.20. Or, you can pay as much more as you choose for cameras with special adjustments, better lenses and wider ranges of work.

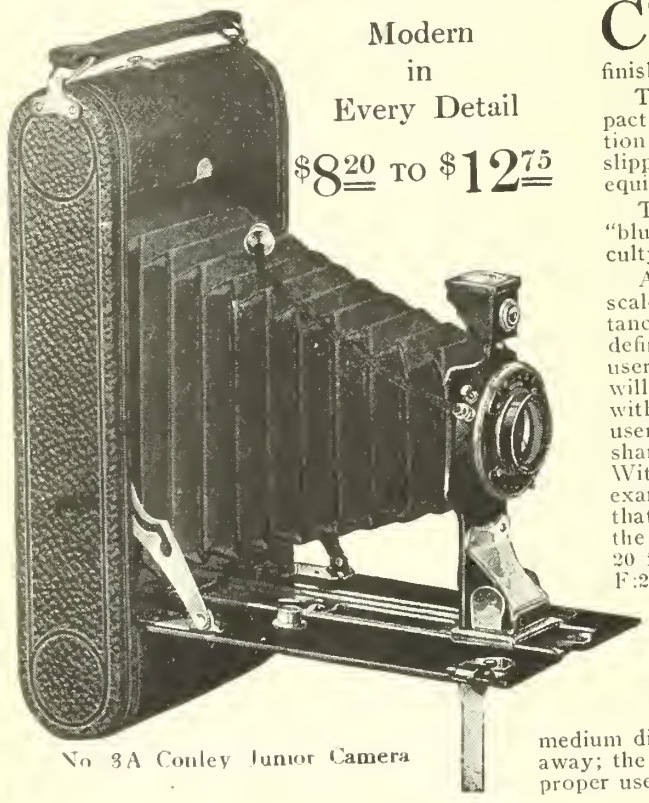
And remember this—this IS important. Every article we are offering here MUST satisfy you perfectly. If it doesn't, simply send it back to us and we'll return the money you sent us, including all transportation charges.

This print is the exact size of picture made by any No. 3A Camera, 3¼x5½ inches—post card size.

Conley Junior Film Cameras

Modern
in
Every Detail

$8.20 to $12.75



No. 3A Conley Junior Camera

CONLEY Junior Roll Film Cameras—there are four of them, made in the sizes that are most popular with amateur photographers—are daylight loading, moderately priced, beautiful in finish and design and thoroughly practical and efficient.

The smaller sizes of the Conley Junior line are marvels of compactness. The illustration below of our No. 2 Model is a reproduction from an actual photograph and shows how easily they can be slipped into one's coat pocket. Yet they are all so complete in their equipment as to meet every essential requirement.

Taking pictures that are wholly or in part out of focus, or "blurred," is one of the common faults of the amateur. This difficulty is overcome when you use a Conley Junior.

An exclusive feature of these cameras is our depth of field focus scale, which shows at a glance both the maximum and minimum distances at which objects are in focus. The ordinary focus scale shows definitely only one distance at which objects are in focus, and the user must guess as to whether objects at greater or less distances will also be sharp. As an illustration, let us take any 3¼x4¼ camera with an ordinary focus scale. With the pointer set at 10 feet, the user knows that objects 10 feet away will be in focus, but as to the sharpness of objects at greater or less distances, he can only guess. With our depth of focus scale, again taking the 3¼x4¼ camera as an example, and setting the pointer at 10 feet, the user sees at a glance that with the largest stop, F:8, all objects between 7 and 13 feet from the camera are also in focus; with F:11 stop, objects from 7 feet to 20 feet; with the F:16 stop, objects from 6 to 30 feet; and with the F:22 stop, objects from 5 feet to 100 feet and beyond are all sharp. In the same manner, both near and far distances for any point on the focus scale and for any stop are shown at a glance.

This depth of field focus scale is furnished with the Nos. 2A, 3 and 3A cameras. The No. 2, the 2¼x3¼ camera, is made with only three graduations. The first, for distant objects, includes everything at 25 feet and beyond; the next, for objects at a medium distance, makes everything perfectly sharp between 10 and 25 feet away; the third is for near objects, between 5 and 10 feet away. With the proper use of this scale, the user need never have a picture out of focus.

Modern in Every Detail

The Conley Junior Cameras are made chiefly from aluminum, the sides being reinforced with ebony finish hardwood. All wearing parts are of hard brass or steel. The bellows is "Insted" Leather, a new and wonderfully durable substitute for genuine leather, lined with lightproof gossamer cloth. They are provided with brilliant reversible view finders, two tripod sockets, rigid all metal lens standard and folding leg.

Another exclusive feature of the Conley Junior Cameras is the concealed spool holding arrangement. There are no external parts, except the winding key, which folds down almost flush. Both spool holders are carried by the removable back, entirely free from the camera body when the back is removed. Tension springs keep the film under a slight tension, perfectly flat, exactly in the focus plane at all times. This insures sharpness over the entire negative.

Conley Junior Cameras are all equipped with Extra Rapid Rectilinear Lenses, designed expressly for these cameras and made in our own lens factory. They work at F:8 (U. S. 4), which makes them just four times as fast as single achromatic lenses, and twice the speed of the F:11 rapid rectilinear lenses usually furnished with moderate priced cameras. Each has the Victo Shutter, a very efficient instrument, making time and bulb exposures of any desired length, and automatic instantaneous exposures of 1/10, 1/25, 1/50 and 1/100 of a second.

No. 2 Conley Junior Camera. For 2¼x3¼ Pictures.

Size of camera, closed, 1½x3½x6⅞ inches. Net weight, 1⅛ pounds.

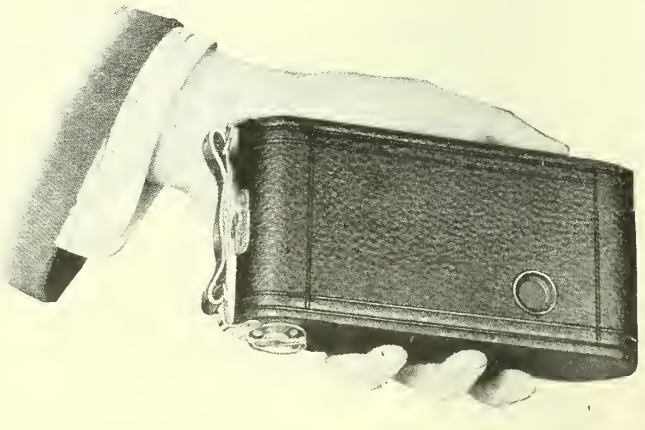
Size of camera, closed, 1¾x4½x8¼ inches. Net weight, 1⅝ pounds.
No. 20N225 With F:8 Rapid Rectilinear Lens and Victo Shutter. Shipping weight, 3¾ pounds $11.60
No. 20N232 Keratol Carrying Case with shoulder strap. Shipping weight, 1½ pounds 1.55
For film, see Nos. 20N2752, 20N2753, 20N2754 and 20N2755, page 941.

No. 3A Conley Junior Camera. For 3¼x5½ Picture Post Card Size.

Size of camera, closed, 1⅞x4⅝x9¾ inches. Net weight, 2 pounds 3 ounces.
No. 20N227 With F:8 Rapid Rectilinear Lens and Victo Shutter. Shipping weight, 4¾ pounds $12.75
No. 20N233 Keratol Carrying Case with shoulder strap. Shipping weight, 1⅝ pounds 1.65
For film, see Nos. 20N2768, 20N2769, 20N2770 and 20N2771, page 941.

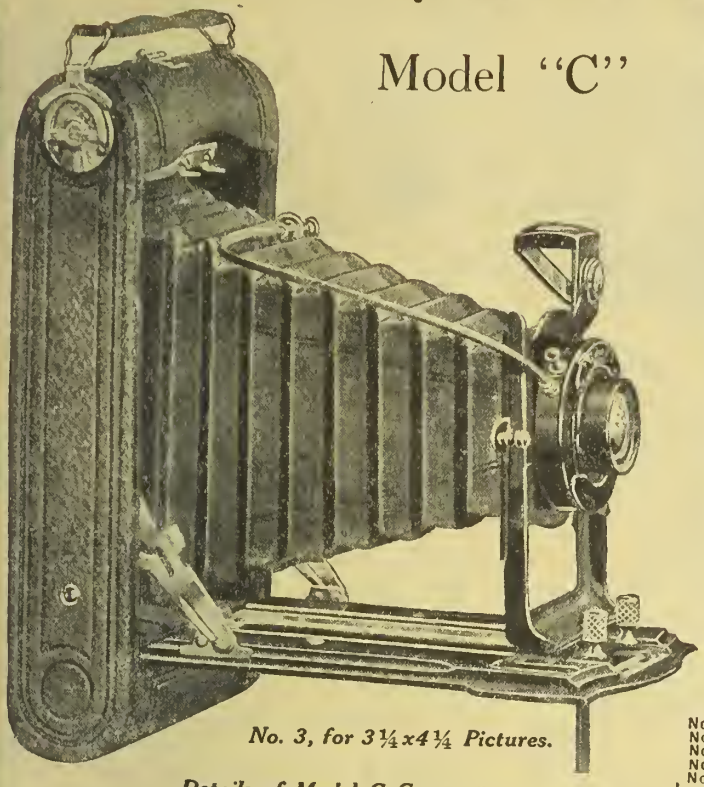
Film for Conley Junior Cameras may be bought anywhere. They use any kind—Vulcan, Eastman, Rexo, Ansco, Ensign and others. Both Vulcan and Eastman film are listed on page 941.



Model No. 2. Can Easily Be Slipped Into a Coat Pocket.

Conley Roll Film Cameras

Model "C"



No. 3, for 3¼x4¼ Pictures.

MODEL C Conley Roll Film Cameras are beautifully made in every detail, handsomely finished in black enamel, with nickel plated trimmings. Graceful in appearance, compact and handy and wonderfully simple in operation. They are cameras of which anyone may be justly proud. There are no complicated parts to confuse the owner. And simplicity in operation always means a greater percentage of good pictures, especially for the amateur.

These cameras are made in the two sizes that appeal most strongly to amateurs. The 3¼x4¼-inch pictures are just the right size for pasting in albums, yet are large enough to bring out lots of detail. The 3¼x5½-inch picture always has been a favorite, since negatives of this size are just right for printing on post cards.

The remarkably low prices quoted for these cameras with Luxar and Citar Anastigmat Lenses establish new standards of camera values. The advantages of anastigmat lenses have long been appreciated by every camera user, but heretofore the high prices asked for such lenses have prevented many from taking advantage of their superiority. See page 938 for their descriptions. The extra Rapid Rectilinear lenses furnished are four times as fast as single-achromatic lenses and twice as fast as F:11 rapid rectilinear lenses, which are usually furnished with moderate priced cameras.

The focusing device is unusually convenient in operation. When the front is drawn out it automatically stops and locks in focus for a general view. If nearby objects are to be photographed, a slight pressure of the release spring permits the front to be further extended and again automatically locked for any desired distance.

The film holding device makes these cameras easy to load or unload, and the absence of any catches, pins or other parts on the outside of the camera prevents mischief by meddlers. Ingeniously designed pressure springs in the film chambers and in the camera back keep the film under a slight tension, perfectly flat and exactly in the focal plane. This insures perfect focus and sharp detail.

The very rigid and accurate construction of the lense standard insures perfect alignment of the lens and film. This is very essential in order to utilize to the fullest extent the special advantage of fast anastigmat lenses.

Details of Model C Cameras.

Size of No. 3 camera, closed, 1¾x4⅝x8¼ inches; weight, 1 pound 15 ounces. Size of No. 3A camera, closed, 1⅞x4¾x9¼ inches; weight, 2 pounds 9 ounces. Combination aluminum and ebony finished wood body, covered with genuine leather. Very rigid U shape metal standard. Rising and falling front with side shift. Large reversible brilliant finder. Fine black enamel finish throughout with nickel plated trimmings. Automatic focus stop at infinity. Very accurate focus scale, locking automatically at each graduation. Black "Insted" Leather (a new and wonderfully durable substitute for genuine leather) bellows with lightproof gossamer lining. Two tripod sockets. Improved film holding device, very easy to load or unload.

You take the Pictures; We'll Do the Work. See page 932.

Model "E"

THIS attractive Model E Conley is very similar to the Model C shown above, but it is made with a longer bellows extension. This makes it especially suitable for making portraits of satisfactory size without employing any auxiliary or supplementary lens—a feature not found in many film cameras.

It possesses all the advantages of the Model C and with its special fitness for portrait work it is really the ideal camera for general all around photography.

The size, 2½x4¼ inches, is one of the most popular now in use. Used horizontally, it is very pleasing for landscapes; used vertically, the proportions are fine for full figure portraits.

Details of Model E Cameras.

Size closed, 1¾x3⅞x8¼ inches; weight, 30 ounces. Aluminum body, sides reinforced with ebony finished hardwood. U shape metal standard. Rising and falling front. Brilliant reversible finder. Black enamel finish throughout, with nickel plated trimmings. Automatic focus stop at infinity. Special focus scale locking at each graduation, with graduations marked for 2½, 3, 4, 5, 6, 8, 10, 15, 25 and 100 feet. Black "Insted" Leather (a new and wonderfully durable substitute for genuine leather) bellows. Genuine seal grain leather covering. Two tripod sockets. Concealed film holding device with no projecting parts.

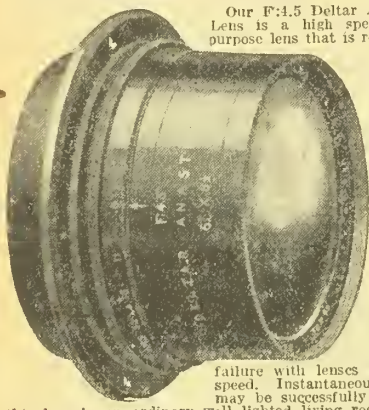
For 2½x4¼ Pictures.

Lenses and Shutters

F:4.5 Deltar Anastigmat Lens.



Our F:4.5 Deltar Anastigmat Lens is a high speed general purpose lens that is recommended for portrait work, high speed instantaneous work and general all around photography. When used at full aperture, its extreme rapidity permits exposures under conditions which would result in complete failure with lenses of ordinary speed. Instantaneous exposures may be successfully made with this lens in an ordinary well lighted living room, making it an ideal instrument for home portraiture and for professional work in the studio. Lenses of this type are rapidly displacing older portrait lenses of the Petzval type. Because of the absolutely perfect correction and shorter focal length, this lens may be used wide open for bust portraits or small groups and in depth of focus and marginal definition excels any other portrait lens made.

Speed is the distinguishing feature of this lens. When used at full aperture, it is just six times as fast as a lens working at F:11, more than three times as fast as a lens working at F:8, about two and a third times as fast as an F:6.8 lens, and practically twice as fast as an F:6.3 lens. Stopped down to F:6.3 it is practically equivalent to our Citar Lens; or if stopped to F:7.7, it is equivalent to our Luxar Lens. This lens will do anything that the Luxar or Citar Lenses will do and, in addition, has twice the speed of the Citar and more than three times the speed of the Luxar.

F:6.3 Citar Anastigmat Lens.

Our F:6.3 Citar Anastigmat Lens is noted for its wonderful definition. Pictures made with this lens are perfectly sharp all over from center to extreme corners. Enlargements made from Citar negatives preserve a degree of sharpness which makes them comparable to contact prints. The F:6.3 Citar Anastigmat Lens possesses all the good qualities of the F:7.7 Luxar Anastigmat Lens, including needle sharp definition to the extreme corners of the picture, a perfectly flat field, full correction for astigmatism, and it is faster. Speed in a lens, especially if used with a hand camera, is a very desirable quality and the F:6.3 Citar Anastigmat Lens is fully 60 per cent faster than the lenses ordinarily furnished with hand cameras, enabling the user to make shorter exposures where desirable and insuring fully timed negatives on dull days where underexposure would be almost certain with a slower lens. For home portrait work, the Citar Lens is remarkably efficient, permitting short exposures indoors where the ordinary rectilinear lens would fail. Snapshots in cloudy weather or late in the day, where the ordinary lens is useless, are successfully made with the Citar Anastigmat Lens.

No. 20N1123 STATE SIZE WANTED.

Lens No.	Plate Covered at F:6.3	Equivalent Focus, Inches	Price With Auto Shutter	Price With Acme Shutter	Shpg. Wt.
1	3¼ x 4¼	5	$21.40	$29.60	15 oz.
2	4 x 5	6	23.75	31.80	1 lb.

6	8 x10	12½	55.45	70.60	2½ lbs.

F:7.7 Luxar Anastigmat Lens

Our F:7.7 Luxar is a high grade anastigmat lens. It is made, rigidly tested and inspected in our own lens factory and sold with the guarantee that it is not surpassed in optical qualities by any anastigmat lens on the market.

The pictures produced with this lens are brilliant and sharp all over. Negatives made with it will stand almost unlimited enlargement, and there is nothing like an enlargement to show up the defining power of a lens. It is not necessary to use a small stop with the Luxar Lens to secure definition over the entire plate.

The Luxar Lens is so fully corrected for astigmatism that it is possible to secure with full opening a sharp image over the entire picture of both vertical and horizontal lines, which cannot be done with any rectilinear lens. This quality makes the Luxar especially valuable for architectural subjects, because it brings out sharply both the vertical and horizontal lines of brick, stone or woodwork over the entire plate. This can be accomplished with rectilinear lenses only by employing a very small stop and giving a time exposure. For copying maps, plans, or pictures the same size as the original, the Luxar will cover a plate double the size for which it is listed if slightly stopped down. Copies so made are absolutely sharp clear to the corners and perfectly free from distortion.

No. 20N1115 STATE SIZE WANTED.

Lens No.	Plate Covered at F:7.7	Equivalent Focus	Price With Auto Shutter	Price With Acme Shutter	Shpg. Wt.
1	3¼ x 4¼	5 in.	$12.60	$17.35	14 oz.

The Victo Shutter.

The Victo Shutter makes time and bulb exposures of any desired length and automatically controlled exposures of ¼₀, ½₅, ½₀ and ¼₀₀ of a second. It is provided with wire push release and may also be operated by finger release. Mechanism is entirely enclosed in a dustproof aluminum case. Made with five shutter leaves, which give a star shaped opening the same as our higher priced shutters. Equipped with iris diaphragm.

The Auto Shutter.

The Auto Shutter is a self-setting shutter, automatically resetting itself after each exposure so that it is always ready for use. It makes time exposures, bulb exposures and automatically controlled exposures of ¼₀₀, ½₀, ½₅, ½, ½ and 1 second. It is equipped with latest wire push release and may also be operated by finger release. The mechanism is enclosed in a dustproof aluminum case in which the lever has been replaced by push button. It is equipped with iris diaphragm.

The Acme Shutter.

The Acme is a high speed shutter of great efficiency. The shutter leaves form a star shaped opening, thus admitting the greatest volume of light in the least possible time. It must be set before each exposure. It makes time exposures of any desired length—the first pressure opening the shutter, the second one closing it—or bulb exposures, in which the shutter remains open as long as the pressure is maintained. It makes automatically controlled exposures of ½₀₀, ¼₀₀, ½₀₀, ½₀, ½₅, ½, ½ and 1 second. It is provided with iris diaphragm, wire push release, and the entire instrument is very handsomely finished in black enamel.

The Wollensak Studio Shutter.

We furnish this shutter only with our Conley Portrait Lenses and with the 8x10 size of the Deltar Anastigmat Lens. It is the only between-the-lens shutter made in a size large enough to accommodate the 8x10 Deltar. While designed especially for studio use, it is also suitable for any other purpose where the required exposure is not less than ⅕ of a second. It is made with ten shutter leaves, which form an iris diaphragm and, as exposures are made with the leaves opening and closing at the center, thereby diaphragming, a greater depth of focus is obtained than is possible with most shutters.

Ray Filters.

No. 20N1140 A Ray Filter absorbs the violet and ultra-violet rays of light and produces a picture in which the color values are correct. Clouds in a photograph improve the artistic value of the picture wonderfully. You can get them with a ray filter. Landscapes photographed with the ray filter possess a brilliancy and contrast which it is impossible to obtain otherwise. In the photographing of flowers, paintings or any brightly colored subjects, the ray filter is practically indispensable. When used with orthochromatic plates these filters increase exposure three times.

All nickel plated except No. 1. Shipping weight, 3 oz.

No. 0. Suitable for use with small cameras having lenses ⅞ inch or less in diameter.
Price 38c

No. 1. Adjustable for any ordinary lens with an outside diameter of 1 to 1¼ inches. Mounted in brass, with black enamel finish.
Price 38c

Auxiliary Enlarging and Copying Lenses, 38 Cents.

No. 20N1155 Used in connection with the regular lens of any folding camera for copying and enlarging, enabling one to copy other pictures or photograph small articles to their full size or even larger. Shipping weight, 3 ounces.

No. 1. Adjustable for any ordinary lens with outside diameter of ¾ inch to 1¼ inches. Mounted in brass with black enameled finish.
Price 38c

Auxiliary Lens Sets. $2.90

Six Lenses in Leather Case.

No. 20N1163 This set of Auxiliary Lenses consists of one copying lens, one portrait lens, one telephoto lens, one wide angle lens, one ray filter, and one duplicator, put up in a genuine leather, silk and plush lined case. The lenses are adjustable to fit any ordinary folding camera with outside diameter of lens ¾ inch to 1¼ inches. Shipping weight, 15 ounces.
Price for set, complete with case.....$2.90

Duplicators.

No. 20N1148 A device enabling one to photograph a person in two positions on the same plate. Very humorous and interesting pictures can be made in this way. Can be used with folding camera, but not with box cameras. Cannot be used on Models 1V or V Conley cameras or other cameras fitted with single achromatic lenses. Shipping weights, 2 oz.

No. 0. Suitable for use with small cameras having lenses ⅞ inch or less in diameter. Price, each...20c

No. 1. Suitable for any ordinary lens with outside diameter of ¾ inch to 1¼ inches. Price, each....25c

Portrait Lenses, 38 Cents.

No. 20N1158 Used in connection with the regular lens of any folding camera. Enables anyone to make portraits in which the faces are large and distinct. Shipping weight, 3 oz.

No. 0. Suitable for use with small cameras having lenses ⅞ inch or less in diameter.
Price 38c

No. 1. Suitable for any ordinary lens with outside diameter of ¾ inch to 1¼ inches. Mounted in brass with black enameled finish.
Price 38c

Auxiliary Wide Angle Lenses, 38 Cents.

No. 20N1159 Used in connection with the regular lens of any folding camera, will increase the angle of view. Useful for interior work, etc. Adjustable to fit any ordinary lens with outside diameter of ¾ inch to 1¼ inches. Mounted in brass with black enamel finish. Shipping weight, 3 ounces.
Price 38c

Auxiliary Telephoto Lenses, 38 Cents.

No. 20N1160 Useful in photographing distant objects where the size of image is not large enough with the regular lens alone. Mounted in brass with black enamel finish. Adjustable for any ordinary lens with outside diameter of ¾ inch to 1¼ inches. Shipping weight, 3 ounces.
Price 38c

Eastman and Vulcan Roll Film

Non-curling, Non-halation, Orthochromatic—Fit All Roll Film Cameras

When ordering film, look carefully for the name of your camera. If in doubt as to which style you require, measure the length of the empty spool in your camera. Spool lengths are stated for each style.

As a further guide to the style you require, note the maker's number, as stated under the description of each kind. You will find this number both on the roll itself and on the carton in which it comes.

These two well known makes of roll film, Vulcan and Eastman N. C., are eaeh put up in daylight loading cartridges in all standard sizes to fit any roll film camera. Vulcan Film is wrapped in black paper and Eastman N. C. Film is wrapped in paper which is red on the outside and black on the inside. Both makes are non-curling. Both makes are orthochromatic, and therefore produce negatives in which the wide range of colors in nature is clearly differentiated. Both makes are entirely free from halation. Both makes are extremely rapid, giving fully timed negatives even with high speed shutters or under adverse conditions.

Both Vulcan Film and Eastman N. C. Film may be used in Autographic Kodaks and Brownies, but no record or title can be made on the film at the time of exposure.

FOR 1½x2 PICTURES.

Length of spool, 1¾ inches. Makers' numbers: Vulcan, 204; Eastman, 102. Fits the: Old Style $5.00 Pocket Kodak

No. 20N2700 Vulcan. 12-exp. roll. 22c
No. 20N2701 Eastman, 12-exp. roll. 22c
Shipping weight, 1½ ounces.

FOR 1⅝x2½ PICTURES.

Length of spool, 2 inches. Makors' numbers: Vulcan, 242; Eastmen, 121. Fits the following cameras:

No. 0 Folding Pocket Kodak

Shipping weight, 4 ounces.

Eastman Autographic Film

This film is designed for use in Autographic Kodaks and Autographic Brownies. The film itself is just the same as the regular Eastman N. C. Film, but there is a change in the way it is spooled. A thin red paper is used, and between it and the film is a strip of black displacing tissue which permits the recording of writing on the film (if an Autographic Camera is used) at the time the exposure is made. Bear in mind that the autographic feature can be made use of only when this film is used in an Autographic Camera. The record can be made on the film only when the two are used together—that is, Autographic Film in an Autographic Camera.

For 1⅝x2½ Pictures.

Fits Vest Pocket Autographic Kodaks. Eastman's number A127.

20N2820 8-exp. roll... 18c
Shipping weight, 1½ oz.

For 2¼x3¼ Pictures.

Fits No. 1 Autographic Kodaks or No. 2 Folding Autographic Brownie. Eastman's number A120.

20N2823 6-exp. roll... 18c
Shipping weight, 2 oz.

For 2½x4¼ Pictures.

Fits No. 1A Autographic Kodaks or No. 2A Folding Autographic Brownie. Eastman's number A116.

20N2826 6-exp. roll... 23c
20N2827 12-exp. roll... 44c
Shipping weights; 6-exposure roll, 2½ ounces; 12-exposure roll, 3 ounces.

For 2⅞x4⅞ Pictures.

Fits No. 2C Autographic Kodaks or No. 2C Folding Autographic Brownie. Eastman's number A130.

20N2830 6-exp. roll... 32c
20N2831 10-exp. roll... 54c
Shipping weights; 6-exposure roll, 3 ounces; 10-exposure roll, 3½ ounces.

For 3¼x4¼ Pictures.

Fits No. 3 Autographic Kodaks. Eastman's number A118.

Darko Developing Papers and Post Cards

A Grade for Every Negative

Darko Papers and Post Cards are usually printed by artificial light, and developed and fixed with chemicals very much as a negative is. They are divided into three distinct grades or classes, according to the character of the emulsion or sensitized coating. These are known as Red Label or Contrast emulsion, Green Label or Medium emulsion and Blue Label or Soft emulsion. The Contrast is for use with soft or flat negatives; the Medium with average negatives; and the Soft with very hard or contrasty negatives.

Each grade of Darko Paper is furnished in three surfaces—Glossy, Velvet and Matte. The Green Label paper is also supplied in Rough and India tint finishes (see note below). Double weight stock is supplied in certain surfaces (see listings below). While the character of the surface has some influence upon the amount of contrast in the finished print, the difference is very slight and may, as a rule, be ignored. The question of surface is almost entirely one of personal taste. We particularly recommend the Velvet surface for most work.

The Glossy surface, as the name implies, is very smooth and has a high polish, the same as gelatin printing-out papers. Prints should be burnished or squeegeed to bring out the full degree of glossiness. The Velvet surface is a very fine grained Matte. It is of a velvety texture, midway between the Glossy and the Matte surfaces, having a slight gloss. The Matte surface is slightly rough—a perfectly dead surface without gloss. The picture to a slight extent, seems to sink into the paper. The Rough surface is similar to the Matte surface, but of much coarser grain, and produces very artistic effects, both for portraits and landscapes.

Red Label Papers.

Contrast Emulsion for Soft Negatives.
Order by Catalog Number.

Red Label Darko Papers are suited to soft or flat negatives. They will make good prints from negatives which are flat on account of over-exposure and under-development. They are suited to negatives in which there is a graduai and easy blending of lights and shadows, technically known as soft negatives. They will make extra strong and contrasty prints from normal or hard negatives.

No. 20N1601 Glossy surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1602 Velvet surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1604 Matte surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1608 Velvet surface. Double weight stock. For prices see Price List No. 2.

Blue Label Papers.

Soft Emulsion for Contrasty Negatives.
Order by Catalog Number.

Blue Label Darko Papers are suited to very hard or contrasty negatives. Underexposed plates which have been forced in development to bring out as much detail as possible are usually harsh and contrasty, and give the best results with this grade of paper. Cloud effects and landscape negatives made with ray filters usually require this grade, and it is especially suited to portraits.

No. 20N1623 Glossy surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1624 Velvet surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1626 Matte surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1629 Velvet surface. Double weight stock. For prices see Price List No. 2.

Price List No. 1.

For Regular or Extra Weight Darko Papers.

Always mention catalog number and state size wanted.

These prices apply to Darko Papers Nos. 20N1601, 20N1602, 20N1604, 20N1612, 20N1613, 20N1615, 20N1616, 20N1623, 20N1624 and 20N1626.

Shipping weight, per dozen, 2 ounces to 10 ounces; per half gross, 6 ounces to 2⅛ pounds, according to size.

Size	Price, per Dozen	Price, per Half Gross	Price, per Gross
2¼ x 3¼	7c	$0.40	$0.78
2½ x 4¼	8c	.46	.89
3½ x 3½	8c	.46	.90
3¼ x 4¼	9c	.52	1.01

5 x 7	17c	.99	1.92
6½ x 8½	29c	1.69	3.28
8 x10	42c	2.44	4.73

Darko Papers and Post Cards are put up only in packages of one dozen and packages of one-half gross. Less than one-half gross is sold only at the dozen rate.

Price List No. 2.

For Double Weight Darko Papers.

Always mention catalog number and state size wanted.

The prices in this list apply only to Darko Papers Nos. 20N1608, 20N1617, 20N1618, 20N1619, 20N1621 and 20N1629.

Shipping weight, papers, per dozen, 2 ounces to 1 pound; per half gross, 8 ounces to 3⅜ pounds, according to size.

Size	Price, per Dozen	Price, per Half Gross	Price, per Gross
2¼ x 3¼	8c	$0.44	$0.86
2½ x 4¼	9c	.51	.98
3½ x 3½	9c	.51	.99
3¼ x 4¼	10c	.57	1.11
2⅞ x 4⅞	10c	.57	1.11
4 x 5	11c	.64	1.24
3¼ x 5½	11c	.64	1.24
4 x 6	13c	.75	1.46
4¼ x 6½	16c	.95	1.86
5 x 7	19c	1.09	2.11
6½ x 8½	32c	1.86	3.61
8 x10	46c	2.68	5.20

Double weight papers are coated on stock of the same thickness as post cards. We recommend them in all cases where prints are to be left unmounted.

Green Label Papers.

Medium Emulsion for Normal Negatives.
Order by Catalog Number.

Green Label Darko Papers are suited to negatives of medium or average strength in which there is just the proper or normal degree of contrast between the lights and shadows. Negatives which have been correctly exposed and correctly developed usually yield the best prints when this grade is used.

No. 20N1612 Glossy surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1613 Velvet surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1615 Matte surface. Regular weight stock. For prices see Price List No. 1.

No. 20N1616 Rough surface. Extra weight stock. For prices see Price List No. 1.

No. 20N1617 India Tint. (See note below.) For prices see Price List No. 2.

No. 20N1618 Glossy surface. Double weight stock. For prices see Price List No. 2.

No. 20N1619 Velvet surface. Double weight stock. For prices see Price List No. 2.

No. 20N1621 Matte surface. Double weight stock. For prices see Price List No. 2.

NOTE—India Tint Darko, No. 20N1617, is coated upon a special extra heavy velvet surface stock of soft India color, so the high lights in the picture are of a delicate sepia or cream color. The paper is handled just the same as the other grades of Darko, and the India tint of the paper in contrast with the rich blacks of the picture gives an effect that is unique and exceedingly artistic. Unusually pleasing effects are obtained by using the Darko Sepia Toner with this paper, as the delicate cream tint of the paper harmonizes beautifully with the warm sepia tones, imparting to the picture the soft delicacy of an old etching.

Red Label Post Cards.

Contrast Emulsion for Soft Negatives.
Order by catalog number.

No. 20N1631 Glossy surface.
No. 20N1632 Velvet surface.

Argo Enlarging Paper.

A New Paper.

This is just the paper to use with the Brownie Enlarging Camera. It is a chloride paper of the same general class as Darko and other developing papers, but much faster. On account of its speed it must be handled in a deep orange or ruby light to prevent fogging.

Prints made on this paper look entirely different from the ordinary bromide enlargements. They possess a snap and brilliancy which is usually found only in contact prints.

Argo Enlarging Paper is made in one degree of contrast, suitable for normal negatives. We furnish it in Semi-Matte surface, single and double weight, and in a Rough Matte surface, buff, for sepia prints.

Catalog No.	Surface	Size	Shpg. Wt., per Dozen	Price, per Dozen

BE SURE TO STATE SIZE.

Azuro Blue Print Paper.

Blue Print Paper affords the simplest process known for producing a photograph print, as it requires no chemicals of any kind. It is simply printed by sunlight in the ordinary manner and then washed in clear water which completes the process of making a finished blue print photograph. The prints are a brilliant blue and white color, and the extreme simplicity, low cost and beautiful results make this paper well worthy of the popularity it has always possessed. Azuro Blue Print Paper is an unusually high grade paper, coated on the very best quality of imported stock, and the prints possess a brilliancy, depth and clearness that proves the excellency of the paper.

This paper is put up in hermetically sealed tin cans, twenty-four sheets to a can.

No. 20N1755 Azuro Blue Print Paper.

Size	Shpg. Wt.	Per Can	Size	Shpg. Wt.	Per Can
3½x3½	3 oz.	18c	5 x 7	5 oz.	38c

3¼x5½	3 oz.	24c			

No chemicals of any kind are required in using this paper.

Azuro Blue Print Post Cards.

No. 20N1749 Blue Print Post Cards afford a very economical and simple method of making souvenir post cards from your own negatives. They are printed by sunlight and finished by washing in water, just the same as any other style of blue paper. No chemicals of any kind are required. Put up in hermetically sealed tin cans, each can containing twenty-four cards. Shipping weight, 6½ ounces.

Price, per can..... 29c

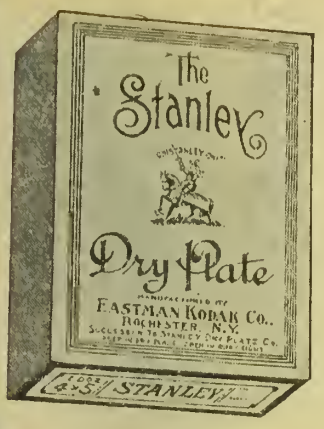
Dry Plates—Film Packs



Stanley Regular Dry Plates

Stanley Dry Plates meet the requirements for general all around photography. They are extremely rapid, ranking in speed with such well known brands as Seed No. 27, Hammer Special Extra Fast, Standard Extra, or Cramer Crown. They possess to a marked extent certain desirable qualities which are usually absent in plates of excessive speed and yet they are fast enough for obtaining the best results when photographing average subjects. They yield crisp, clean, snappy negatives of excellent printing quality. We recommend them highly for landscapes, architectural subjects, general instantaneous work, portraits in the studio or in the home, groups, and for general commercial work. They have been on the market for many years and need no introduction to professional photographers, as they have been successfully used in studios throughout the country for a long time.

No. 20N1778 Stanley Regular Plates.

Size, Inches	Average Net Weight, One Dozen	Average Shipping Wt., One Dozen	Price, per Dozen	Size, Inches	Average Net Weight, One Dozen	Average Shipping Wt., One Dozen	Price, per Dozen

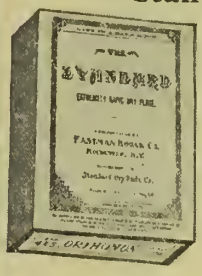
Standard Orthonon Plates

Double Coated Orthochromatic.



No. 20N1783 These plates combine the advantages of nonhalation plates and color sensitive plates. They possess the same sensitiveness to colors which distinguishes the ordinary orthochromatic plate and, being double coated, they are entirely free from halation. We recommend these plates for any and all photographic work—indoors or outdoors—time exposures or instantaneous exposures. For color correction, the use of a ray filter with these plates is recommended. Net weights and shipping weights same as Stanley Regular plates.

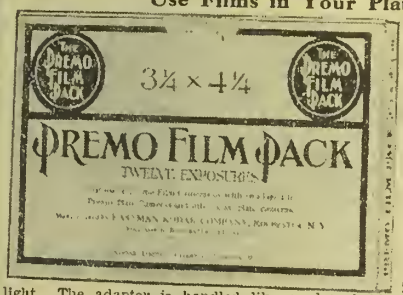
Premo Film Packs

Use Films in Your Plate Camera.



By the use of a film pack and film pack adapter you can instantly convert any plate camera, up to the 5x7 size, into a daylight loading film camera. Instead of two exposures with a plate holder, a film pack adapter occupying no more space gives you twelve exposures without reloading the camera. Film Pack Adapters make possible the use of film while retaining the plate camera's advantage of accurate focusing on the ground glass. The Premo Film Pack is a light, compact package containing twelve pieces of film. It is light tight and may be loaded into a film pack adapter (see page 941) or removed from it, after exposure, in broad daylight. The adapter is handled like a plate holder. Each film is placed ready for exposure by pulling out a black paper tip at the top of the pack.

Any number of the films may be exposed and removed without exposing the remainder.

Premo Film Packs also fit the Seneca Filmettes, Premo Juniors, Premoettes, Film Premos and other film pack cameras without an adapter.

No.	Size	Shipping Weight Each	Price, Each	No.	Size	Shipping Weight Each	Price, Each

Watkins' Bee Exposure Meter, $1.50.

Indicates by the use of sensitized paper, the correct exposure under any conditions of light with any braud of plates. Nickel plated, with glass face. Reliable, compact and durable. Diameter, 1¾ inches. Sensitized paper discs for 500 exposure tests included with meter. Shipping weight, either style, 4 ounces.

No. 20N781 Watkins' Bee Meter, with F. system dial.
Price .....

No. 20N782 Watkins' Bee Meter, with U. S. system dial.
Price $1.50

Order the style with dial to correspond with the system by which your lens diaphragms are marked.

No. 20N783 Extra Sensitized Discs for Bee Meter. Six discs in a package, sufficient for 500 exposure tests. Shipping weight, 2 ounces.
Price, per package.....24c

Get in the Picture Yourself.

Automatic Shutter Tripper.

No. 20N795 A device to automatically release the shutter, permitting the operator to focus the camera on a group or scene and then get into the picture himself. Adjustable to operate in from a few seconds to more than a minute. Fits any flexible wire release. Cannot be used with shutters working with bulb release. Practically indestructible. Attached or detached in a second. Length, 3½ inches. Shipping weight, 5 oz.

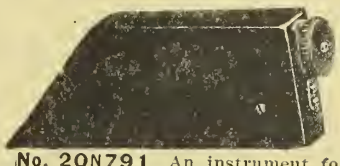
Price, in soft leather case.....85c

Camera Level, 28 Cents.

No. 20N870 Made of brass, finely finished and accurately adjusted. Attaches to the bed of the camera, enabling the operator to quickly and easily place the camera perfectly level. Shipping weight, 2 ounces. Price.....28c

Rexo Telegauge

Insures Sharp Pictures.

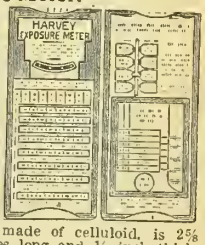


No. 20N791 An instrument for quickly and accurately measuring distances. Simple and easy to use. Made almost entirely of metal, handsomely finished. Probably more failures are due to out of focus pictures than to all other causes put together. The Telegauge makes an out of focus picture impossible. It is small, 1½x4¼ inches, and light, net weight, 4 ounces. Enclosed in a durable keratol cloth case, with snap clasp. Shipping weight, 5 oz.

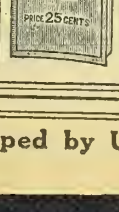
Price, complete.....$2.50

Harvey Exposure Meter.

No. 20N779 This meter furnishes a simple, practical exposure guide for all subjects, under all conditions of light, for all cameras. For out of doors subjects the exposure is determined by two slides, one set opposite the town or country in which the subject is located, the other opposite the film or plate employed, while the length of exposure for the stop and subject is read direct from the back of the meter. It also gives exposure tables for interiors, interior portraits, night pictures, and shutter speeds for stopping motion. Full directions accompany each meter. It is well made of celluloid, is 2⅝ inches wide, 6¼ inches long and ⅛ inch thick. Shipping weight, 2 ounces.



Price $1.15



American Photography Exposure Tables.

No. 20N775 A vest pocket book of tables giving the correct exposure at any hour of the day, and any day of the year, with any braud of plates, or any speed of lens. Simple and absolutely correct.

Price (Postage extra, 1 cent).....15c

Shipping weight, per package, 2 ounces.

No. 20N1425 Ono each oval, circle, rectangle and round corner rectangle masks, the balance a variety of ornamental designs. All sizes shown above. State size.
Price, per package, any size.....18c

Brownie Enlarging Cameras.

This is a simple piece of apparatus used for making enlargements from small negatives.

The process is as easy as making a contact print from the negative. In one end of the box is placed the negative and in the other the enlarging paper. The exposure is made and the enlargement printed. The paper is developed and printed in the same way as a contact print.

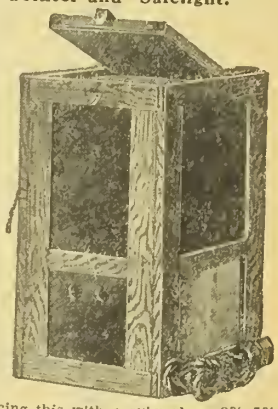
Either plates or films may be used and they may be for the size listed or smaller.

No. 20N540 Brownie Enlarging camera, making 5x7 enlargements from 2¼x3¼ negatives. Shipping weight, 3 lbs.
Price.....$2.55

No. 20N541 Brownie Enlarging Camera, making 6½x8½ enlargements from 3¼x4¼ negatives. Shipping weight, 4 lbs.
Price.....$3.40

No. 20N542 Brownie Enlarging Camera, making 8x10 enlargements from 4x5 negatives. Shipping weight, 5 pounds. Price.....$3.85

Electric Printer and Safelight.



Makes printing certain, as exposures are under accurate control. Made of wood with ventilated metal panels. Prints from films or glass negatives of any size up to and including 5x7. A hinged door operated from outside the box divides box into two compartments. Socket for electric lamp is in lower compartment. Exposure is made by raising and lowering the door. There is a safelight by which the operator can see to place the paper on the negative. A yellow window in the side forms a safelight by which to develop prints. Replacing this with a ruby glass, 3¾x5¾ inches, the printer becomes a darkroom lamp.

No. 20N1423 Electric Printer and Safelight, complete with 6 feet of cord, plug and socket without lamp. Shipping weight, about 5½ lbs. Price.....$3.40

Negative Racks.

No. 20N1367 A well made rack for all negatives 8x10 inches and smaller. Holds 24 negatives. Shipping weight, 1¼ pounds.
Price.....25c

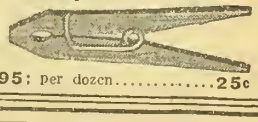
Wood Clip.

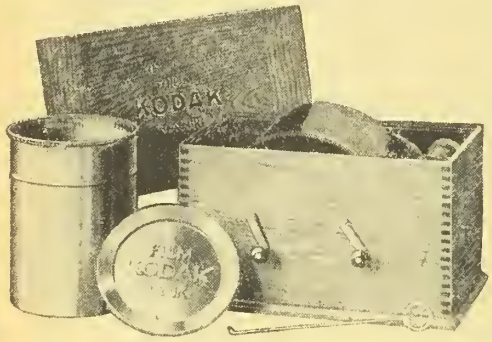


No. 20N1308 For hanging up film or prints, and for other purposes. Shpg. wt., per dozen, 7 oz.
Price, per gross, $2.95; per dozen.....25c

Accessories and Supplies

KODAK FILM TANKS.

For Automatic Daylight Development of Roll Film.



The development of roll film by an amateur is made a simple proposition by the use of the Kodak Film Tank. It automatically develops a roll of film just as well as it could be developed by the most experienced photographer. If directions are followed, any boy or girl can get exactly as good results as an expert photographer can by any other method. The darkroom is eliminated entirely. Every operation is performed in broad daylight.

The Kodak Film Tank with the exception of No. 20N1313, which has no cover, consists of a winding box, a lightproof apron and a nickel plated brass solution cup with cover. The film is placed upon a reel in the winding box. The cover is placed on the box and the film wound around an axis in combination with the apron, then lowered into the cup of developer and left to develop for twenty minutes. It is then ready for fixing.

No. 20N1313 Brownie Kodak Film Tank. For use with No. 1 and No. 2 Folding Pocket Brownie, No. 2 Scout, No. 2 Kewpie, No. 2 Folding Kewpie, or any film camera making pictures 2¼x3¼ or smaller. Shipping wt., 2¾ lbs. Price..**$2.40**

No. 20N1314 Vest Pocket Kodak Film Tank. For use with Vest Pocket Kodak. Shipping weight, 2 pounds. Price.....**$2.40**

No. 20N1315 2½-Inch Kodak Film Tank. For use with any Kodak or roll film camera having a film width of 2½ inches or less. It is suitable for any camera making pictures 2½x4¼ or smaller. Shipping weight, 5 pounds. Price.....**$3.50**

No. 20N1316 3½-Inch Kodak Film Tank. For use with all Kodaks, Brownies, Kewpies or other cameras using film 3½ inches wide or less. This is the size for all 3½x3½, 3¼x4¼ and 3¼x5½ cameras. Shpg. wt., 5½ lbs. Price.**$4.80**

No. 20N1317 5-Inch Kodak Film Tank. For use with all Kodaks or other film cameras using film 5 inches or less in width. This is the size for all 4x5 cameras. Shipping weight, 6 pounds. Price.....**$5.70**

No. 20N1318 7-Inch Kodak Film Tank. For use with No. 5 Cartridge Kodak or any camera using film 7 inches wide or less. Shpg. wt., 7½ lbs. Price.....**$7.00**

Developing Powders for Use With Kodak Film Tanks.

No. 20N1319 Tank Developing Powders for Tank No. 20N1313. Put up in packages of six powders. Each powder makes just sufficient developer to fill the tank. Shipping weight, 3 ounces. Price, per package.....**13c**

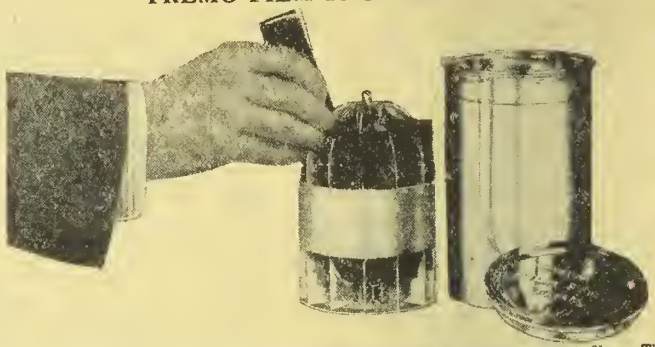
No. 20N1320 Tank Developing Powders. Same as No. 20N1319 but for Tank No. 20N1314. Shipping weight, 3 ounces. Price, per package.....**13c**

No. 20N1321 Tank Developing Powders. Same as No. 20N1319 but larger size, for 2½-inch and 3½-inch Tanks Nos. 20N1315 and 20N1316. Shipping weight, 4 ounces. Price, per package.....**18c**

No. 20N1323 Tank Developing Powders. Same as No. 20N1319 but larger size, for 5-inch Tank No. 20N1317 and 7-inch Tank No. 20N1318. Shipping weight, 5 ounces. Price, per package.....**22c**

See page 947 for acid hypo.

PREMO FILM PACK TANKS.



Designed for developing Premo Film Pack films and any ordinary cut film. The frame which holds the films is divided into twelve compartments, except the 5x7 size, which has six. One film, slightly bowed, is slipped into each compartment. The tank being filled with developer, the receiver is slipped down into the solution and the lid put on. No further attention is necessary, save to invert the tank several times. Made of brass, heavily nickel plated and highly polished. Not affected by chemicals. Should give service for years.

No. 20N1500 For twelve 1¾x2¾ or 2¼x3¼ films. Shipping weight, 4 pounds. Price.....**$1.30**

No. 20N1501 For twelve 2½x4¼, 3¼x4¼ or 3x5¼ films. Shipping weight, 6 pounds. Price.....**$3.50**

No. 20N1502 For six 5x7 films. Shipping wt., 5 lbs. Price.....**3.95**

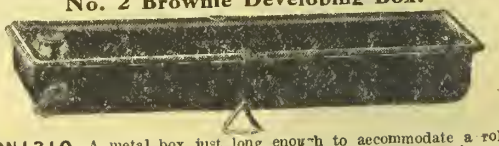
Developing Powders for Use With Premo Film Tanks.

No. 20N1512 Premo Tank Developing Powders for Tank No. 20N1500. Put up in packages of six powders. Each powder makes just sufficient developer to fill the tank. Shipping weight, 4 ounces. Price, per package.....**18c**

No. 20N1513 Premo Tank Developing Powders. Same as No. 20N1512, but for Tank No. 20N1501. Shipping weight, 5 ounces. Price, per package.....**22c**

No. 20N1514 Premo Tank Developing Powders. Same as No. 20N1512, but for Tank No. 20N1502. Shipping weight, 6 ounces. Price, per package.....**30c**

No. 2 Brownie Developing Box.



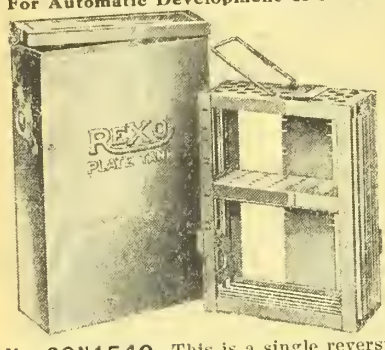
No. 20N1310 A metal box just long enough to accommodate a roll of No. 1 or No. 2 Brownie Film in one loop. The roll of film is inserted in the spool carrier. By means of winding shaft the film is unrolled and exposed to the action of the developer. The developer is poured into the box and the cover put in place. All these operations performed in daylight. Suitable for use with No. 1 or No. 2 Brownie, No. 2 Kewpie, No. 2 Conley Junior Folding, or any other film camera making pictures 2¼x2¼ or 2¼x3¼. Shipping weight, 2 pounds. Price.....**$1.35**

No. 20N1311 Developing Box Powders. Six powders to a package; each powder makes just sufficient developer for the Brownie Box. Shipping weight, 5 ounces. Price, per package.....**13c**

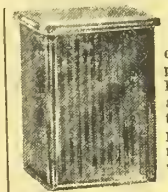
See page 947 for acid hypo.

Reversible Brass Developing Tank.

For Automatic Development of Plates.



No. 20N1540 This is a single reversible tank equipped with a new adjustable plate rack which accommodates plates 4x5, 3¼x5½, 3¼x4¼, 3½x3½, and 1⅝x2½ inches. All operations except the loading of the plates into the tank are performed in daylight. The rack is stamped on the spring wall with the various sizes of plates which it accommodates, making its adjustments extremely simple. It holds six to twelve plates, which can be readily loaded or unloaded without scratching. The light tight cover permits reversing the tank as often as desired, thereby preventing air bells or uneven development. On lowering the plates into the solution the time is noted and the plates are removed at the expiration of the development period, whether 10, 15 or 20 minutes, according to the development formula in use. When developed, the plates are rinsed before removing from the tank, after which they are fixed in daylight. Full instructions and formulae accompany each tank. Made of brass heavily nickel plated inside and out, rendering it proof against the action of the developing and fixing chemicals. Shipping weight, 2½ pounds. Price.....**$3.85**



Glass Fixing Box.

No. 20N1260 Heavy amber color glass with cover of the same protecting solution from dust and lessening evaporation. Easily cleaned and not affected by chemicals. Holds twelve 3¼x4¼, 3¼x5½ or 3¼x4 plates; or ten 4x5 plates. One of the most useful boxes we list. Shipping weight, 5 pounds.

Price **$1.00**

Metal Fixing Boxes.

These boxes are made of metal, coated with a black preparation which makes them impervious to the action of hypo. Their use prevents spots and stains which frequently occur when using a flat tray for fixing. Capacity, six plates.

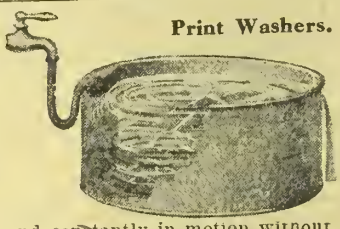
Print Washers.



These print washers are so constructed that the prints are kept thoroughly separated and constantly in motion without any attention whatever. The rubber hose is simply attached to the faucet and the water turned on.

No.	Diam.	For Prints	Shpg. Wt., Lbs.	Price
20N1360	9 in.	4 x 5 or smaller	3	$1.25
20N1362	12 in.	5 x7 or smaller	4¾	1.75
20N1363	16 in.	6½x 8½ or smaller	8	3.00
20N1364	20 in.	8 x10 or smaller	17	4.25

Rubber hose not included at above prices. See No. 20N1356 below for rubber hose.

Wash Boxes for Glass Negatives.

The water, entering these boxes through the inlet tube, is carried to the bottom, thus circulating throughout the box, and insuring uniform washing. Negatives can be thoroughly washed in fifteen minutes with this box.

Catalog No.	For Plates	Shpg. Wt., Lbs.	Price

Photographic Preparations and Chemicals

Red Seal Developing Powders for Plates and Films

We furnish, under the Red Seal brand, a line of developing powders for plates or films which are of exceptional quality. These powders are put up in tightly sealed tubes, each tube containing sufficient chemicals in the form of dry powders to make 5 ounces of liquid developer. Only the purest chemicals are used in compounding these powders, and we recommend them as very satisfactory in results, very simple and convenient to use, and economical. **Each package contains six tubes, making altogether 30 ounces of developer.**

Red Seal Hydro-Metol Developing Powders, 22 Cents.

Contrast Formula for Plates or Films.

No. 20N1951 Hydro-Metol Developing Powders. Compounded from a special formula which yields negatives of great brilliancy and a marked degree of contrast. Shipping wt., 5 oz.

Price, per package (6 tubes).....22c

NOTE—Metol sometimes has an irritating or poisonous effect on the skin of some individuals, and those who are susceptible to it should select a developer which does not contain metol.

Red Seal Hydro-Metol Developing Powders, 22 Cents.

Soft Formula for Plates or Films.

No. 20N1953 Hydro-Metol Developing Powders. Compounded from a modified formula that yields soft negatives with abundant detail. We particularly recommend these powders for plates which are to be printed on developing papers, as soft negatives yield better results, as a rule, with developing papers than negatives of great contrast. Shipping weight, 5 oz.

Price, per package (6 tubes).....22c

Red Seal Pyro Developing Powders, 21 Cents.

For Developing Plates or Films.

No. 20N1949 Pyro is absolutely the best developer for plates or films. These powders are put up under a special formula that has been found by experience to yield the very best results for either tray development or tank development. For tray development the contents of each tube are dissolved in 14 ounces of water and, if used at 65 degrees, development is complete in six minutes. For tank use each tube is dissolved in 28 ounces of water, which forms a twenty-minute developer at 65 degrees. Some workers object to pyro because of its tendency to stain the hands, but so far as results are concerned we believe pyro is the best developer that can be used. Shpg. wt., 6 oz.

Price, per package (6 tubes).....21c

Red Seal Darko Sepia Toner, 35 Cents.

No. 20N1948 This preparation is put up in the same style as the Darko Developing Powders, six hermetically sealed tubes in a box. With this toner prints on any of the various styles or grades of Darko may be toned to a beautiful light brown or sepia color. Its use is very simple and the results are pleasing and artistic. Prints to be toned are first developed in the regular way, the toning consisting an additional operation. Shipping weight, 5 ounces. Per box of six tubes.....35c

Toning and Fixing Powder for Printing-Out Papers, 17 Cents.

No. 20N1964 When dissolved in water this powder forms a complete toning and fixing solution for Du Voll'e or any other printing-out paper. It gives a variety of beautiful tones, varying from a warm sepia to a dark brown. It also forms a very simple and easy means of toning and fixing prints, as no skill whatever is required in its use. This is by far the best preparation of its kind in dry form that we have ever seen. Put up in packages which make 36 ounces of solution. Shipping weight, 7 ounces. Price, per package.....17c

Polish for Squeegee Plates.

No. 20N1920 This is a dry preparation for polishing ferrotype or squeegee plates to prevent the prints from sticking. Shipping weight, 2 ounces.

Price, per box.....12c

Litmus Paper, 10 Cents.

No. 20N1913 Red Litmus Paper, turns blue if the solution is alkaline. Shpg. wt., 3 oz. Per bottle.....10c

No. 20N1914 Blue Litmus Paper, turns red if the solution is acid. Shpg. wt., 3 oz. Per bottle.....10c

Opaque, 20 Cents.

No. 20N1916 This is a preparation for blocking out or rendering opaque certain portions of negatives, also for spotting out imperfections and covering skies or backgrounds. It is very easily applied to the negative with a moistened camel hair brush. Shipping wt., 3 oz. Per box.....20c

Red Seal Developing Powders for Developing Papers

All of our Developing Powders for papers are now put up under the Red Seal label, in tightly sealed paraffin lined tubes, each tube containing a sufficient quantity of the necessary chemicals in dry form to make 5 ounces of liquid developer. They are very simple and easy to use, as it is only necessary to dissolve the contents of one tube in 5 ounces of water and the developer is ready for use. They are packed in boxes, as illustrated, six tubes to the box, so each box makes 30 ounces of developer ready for use.

Red Seal Diamidophenol Powders, 22 Cents.

For Developing Prints.

No. 20N1945 These powders are designed to take the place of our former Amidol Powders. It is now practically impossible to obtain amidol. Diamidophenol is chemically equivalent to amidol. It is used in the same way and produces exactly the same results. It yields very fine blue black tones and is suitable for use with any standard developing papers or post cards, including Darko, Azo, Cyko, Velox, etc. Shipping weight, 5 ounces.

Price, per package (6 tubes).....22c

Red Seal Hydro-Metol Powders, 22 Cents.

Regular. For Warm Black Tones.

No. 20N1936 Hydro-Metol Powders, regular. A combination of hydrochinon and metol which gives warm black tones. This developer is perhaps more extensively used than any other for papers, and well merits its wide popularity. Shipping weight, 5 oz.

Per box of six tubes.....22c

NOTE—Metol sometimes has an irritating or poisonous effect on the skin of some persons. Those who are susceptible to it should select a developer which does not contain metol.

Red Seal Hydro-Metol Powders, 22 Cents.

Anti-Friction. For Olive Black Tones.

No. 20N1937 Hydro-Metol Powders, anti-friction. A combination of hydrochinon and metol which gives olive black tones. These powders are put up under a special formula which prevents the dark lines or irregular markings known as friction or abrasion marks, which often disfigure prints on glossy or semi-glossy papers. Shipping weight, 5 ounces.

Price, per box of six tubes.....22c

PHOTOGRAPHIC CHEMICALS.

Metol is now made in this country. It is identical with the metol formerly imported, is used in the same way and produces exactly the same results. Other developing agents which we can still obtain in quantity are Pyro, Hydrochinon, Tonall and Fredol, which are being made in this country; and Monomet, which is made in England. Fredol, Tonall and Monomet are the best substitutes we can find for metol. Fredol and Tonall cost less than Metol and give very satisfactory results. Diamidophenol is chemically equivalent to Amidol, is used the same way and gives exactly the same results. It is listed above in packages of six tubes each.

Prices on nearly all photographic chemicals have been enormously advanced. They may advance further, or they may go lower.

The prices quoted below are based on the lowest wholesale prices prevailing at the time this catalog is printed.

If you will send us your order at the prices quoted below, we will return the difference if market prices are lower when your order is received. This applies to all chemicals listed.

No. 20N2008 Metol. Made in America. Per ounce.....$ 1.60
One-fourth pound..... 6.10
One-half pound..... 12.00
One pound..... 23.75

No. 20N2013 Fredol. A good substitute for metol. An American made product. May be used just the same as metol in any formula calling for metol. 1 ounce, 75c; ¼ pound, $2.95; ½ pound, $5.80; 1 pound $11.25

No. 20N2001 Pyro (Pyrogallic Acid). Resublimed. The light cottony form, put up in tins. Per oz., 30c; ¼ pound, $1.00; ½ pound, $1.85; 1 pound, $3.50

No. 20N2002 Pyro (Pyrogallic Acid). Crystals. Just the same chemically as the resublimed and cleaner to handle. Does not blow about the workroom to cause spots on prints and negatives. Per ounce, 30c; ¼ pound, $1.00; ½ pound, $1.85; 1 pound $3.50

No. 20N2005 Hydrochinon. The best grade pure white hydrochinon, put up in cartons. Per ounce, 33c; ¼ pound, $1.13; ½ pound, $1.87; 1 pound.....$3.73

No. 20N2019 Monomet. A splendid substitute for metol, made in England. Use in any formula calling for metol in the same proportions as metol is indicated. 1 ounce, $1.40; ¼ pound, $5.50; 1 pound $21.30

No. 20N2014 Tonall. A substitute for metol. In any formula calling for metol, Tonall is used in exactly the same way as metol. 1 ounce, 72c; ¼ pound, $2.25; ½ pound, $4.45; 1 pound....$8.55

No. 20N2020 Acetic Acid, No. 8. 16-ounce bottle 30c

No. 20N2022 Citric Acid. Pure. Per ounce.....19c

No. 20N2029 Oxalic Acid. Crystals. 1-ounce bottle.....15c

No. 20N2030 Sulphuric Acid. C. P. 16-ounce bottle.....45c

No. 20N2045 Chrome Alum, pure crystals. Per pound.....58c

No. 20N2063 Borax, pure powdered. 16-ounce carton.....15c

No. 20N2075 Gold Chloride (Chloride of Gold). 1 dozen 15-grain bottles, $4.72; 15-grain bottle.....40c

No. 20N2089 Lead Acetate, granular. 16-ounce carton, 40c; 1-ounce bottle 10c

No. 20N2095 Mercury Bichloride (Corrosive Sublimate), pure. 16-ounce bottle, $2.35; per ounce.....17c

No. 20N2105 Potassium Bromide. 16-ounce bottle, $2.40; per oz....20c

No. 20N2113 Potassium Ferricyanide (Red Prussiate). 1-oz. bot..42c

No. 20N2115 Potassium Iodide. 1-ounce bottle.....60c

No. 20N2116 Potassium Meta-Bisulphite. 1-ounce bottle.....24c

No. 20N2118 Potassium Permanganate. 1-ounce carton.....65c

No. 20N2134 Sodium Bisulphite (Acid Sulphite). 16-oz. bottle....38c

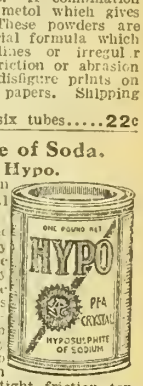
No. 20N2137 Sodium Carbonate, crystals. 16-oz. bottle.....20c

No. 20N2138 Sodium Carbonate, dry. A chemically pure, anhydrous carbonate. 16-ounce carton.....25c

No. 20N2142 Sodium Sulphite, crystals. 16-ounce bottle.....20c

No. 20N2144 Sodium Sulphite, dry. A chemically pure, anhydrous sulphite. 16-ounce bottle.....25c

Hyposulphite of Soda. Red Seal Hypo.



We furnish hypo in two forms, pea crystal and granular. The pea crystals, as the name implies, are simply small crystals. The granular is made by crushing or grinding the crystal hypo until it is about like coarse granulated sugar. This form dissolves very readily and is convenient to use. We put up both styles of hypo in airtight friction top cans so it is sure to reach the purchaser in perfect condition, clean and pure.

No. 20N2156 Pea Crystal Hypo in 1-pound friction top cans. Shpg. wt., 1½ lbs. Per pound.....8c

No. 20N2157 Pea Crystal Hypo in 5-pound friction top cans. Shpg. wt., 7½ lbs. Per can.....29c

No. 20N2158 Pea Crystal Hypo in 10-pound screw top cans. Shpg. wt., 13 lbs. Per can.....49c

No. 20N2159 Pea Crystal Hypo in 100-pound kegs. Shpg. wt., 110 lbs. Per keg.....$3.10

No. 20N2160 Granular Hypo in 1-pound friction top cans. Shipping weight, 1½ pounds. Per pound....9c

No. 20N2161 Granular Hypo in 5-pound friction top cans. Shipping weight, 7¼ pounds. Per can.....30c

No. 20N2162 Granular Hypo in 10-pound screw top cans. Shipping wt., 12¾ lbs. Per can.....50c

No. 20N2163 Granular Hypo in 100-pound kegs. Shipping weight, 108 pounds. Per keg.....$3.25

Acid Hypo, 21 Cents a Pound.

No. 20N1985 This is a special combination of very pure powdered hypo and other ingredients which, when dissolved in water, makes a very clean, clear fixing solution for either plates, films or papers. It dissolves very easily and quickly, making it a very convenient means for preparing the acid fixing bath and it gives unusually good results, as it not only fixes to perfection but also acts as a clearing solution and a hardener. Put up only in 1-pound packages, sufficient to make 64 ounces acid fixing bath. Shipping wt., 1½ pounds.

Price, per pound.....21c

Intensifying Powders, 22 Cents.

No. 20N1970 A weak, thin negative, lacking in contrast, may be greatly improved by intensification, and this powder is a very convenient means of preparing a good intensifier. It requires only to be dissolved in water to be made ready for use, forming a simple and easy method of intensification. Each package makes 24 ounces of solution. Shipping weight, 5 ounces.

Price, per package.....22c

Anti-Friction Soda, 33 Cents a Pound.

No. 20N1941 A combination of sodium carbonate and sodium sulphite with other ingredients, according to a special formula. Used instead of the ordinary sulphites and carbonates in preparing developers for prints it prevents friction marks. Developers made with this soda produce good, clear, clean prints from paper too old to produce good prints with ordinary developers. Shipping weight, 1¼ pounds.

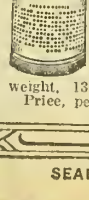
Price, per pound.....33c

Reducing Powders, 35 Cents.

No. 20N1972 Negatives which from over-development or other causes are too dense can be quickly reduced to the proper density for printing by the use of this preparation. These powders are put up in packages containing twelve powders and each powder makes 10 ounces of reducing solution. For use they are simply dissolved in water and a little hypo added just before the solution is used. Shpg. wt., 3 ounces.

Price, per box.....35c

Neg-Dry, 17 Cents.



No. 20N1980 A hardening solution for either plates or papers, making the gelatin film absolutely insoluble. Negatives treated with Neg-Dry may be dried in less than five minutes after they have been washed by placing them in this preparation and drying them by artificial heat. Neg-Dry also eliminates all traces of hypo that may not have been washed out of the film. This preparation may be used over and over again. Shipping weight, 13 ounces.

Price, per bottle.....17c

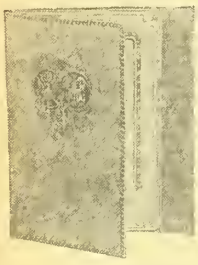
Price, per **100**, **$2.77**; per **25**.....**72c**
Sold only in original sealed packages.

Collins' "Service" Folder.



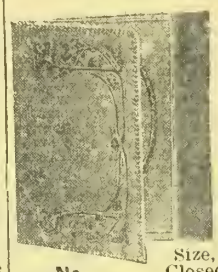
The "Service" Folder (double flap slip-in) is one of the most unusual and handsome of the Collins line. The cover is embellished with the insignia of both army and navy, embossed on heavy stock of light brown and "Klaytone" (light gray). The opening in the card is square, with slightly rounded corners. It has a tasty border of tiny stars, with draped flags below and a conventionalized American eagle above, the whole enclosed in a simple line border set off by large stars at the corners.

The timeliness of the design has greatly increased the deserved popularity of this folder. It is made in one size only, for post card size pictures. Packed 25 in a box. Sold only in original sealed packages. Shipping weight, per 25, 1¾ pounds.

Colors: "Klaytone" (light gray) and light brown. **State color wanted.**

No. 20N2932 Size, closed, 4⅜x6⅞; opening, 3x4½; for post card size pictures, 3½x5½.
Price, per package of **25**.....**$1.90**
Price, per **100**..... **7.50**

Collins' "Veronica" Folder.



A double flap slip-in folder of character and distinction. The cover is embellished with a Spanish design in hand tooled leather effect, giving the folder a most striking appearance. The card is of the same stock, with a heavy border framing the openings, which are oval and square. Packed 25 in a box. Sold only in original sealed packages. Shipping weight, per 25, 1¾ pounds.

Colors: "Klaytone" (light gray) and brown. **State color wanted.**

Imitation Leather.

These are very attractive medium priced albums, bound either in black bookbinders' cloth; imitation leather with horn back, alligator grain; or genuine leather, with elephant grain. The illustration shows imitation leather. Capacities are from 200 to 500 post cards, as indicated below.

No paste is needed to mount cards in these albums. Small segments of a circle are cut in proper position in the leaves and the corners of the cards slip easily into them. Thus they may be quickly removed if it is desired at any time to change the arrangement.

Catalog No.	Binding	Capacity, Cards	No. of Cards to Page	Size, Inches	Shipping Weight	Price

Royal Loose Leaf Photo Albums

Each Album Contains 100 Pages (50 Black Flexible Leaves).

The leaves of these albums are removable, permitting the arrangement of the photographs to be changed at will; old leaves may be taken out, new ones put in or rearrangements made at any time. Both covers and leaves are flexible and the albums are bound in such a manner that they always lie perfectly flat whether open or shut. These albums are very attractive in appearance. They are well made and will give many years' service.

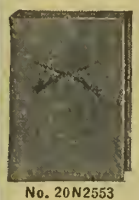
The New Service Albums—Bound in Khaki



No. 20N2553

This is a timely and exceedingly attractive series of albums, bound in genuine khaki. The two smaller ones are especially designed to contain pictures for the home folks of the boys and the scenes "Over There." As they will fit handily in any service kit, they are also suited for the boys to take "Over There" with pictures of the home folks and home scenes. The larger albums are appropriately lettered in red, white and blue. The smaller are adorned with crossed rifles, stamped in dark red. The larger sizes are loose leaf, each containing 100 pages (50 black flexible leaves); of the smaller, one is loose leaf, the other solidly bound. Each contains 50 pages (25 black flexible leaves). Shipping weights, 7x10, 1¼ pounds; 10x12, 2½ pounds; either small album, 4 ounces.

Royal Photo Albums

Each Album Contains 100 Pages (50 Black Flexible Leaves).

These up to date Flexible Leaf Albums are made in various handsome and attractive styles of binding. The leaves are an extra quality of paper in new Egyptian black tint, harmonizing with almost any kind of print. The albums, therefore, are suitable either for mat surface prints on developing paper or for glossy squeegeed prints on printing-out papers. In mounting on these thin, flexible leaves it is necessary only to put a little paste on each corner or along one edge of the print.

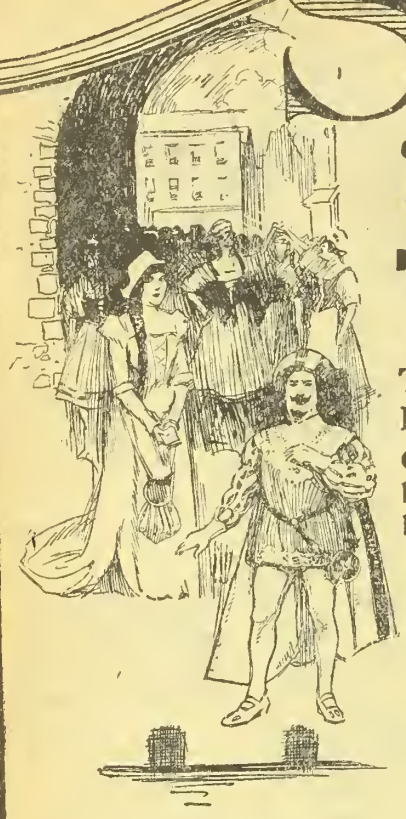
SILVERTONE

The Dominant Phonograph



TONE That's the big thing, the all important thing in a phonograph — TONE —real musical tone. Judge the SILVERTONE by this standard and you will see why it is truly THE DOMINANT PHONOGRAPH.

Of course, a phonograph must be pleasing in appearance. It must be graceful and ornamental. It must be finely finished. You expect beauty of design and finish, as a matter of course, in all musical instru-

Wonderful Tone Quality

TONE QUALITY DEPENDS UPON THE REPRODUCER, THE TONE ARM AND THE AMPLIFYING CHAMBER. Each must be correctly designed and properly made in itself, and each must harmonize with the other two so they will work together as a unit. THE SILVERTONE REPRODUCER is a marvelously sensitive mechanism, reproducing all sound vibrations from the delicately shaded violin or vocal solo to the heavy instrumentation of a military band. THE SILVERTONE ARM is made of a special composition metal, so shaped as to afford an unobstructed passage for the sound waves, while itself wholly free from vibration. THE SILVERTONE AMPLIFYING CHAMBER is a scientifically designed combination of metal and wood, permitting a remarkably true reproduction of the human voice and of all recorded musical instruments.

Complete Tone Control

The tone modulator, with which each SILVERTONE (except the Junior and Senior styles) is equipped, permits complete control of the volume of sound. It serves the same purpose as the doors on the Victrola or the shutters on the Columbia Grafonola. It permits you to control the music. You may set the modulator to remain constant at any desired point; giving a uniform volume, loud or soft as desired, throughout the entire selection; or the modulator may be manipulated while the instrument is playing, thus enabling you to give your own interpretation to the music.

Beautiful Cabinet Work

The modern phonograph must be more than a musical instrument. It must also be a fine piece of furniture. All SILVERTONES are beautiful examples of the cabinetmakers' art. They were designed by real artists with a knowledge of Period Furniture. Every line and every detail is in harmony with the period they represent. Rare and costly grades of mahogany and walnut, specially selected for fine

Plays every disc record made — Columbia, Victor, Silvertone, Edison, Pathe, Little Wonder and every other.

Our Easy Monthly

All SILVERTONE Phonographs (except the Junior and Senior Models) are shipped WITHOUT ANY MONEY IN ADVANCE, to be paid for in small monthly installments, the first payment to be made only after a careful two weeks' trial.

If SILVERTONE Phonographs were not right in every way, we could not offer them on this broad, liberal no-money-in-advance plan. This method of selling is in itself a guarantee of SILVERTONE quality.

YOU PAY NOTHING FOR THE SILVERTONE UNTIL YOU HAVE TRIED IT TWO WEEKS. Then if you decide to keep it,

SILVERTONE

Sold on Easy Monthly Payments

nents, and in this respect the SILVERTONE will meet every expec- ation. But THE REAL ESSENTIAL IS TONE. When you hear he SILVERTONE you will marvel that all music can be reproduced vith such absolute fidelity. It is just as though these famous musicians rom all over the world had come to your home. You not only hear hem. You feel their very presence as they sing or play. Their living ersonalities are there, right before you, so perfectly does the SILVER- TONE reproduce every note, every delicate shading of tone, every char- cteristic of the artist.

grain effects, and beautifully figured quarter sawed oak are used in their construction.

Play All Disc Records

Our new convertible tone arm permits the playing of disc records of any make and any size, including COLUMBIA, VICTOR, SILVER-TONE, LITTLE WONDER, EDISON, PATHE, or any other disc record, without exception. And it plays any of them with all the purity and naturalness of tone the record is capable of yielding.

Wonderfully Quiet Motors

No matter how perfect a phonograph may be in all other respects, it cannot give satisfaction unless the motor works perfectly. It must run quietly; it must run with absolutely even speed; it must wind easily and silently, and it must possess ample power. This means that every part must be made with the utmost care, every gear must be accurately cut, every bearing must be true, and the entire motor must be assembled by skilled workmen who understand the peculiar and unusual require-ments of phonograph motors. Every SILVERTONE motor meas-ures up fully to these vital requirements. SILVERTONE motors are as near mechanical perfection as it is possible for us to make them.

Read This Strong and Liberal Guarantee

We guarantee SILVERTONE Phonographs to possess remarkable musical quality, rich tone, ample volume of sound and unusual beauty in cabinet design. You may try any SILVERTONE two weeks in your home. If it does not satisfy you perfectly, send it back at our expense. We will return all the money you have paid for instrument or records and freight or express charges.

Remember, you pay for the phonograph and the records ordered with it in small monthly payments.

Payment Plan

the amount is paid in small monthly installments. **And these small payments also include all the records sent with the phonograph.**

If the SILVERTONE does not please you, it may be returned, together with any records ordered, at our expense, and any money you have paid, including transportation charges, will be returned to you. You give no mortgage, sign no notes, pay no interest. Just send us the simple agreement printed on the special order blank opposite page 984.

YOU ENJOY THE INSTRUMENT WHILE PAYING FOR IT, AND YOU PAY FOR IT EASILY, A LITTLE AT A TIME, SCARCELY FEELING THE COST.

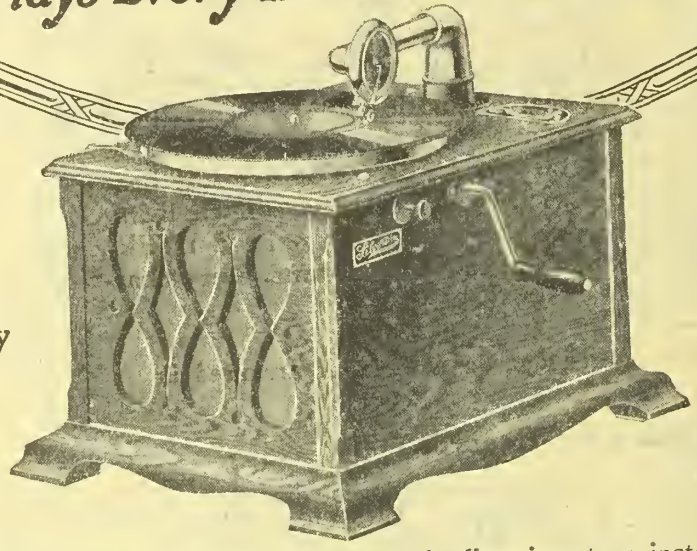
The Dominant Phonograph
Plays Every Disc Record Made



$9.95

Sold for Cash Only

The Junior

Fumed Oak

The Junior, though the smallest SILVERTONE in the line, is yet an instrument of surprisingly fine musical quality and of pleasing design. It is the culmination of long experience in the development of a low priced phonograph.

The Junior plays disc records of any make and any size and it plays them with true musical expression. The tone is astonishingly loud and clear. The instrument is light and easily moved about, weighing only 13 pounds as it rests upon your table ready to play. In short, the Junior SILVERTONE is a revelation of the delightful possibilities of a low priced instrument.

Specifications

(Be sure to read pages 950 and 951.)

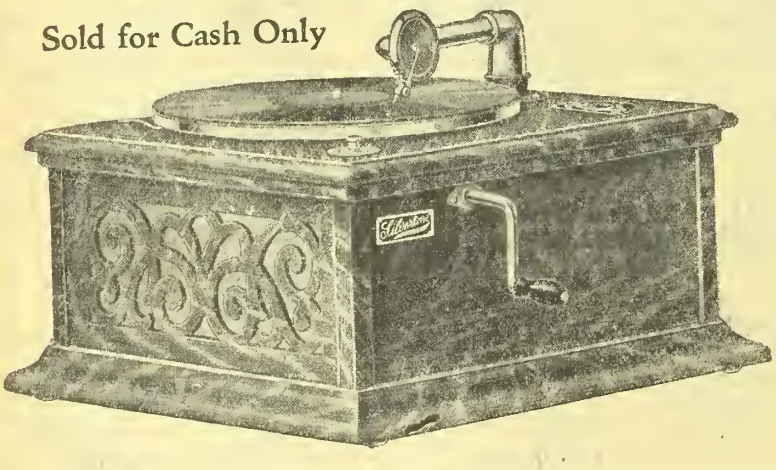
Fumed oak cabinet, 9 inches high, 12¼ inches wide and 16½ inches deep. Home Reproducer and Silvertone Convertible Arm to play any make of disc record. (See page 980.) Nine-inch turntable. Single spring motor which may be wound while running. All exposed metal parts are heavily nickel plated.

No. 20N4500 JUNIOR SILVERTONE. Shipping weight, 26½ pounds. Price..... **$9.95**

BOTH JUNIOR AND SENIOR SILVERTONES play every make of disc record, Columbia, Victor, Edison, Pathe, Silvertone, Little Wonder and all others. An assortment of needles is furnished with each instrument. Jewel needles for playing Edison and Pathe records are not included. They must be purchased extra. (See page 980.) An Oak Table, suitable for use with either Junior or Senior SILVERTONE, is described and illustrated on page 981.

$19.90

Sold for Cash Only



The Senior

Quarter Sawed Golden Oak

Genuine SILVERTONE quality marks the Senior model throughout. It has the same full, mellow tone, the same fine musical quality, as the higher priced instruments. The volume of sound is perhaps slightly less, yet it is ample. The cost has been held uncommonly low by building the phonograph without an elaborate cabinet and without a cover and by making it a bit smaller. Quality has not been sacrificed in any way. Not only is it exceedingly well built, but it is unusually attractive in appearance. The design is artistic and pleasing.

The Senior is bigger in every dimension than the Junior and is, of course, correspondingly more desirable. It is one of the biggest values in the entire SILVERTONE line. Its net weight on your table, ready to play, is 25¼ pounds.

Specifications

(Be sure to read pages 950 and 951.)

Quarter sawed oak cabinet, dull golden finish, 8¾ inches high, 17 inches wide and 19 inches deep. Silvertone Reproducer and Silvertone Convertible Arm to play any make of disc record. (See page 980). Twelve-inch turntable. Single spring motor which may be wound while running. All exposed metal parts heavily nickel plated. Shipping weight, 48¼ pounds.

MODEL
VI

Quarter Sawed
Golden Oak

$2.50
A MONTH

The Model VI SILVERTONE is a table cabinet instrument with a piano hinged cover. It is made of specially selected, quarter sawed oak of fine grain and highly finished. This new model is unusually handsome; the design is simple yet very effective and the proportions of the instrument are nicely calculated to please the eye. It is an ornament in any home.

The reproducer, tone arm and sound chamber, upon which depend the musical quality and volume of sound, are just the same in the Model VI as in some of the larger and higher priced SILVERTONES. In spite of its smaller size as compared with the larger floor cabinets, therefore, it possesses the same fine musical quality, as well as ample volume.

It is difficult, even with the best of illustrations, to adequately reproduce the beauty of this instrument. The illustrations on this page are made direct from photographs of the Model VI, but, accurate as they are, they still fail to do it justice. You must see the phonograph, as well as hear it play, to realize fully what an extraordinary value it is. You can do this at our risk under the terms of our free trial offer.

Specifications

(Be sure to read pages 950 and 951.)

Dimensions over all, 14⅜ inches high, 18⅛ inches wide and 22⅛ inches deep. Net weight, ready to play, 42¼ pounds. Has Silvertone Reproducer and Silvertone Convertible Arm to play any make of disc record. Latest improved tone modulator. Double spring motor, exceptionally quiet and smooth running; 12-inch turntable covered with fine quality green felt. All visible metal parts are heavily nickel plated. An assortment of needles is included with each instrument. Jewel needles for Edison and Pathe records are not included and must be purchased extra, if desired. (See page 980.) Shipping weight, 71½ pounds.

An oak table suitable for use with the Model VI is described and illustrated on page 981.

SILVERTONE

The Dominant Phonograph
Plays Every Disc Record Made

MODEL VII

Genuine Mahogany

$3.00 A MONTH

Queen Anne Period Design

The Model VII SILVERTONE is a table cabinet instrument with piano hinged cover, somewhat larger, heavier and more elaborate in appearance than the Model VI. The design is of the simple, yet exceedingly effective, Queen Anne Period, which, reproduced in mahogany as it is here, is very pleasing.

The cabinet is of genuine mahogany throughout, with the exception of the base molding. This, for the sake of greater strength and durability, is made of the best Southern gum, stained and finished to look like mahogany.

The mechanical equipment of the Model VII is the same as the VI and it possesses the same fine musical quality and the same volume of tone. It is more desirable only because it is slightly larger and much handsomer.

As with the Model VI, we feel that even these excellent illustrations fail to do justice to the beauty of the phonograph. And, if its price and general appearance appeal to you, we urge a demonstration of its unusually fine qualities in your home—at our risk.

Specifications

(Be sure to read pages 950 and 951.)

Dimensions over all, 14¾ inches high, 19¾ inches wide and 23⅞ inches deep. Net weight, ready to play, 39¼ pounds. Adam Period Design

MODEL VIII

Quarter Sawed Fumed Oak

$4.00 A MONTH

The cabinet of the Model VIII is made of quarter sawed oak of fine grain, with a rich fumed finish. It adapts itself charmingly to surroundings of any sort, from an informal Summer cottage to the most elaborately furnished home. The fumed oak finish has an additional advantage in that it does not easily mar or scratch. In short, the Model VIII is an ideal all around instrument.

The oak used in these cabinets is chosen with all possible care. The trimmings are simple and harmonious. With its beautiful finish and unusually dainty grille design, the Model VIII is most attractive.

Mechanically, this phonograph ranks high. The reproducer, tone arm, amplifying chamber and motor are all of the type used in the higher priced SILVERTONE instruments. It has true musical quality and wonderful depth and sweetness of tone. With the aid of our latest tone modulator, you may regulate the volume of sound as you desire and interpret the music to suit your individual taste.

Specifications

(Be sure to read pages 950 and 951.)

The Model VIII SILVERTONE is 42¾ inches high, 19⅞ inches wide and 22 inches deep. The net weight of the instrument on your floor, ready to play, is 76¼ pounds. It is equipped with Silvertone Reproducer and Silvertone Convertible Arm to play any make of disc record. It has our latest improved tone modulator to regulate the volume of sound. The powerful double spring motor is exceptionally quiet and smooth running. The turntable is 12 inches in diameter and covered with a fine quality of green felt. All visible metal parts are heavily nickel plated and polished. An assortment of needles is included with each instrument. Jewel needles for Edison and Pathe records are not included and must be purchased extra, if desired. (See page 980.) Shipping wt., 138¾ lbs.

MAHOGANY.

Heppelwhite Period Design

MODEL

IX

Mahogany, Golden or Fumed Oak

The Model IX SILVERTONE is a full cabinet instrument, faithfully following the attractive lines of the famous Heppelwhite Period style of furniture.

Heppelwhite was one of the notable cabinet makers of England in the latter part of the Eighteenth Century. His furniture designs are remarkably free from ornate decoration. They tend rather to an almost Puritan severity of detail, which is, however, very pleasing and of which one rarely tires.

The hand finished cabinets are of genuine mahogany or fine quarter sawed oak in golden or fumed finish. The mahogany is shown in the large illustration; the oak in the circle below. The trimmings are heavily nickel plated and highly polished and blend harmoniously with either finish. The simplicity of the design makes it adaptable to surroundings of almost every kind.

Just as wonderful as the finish and design of the Model IX is the richness and purity of its tone and the volume of sound. It is an instrument of which you may be justly proud.

The three styles of cabinet wood and finish offer a range comprehensive enough to please any taste or harmonize with any home furnishings. You will like this Heppelwhite cabinet when you see it.

Specifications

(Be sure to read pages 950 and 951.)

The Model IX SILVERTONE is 46⅜ inches high, 20 inches wide and 22 inches deep. The net weight of the instrument on your floor, ready to play, is 69 pounds for the mahogany model and 74 pounds for the oak model. Has Silvertone Reproducer, Silvertone Convertible Arm to play any disc record, and latest improved tone modulator to regulate the volume of sound. The powerful double spring motor is exceptionally quiet and smooth running. Green felt covered 12-inch turntable. Metal parts heavily nickel plated and polished. An assortment of needles is included with each instrument. Jewel needles for Edison and Pathe records are not included and must be purchased extra, if desired. (See page 980.) The shipping weight of the mahogany model is 137 pounds; of either oak model, 142 pounds.

Louis Fifteenth Period Design
Trimmings Gold Plated

MODEL XI

Mahogany, American Walnut or Quarter Sawed Fumed Oak

(Gold Plated Metal Parts.)

We built this Model XI SILVERTONE to meet an ideal toward which we have been working for a long time. We have attained that ideal and have produced a phonograph which we have never equaled at anywhere near the price.

The cabinet is a refinement of the accepted type of phonograph design, done in the dainty lines of the Louis Fifteenth Period furniture. In workmanship, material and finish it is as good as our best. The metal parts of gold and the turntable faced with royal purple silk velvet add wonderfully to its strikingly handsome appearance. With this is combined pure tone, exceptional musical quality and an astonishing volume of sound. The Model XI is in every way a truly superb instrument. It is made in three styles—genuine mahogany, American walnut and fumed quarter sawed oak—an unusual and comprehensive assortment. Whatever your home furnishing, one of these three styles should fit it harmoniously.

The mahogany is specially selected, of a beautiful grain, hand polished in a rich dark red. The walnut has the beautiful wavy grain characteristic of American walnut, highly polished in a fine lustrous light brown. The dark fumed finish of the quarter sawed oak is very attractive and deservedly popular.

Louis Sixteenth Period Design
Trimmings Gold Plated

$5.00

A MONTH

Model XV SILVERTONE, designed in the graceful proportions of the Louis Sixteenth Period, makes an instant appeal to all lovers of the beautiful. In thousands of homes all over the country it delights eye and ear alike. It is a musical instrument of wonderful charm.

Extreme care has been taken, even in small details, to make this model supreme in appearance, no less than in musical quality. And to this end the gold plated metal parts and the turntable faced with royal purple velvet contribute appreciably.

Its tone is marvelously sweet, full and rounded. It is capable of great volume, yet the ease with which the sound is controlled makes it suitable for use even in a small room.

MODEL XV

Mahogany or Walnut

(Gold Plated Metal Parts.)

Model XV is furnished in American walnut and genuine mahogany, both woods specially selected for beautiful grain. The cabinets are highly finished—hand rubbed and hand polished. The mahogany is a beautiful dark red in color and the walnut a rich warm brown, which harmonizes nicely with furniture of almost every kind. The lines of the cabinets are relieved by delicate carvings on the front corner posts and by a graceful garland effect across the grille.

In size it accomplishes a happy medium between the massive Model XVI and the more modest Model XI.

Mahogany.

Louis Fifteenth Period Design
Trimmings Gold Plated

MODEL XVI

Mahogany or Walnut

(Gold Plated Metal Parts.)

The Model XVI SILVERTONE is a beautiful Louis Fifteenth Period design—a fine example of modern phonograph construction and the best in the SILVERTONE line. It is massive, dignified, elegant. The cabinet is made of the finest mahogany and walnut it is possible to obtain, extreme care being taken to select only those woods having especially fine grain effects. The mahogany is finished in a lustrous dark red, the walnut in a rich warm brown.

With its sweet and extraordinarily deep and mellow tone, its marvelous volume of sound and its quiet running motor, this phonograph is indeed a triumph, mechanically. And the elegance of its design, the lustrous finish and the harmonious beauty of the trimmings make it an instrument suitable for any home, however elaborately furnished. All exposed metal parts are heavily gold plated. The turntable is faced with royal purple silk velvet. The front corners of the cabinet are artistically carved and the doors and side panels are decorated with carvings. Every detail of the instrument breathes refinement.

$5.00 A MONTH

W. C. Seim, of Rochester, N. Y., one of the many pleased purchasers of this model, writes: "I don't think your catalog gives the instrument credit enough. One would never realize how wonderful they are until they had one in their home and played it. The workmanship is beautiful and the tone of the instrument can't be beat."

Specifications

50⅝ inches high, 24⅜ inches wide and 24¾ inches deep. Net weight, ready to play, 120 pounds. It is equipped with Silvertone Reproducer and Silvertone Convertible Arm to play any make of disc record. It has our latest improved tone modulator to regulate the volume of sound. The large, heavy, extra powerful triple spring motor is exceptionally quiet and smooth running. The turntable is 12 inches in diameter and covered with a fine quality of royal purple silk velvet. All visible metal parts are heavily gold plated. Assortment of needles included. Jewel needles are not. Shipping weight, 195 pounds.

Model XVI
Walnut.

Price and Terms

No. 20N4582 Model XVI SILVERTONE. Genuine Mahogany, polished.

No. 20N4583 Model XVI SILVERTONE. American Walnut, polished.

The price is the same for either mahogany or walnut.

After two weeks' trial send us the first monthly payment of $5.00 for the phonograph and any records you may have ordered shipped with the instrument. After that send us $5.00 a month until the total amount for the phonograph, $160.00, added to the price of the records shipped with it, has been paid.

Be sure to use the special order blank opposite page 984.

Remember You Pay for Both the Phonograph and the Records Ordered *With It* in *Small Monthly Installments.*

Columbia Records

Columbia Double-Disc Records

We list Columbia Records because it seems to us that only those records made by the ***most famous vocalists and instrumentalists*** are in keeping with the high degree of perfection which has been attained in the SILVERTONE Phonographs. We are very proud of the SILVERTONE Phonographs. We believe they represent the last word in the reproduction of music, and so we want records by the greatest artists to go with them.

MUSIC OF EVERY KIND.

Whatever kind of music you like best, any program of any sort by any artists you choose is yours with Columbia records—grand opera, great overtures, the piano playing of ***Josef Hofmann,*** or the violin art of ***Eugen Ysaye,*** or dance music, or ragtime, or brass bands or something for a laugh—it's at its best on Columbia Double Disc Records.

Listening to these Columbia Records is like listening to the artists themselves. The clarity of tone of Columbia Records fairly makes the art of such singers as ***Alessandro Bonci, Emmy Destinn*** and ***Florencio Constantino,*** or the humor of artists like ***Al Jolson, Bert Williams*** and ***Weber and Fields*** live again before you. In operatic, orchestral, instrumental and all other classes of music, Columbia records have a quality of truth that changes them from "records" into *reality*. The artists *themselves* —absolutely, to the last intimate touch and inflection—are there in *personality*, though they may be absent in *person.*

THE BEST IN POPULAR MUSIC AND FUN.

Popular music is at its best on Columbia Records—"hits while they are hits" and all sung by the popular headliners of vaudeville and musical comedy. Such well known stars as ***Anna Wheaton, Henry Burr, Brice and King, Sam Ash, George Alexander, Albert Campbell, Michael Casey, Arthur Collins, Byron G. Harlan, Billy Golden, Ada Jones*** and ***Steve Porter*** all contribute.

There's fun as well as music on Columbia Records, and the newest laugh—story or song (or both)—is sure to be found in the Columbia list. As soon as ***Al Jolson, Nora Bayes, Bert Williams, Frank Tinney, Weber and Fields*** or ***Irene Franklin*** comes out with a hit that *is* a hit, there will be a Columbia Record of that same hit by that same artist—*that quick!* Then there's ***Billy Williams, Cal Stewart*** (***Uncle Josh***) and ***Joe Hayman*** (***Cohen***) who come to you on Columbia Records with their laugh making, world famous sketches. Look up the comedy records in the Columbia list and you strike the richest vein of *good* fun you are likely to find anywhere. If it's there, it's *good*—depend on that!

SONGS OUR MOTHERS SANG.

The sweetest memories we cherish of childhood are the old, half forgotten melodies we heard from our mother's lips. Let these COLUMBIA Records bring back the happiness of those bygone days with the splendid warmth and tenderness of tone that make them records of *human* reality. The Columbia list of ballad singers includes some of the most eminent artists on the concert stage today—singers like ***Olive Fremstad, Oscar Seagle*** and ***Louis Graveure*** and instrumentalists like ***Eugen Ysaye*** and ***Pablo Casals.***

And very beautifully the sympathetic tone sweetness of Columbia Records brings out the sentiment, the heart appeal, the touching simplicity and tenderness of the beautiful old time "home" melodies, when sung by such artists as ***Lucy Gates, Reed Miller, Harry McClaskey, Charles Harrison, Vernon Stiles, Samuel Ash*** and ***Frank Coombs.***

OPERATIC AND CONCERT RECORDINGS.

Columbia operatic and concert selections present the supreme in music, the superlative in art and the ultimate word in recording excellence. The truth, the brilliance, expressiveness and compelling *reality* of Columbia Records by great operatic and concert artists fairly bring you face to face with their *living personalities.*

These Columbia Records convey not only the *sound* of the voice or the *tone* of the artist's playing, but the things that, combined, mean *genius;* the fire, the force, the inspiration—the feeling, touch and temperament of singers and instrumentalists like ***Maria Barrientos, Hipolito Lazaro, Eugen Ysaye, Pablo Casals, Olive Fremstad, Alessandro Bonci, Giovanni Zenatello, Mary Garden, Lucy Gates, Leo Slezak, Josef Hofmann, Leopold Godowsky, Oscar Seagle, Xaver Scharwenka, Carolina White, Corinne Rider-Kelsey, Louis Graveure, Kathleen Parlow, Maggie Teyte, Florencio Constantino, Alice Nielsen, Giuseppe Campanari, Lina Cavalieri, Vladimir de Pachmann, Emmy Destinn, Lillian Nordica,*** and many others whose work has a permanent place in art.

PLAY ON ANY PHONOGRAPH.

And remember that Columbia Records will play on any disc phonograph, no matter what kind, except the Edison. Played on any make of instrument Columbia Records are a tone revelation to most people, because the tone of an instrument depends almost as much upon the original recording process in the record making as on the reproducing mechanism of the instrument itself.

ABOUT THE PRICE.

Columbia Records are sold everywhere at the same prices. They are sold at the prices established by the manufacturer. We would be very glad to offer Columbia Records at less than the standard prices, but under existing trade conditions it is impossible for us to do so. The manufacturers believe that, under the patents which they own and control, and by virtue of their exclusive contracts with famous artists, they have the right to establish and maintain the prices at which their records shall be sold. Moreover, the musicians themselves in many cases set the prices at which their records must be sold, and embody in their contracts a clause to cover this point.

But Columbia prices are all very reasonable. Most Columbia Records are sold at 75 cents each, and each record contains two complete selections, making the actual cost only 37½ cents per selection. No high class records of any make are sold for less money.

Prices of All Columbia Records Are Postpaid.

No. 20N5184 Columbia Double Disc Records. In ordering state catalog No. 20N5184 and also give selection number as it appears before each title. Do not give name of record. Shipping weights, one 10-inch record, 1 pound 7 ounces; twelve 10-inch records, 11½ pounds; one 12-inch record, 2 pounds; twelve 12-inch records, 16 pounds.

WE GUARANTEE THE SAFE DELIVERY of Everything Shipped by Us.

A 2069 10-in. 75c — **Honest Injun.** Arthur Collins and Byron G. Harlan. *Pretty Baby.* Collins and Harlan.

Special Sale of Silvertone Records

Columbia Records have now replaced the Silvertone Records in our stock and in our catalog listings. Consequently we have several thousand 10-inch and 12-inch Silvertone Records on hand which we must dispose of by special offer.

The records are all brand new and in perfect condition. Among them are titles covering a wide range of popular music and vaudeville entertainment. They include some of the best selling records we ever sold. By making up assortments of **our own selection** we are able to offer them at prices which are extraordinarily low. Twelve 10-inch records formerly listed at $4.56; this special offer is $3.17, a saving of $1.39. Six 12-inch records formerly sold for $3.00; this offer of $2.38 effects a saving of more than ten cents a record.

Silvertone Records carry but one selection each, unlike the Columbia Records, which have a selection on each side.

The six assortments are entirely different. You may order any or all of them without getting two records alike.

Among these Silvertone Records are a few which bear Oxford labels. The Oxfords were the records we previously sold and some of those labels were, for a brief period, used on Silvertone Records while the regular labels were being prepared. All records in this offer, however, are genuine Silvertones, regardless of the labels.

Order by Number.

Both by Trinity Church Chimes, New York.

Three Splendid Collections of Twelve Records Each

Each of the following three groups of records has been carefully chosen from **selections which we have played and which we** e—**records which we know to be more than commonly good.** Each group is made up of a variety of vocal and instrumental sic—patriotic, popular, dance and Hawaiian—including music of an enduring quality of which you will never tire. We believe either hese groups will please you well. You may safely order any two or all three of them. The collections are all different. Each selection is ed once only.

It is not necessary to order an entire collection to secure any particular selections in it. Any records in any group may be included in r general order if desired. But we strongly recommend the collections complete as arranged. And we are confident they will satisfy you—as y do us. If any record does not wholly please you, it may, of course, be returned. **Order by catalog number.**

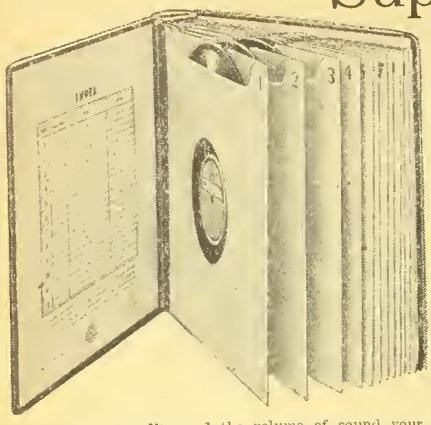
Supplies and Accessories



Protect Your Records With Silvertone Record Albums.

10-inch, 85c and 95c - - - - 12-inch, $1.00 and $1.15

SILVERTONE Disc Record Albums contain twelve pockets, made of a special tough fibered paper. Each pocket has a hole in the center so that the title of the record may be read without removing it. On each inside cover a blank index is provided, so that any selection may be quickly found. Each record thus has its own place in the album, where it is protected from dust and injury. SILVERTONE Albums are very strongly and substantially made. Nos. 20N5210 and 20N5214 have a sewed cloth back for holding the pockets, while Nos. 20N5212 and 20N5216 are fitted with the new spring steel back. With this new patented feature, the pockets will not easily become detached. Both styles are bound in brown silk finished cloth. The 10-inch album measures 10½x11½ inches; the 12-inch album, 12½x13¾ inches. Each is provided with a leather covered ring in the back for withdrawing from the cabinet.

No. 20N5210 10-Inch. Cloth Back. Shipping weight, 3½ pounds. Price.....85c

No. 20N5212 10-Inch. Steel Back. Shipping weight, 3½ pounds. Price.....95c

No. 20N5214 12-Inch. Cloth Back. Shipping weight, 4½ pounds. Price.....$1.00

No. 20N5216 12-Inch. Steel Back. Shipping weight, 4½ pounds. Price.....$1.15

A Few Important Facts About Phonograph Needles and Their Use

The tone quality and the volume of sound your instrument gives depends largely upon the kind of needle used and the depth to which the needle is inserted in the needle holder. When the needle point extends well below the set screw the tone is softer and the volume is less.

It should be remembered that, with the finer steel needles, the tone is softer and the volume of sound not so great. The heavier the needle the greater the volume of sound. So your needle should be carefully chosen with a view to the nature of the selection you wish to play and the place where it is to be played.

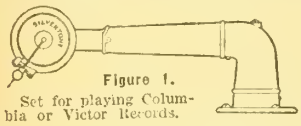


Figure 1.
Set for playing Columbia or Victor Records.

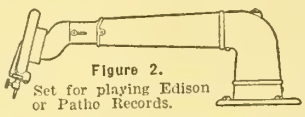

Figure 2.
Set for playing Edison or Pathe Records.

The Full Tone or the Half Tone Needles give the best results under usual conditions. They fit the groove in the record better than either the Soft or the Extra Loud Tone Needles, and afford both sweetness of tone and satisfactory volume. The special collection listed below (No. 20N5362) includes five varieties of SILVERTONE Steel Needles, giving a wide range which will meet every usual requirement.

A steel needle should be used only once. By the time a record has been played the needle point is slightly worn and a cutting edge has been formed which will injure another record if the needle is used again. Besides, a used needle does not give the full musical tone that a new one gives.

For softer music and practically entire freedom from scratch we suggest the B. & H. Fibre Needle or the Tusko Needle, both of which are fully described below. If either of these needles is used constantly the life of your records will be greatly extended.

Jewel Pointed Needles.

Jewel pointed needles should be used only for playing Edison or Pathe records. There are now on the market a large number of talking machines equipped with reproducers which may be turned from one position to another, as shown in Figures 1 and 2, to play records of either the Edison type or the Victor type. With such machines the sapphire or diamond pointed needles, Nos. 20N5334 and 20N5335 may be used for playing Edison records, and the sapphire ball needle, No. 20N5336, for playing Pathe records.

In playing Edison or Pathe records the sound box must be at right angles to the record groove (Figure 2). All the latest models of the SILVERTONE—that is, the "B" models—are so constructed that the sound box may be used in either position.

To play an Edison record (on any machine except an Edison) the sound box must be turned as shown in Figure 2 and a No. 20N5334 or No. 20N5335 jewel needle used.

To play a Pathe record, the sound box must be turned as shown in Figure 2 and a No. 20N5336 jewel needle with ball shaped point used.

For playing Edison records on machines which are not equipped with sound boxes that can be turned to position shown in Figure 2 we highly recommend the Vicsonia Reproducer (No. 20N5255).

Disc Record Case.

Covered with black imitation leather. Provided with numbered separators and numbered blank insido of cover for list of selections, so any desired record may be instantly found. Holds fifty 10-inch records. Shipping wt., 8½ pounds.

No. 20N5205 Price...$2.25

The Vicsonia Reproducer for Edison Disc Records.

The Vicsonia Reproducer is designed to play Edison disc records on SILVERTONE, Victor or Columbia talking machines. It is interchangeable with the regular reproducer and plays these records with remarkable purity of tone and satisfactory volume. Edison has produced some very wonderful disc records, and by purchasing one of these reproducers every owner of a SILVERTONE, Victor or Columbia Phonograph has available for his use the entire Edison repertoire, as well as the COLUMBIA, SILVERTONE and VICTOR repertoires. These include the **best music ever recorded for the phonograph.**

This reproducer is not fitted to attach to any cylinder phonograph. It will not play cylinder records. It will play Edison flat disc records.

To attach this special reproducer, simply slip the regular reproducer off and slip this one on in its place. No tools are necessary. It has a permanent jewel point—no needles are required—and Edison disc records may be played with all assurance that they will not be injured.

No. 20N5255 Vicsonia Reproducer, nickel plated. Price....$4.50

No. 20N5256 Vicsonia Reproducer, gold plated. Price..... 5.40

Haile's Modulator.

Exact size.

Haile's Modulator is an attachment for disc phonographs, by means of which soft tones are reproduced with any ordinary standard or loud tone needle. It eliminates all scratching and rasping sounds. The use of this modulator also adds greatly to the life of the record, as the needle is supported between elastic surfaces which permit it to "give" slightly with every curve in the record groove, thus lessening the shock to the delicate walls of the groove and greatly decreasing wear. Haile's Modulator may be attached to any disc talking machine and is put on or taken off just as easily as a needle is inserted or removed. By slightly turning the screw in the side of the Modulator, it may be regulated over a wide range of tone. Shipping weight, 2 ounces.

No. 20N5376 Price.....38c

Silvertone Steel Needles.

See Description Above.

Extra fine needles. Guaranteed to be of finest quality. Every needle shaped and polished to a hard, perfect point. Put up in quantities of 500 and 1,000, one grade to a box, in round screw cap tin boxes. Shipping weight, 1,000 needles, 8 ounces; 500 needles, 5 oz.

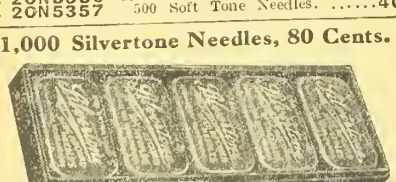
1,000 Silvertone Needles, 80 Cents.



A collection of 1,000 SILVERTONE needles of five different grades. Each kind is packed in a separate tin box, as illustrated.

200 Soft Tone Needles, noted for their soft, sweet, natural tone and absence of scratch; particularly suitable for use in the home.

200 Half Tone Needles, distinguished for their full, rich, mellow tone of medium volume.

200 Opera Tone Needles, similar to Medium Tone, but somewhat louder; especially suited to operatic selections.

200 Full Tone Needles, shorter and thicker than the Opera Needle, and therefore louder.

200 Extra Loud Tone Needles short and thick, especially suitable for open air concerts, large rooms and for dance music.

No. 20N5362 Complete collection, five boxes, as illustrated.....(Shpg. wt., 9 oz.).....80c

Fibre Needles Save Your Records.

Exact size.

The use of B. & H. Fibre Needles will add greatly to the enjoyment to be derived from a phonograph. The tone is soft and sweet, just the proper volume for the home.

The reproduction is remarkably free from scratch, and records played only with fibre needles will last indefinitely. The very material from which they are made precludes all possibility of injury to the record. The entire substance of the needle is impregnated with an oily material which acts as a perpetual lubricant and the needle thus polishes and smooths the grooves of the record each time it is played.

These needles may be used repeatedly. Often as many as a dozen records may be played before the reproduction becomes unsatisfactory, and then the needle may be repointed by means of the cutter listed below.

B. & H. Fibre Needles may be used with any SILVERTONE, Victor, Columbia, Oxford or any other machines of this type, provided the reproducer is made with a triangular needle hole. Look at your needle holder before ordering and make sure that it is provided with a triangular hole. Shipping weight, 2 oz.

No. 20N5365 Package of 100 needles.....35c

Wade Fibre Needle Cutter.

For repointing B. & H. Fibre Needles. Saves its cost many times by lengthening the life of your needles. Blade may be sharpened. Cutter lasts a lifetime. Shipping weight, 8 ounces.

No. 20N5366 Price.....$1.50

The Famous Tusko Needle.

Exact size.

Each of these wonderfully fine phonograph needles is made from a thorn of the cactus plant, which has been specially treated and shaped by hand. They are very hard and sharpened to a needle point. **They do not injure the record, no matter how many times it is played,** whether with the same Tusko needle or with several. The point of a Tusko needle wears away in use, just the same as a steel needle, but a few strokes on the fine emery paper accompanying the package will restore a perfect playing point. Thus these needles may be used over and over again indefinitely. They will last for years. Their purchase is a distinct economy. They never become noisy or scratchy. They are ideal for home use when soft tones are desired, rather than great volume. Although, when made very short they will produce as great volume as a steel needle. They are put up in cards of 1 dozen. Shipping weight, 2 ounces.

No. 20N5330 Price, per card.....90c

Sapphire Pointed Needle for Edison Records.

Exact size.

No. 20N5334 This Sapphire Pointed Needle is made especially for playing Edison records on machines so constructed that the sound box can be turned to the position illustrated in Figure 2 above. The point is made of fine quality extra hard Ceylon sapphire, the best and hardest sapphire we can obtain. It is accurately ground to a fine, smooth, slightly rounded point, exactly fitting the grooves of the Edison record. It wears indefinitely and may be used for years. Shipping weight, 1 ounce.

Price, each.....60c

Diamond Pointed Needle for Edison Records.

No. 20N5335 Diamond Pointed Needle for Edison records. Exactly the same as No. 20N5334, but with genuine diamond point instead of sapphire. The only advantage of a diamond point over a good sapphire point lies in the fact that it wears longer, but points made from high grade Ceylon sapphire will play several thousand records before showing any signs of wear, so there is little or no economy in the diamond pointed needles. Shipping weight, 1 ounce.

Price, each.....$2.95

NOTE—The Nos. 20N5334 and 20N5335 needles may also be used for playing COLUMBIA, SILVERTONE, Victor, Little Wonder or Emerson records (with the sound box in position as shown in Figure 1 above), but we do not recommend these nor any other jewel pointed needle for playing records of this type. They do not play them any better than a steel needle, and they wear them out more rapidly. They are made especially for playing Edison records and play them well.

Sapphire Ball Needle for Pathe Records.

Exact size.

No. 20N5336 This needle is made especially for playing Pathe records on machines so constructed that the sound box can be turned to position shown in Figure 2 above. It is not suitable for any other kind of record. The point is made of extra hard Ceylon sapphire, the best and hardest sapphire we can obtain, carefully and accurately ground to a ball shape to fit the grooves of the Pathe record. Shpg. wt., 1 oz.

Price, each.....50c

Your Money Returned, Including Transportation Charges You Paid, If We Fail to Satisfy

Supplies and Accessories

Lubricate a New Mainspring.

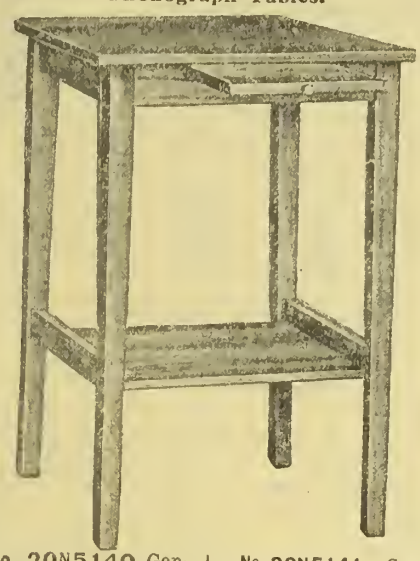
If you have occasion to order a mainspring to replace a broken one, be sure to order with it a can of lubricant that you may lubricate it thoroughly and properly after placing it in the spring barrel. Ordinary machine oil should not be used for this purpose. Something more substantial and lasting is needed. For that purpose Eureka Lubricant (No. 20N5310) has been specially prepared. If this is freely applied when the spring is placed in the barrel the lubricant will work in between the coils, giving a free, smooth running motor and preventing grinding and "jumping" or "knocking" of the spring. One lubrication will last a long time.

No. 20N5310 Mainspring Lubricant. A specially prepared graphite paste for mainspring lubrication. One can will lubricate any one or two-spring motor. For a three-spring motor two cans are needed. See note under mainsprings listed on this page. Shipping wt., 10 oz. Price..18c

No. 20N5311 Phonograph Oil. A refined, very high grade lubricating oil, especially adapted to phonograph motors, clocks, sewing machines and other delicate machinery. The cork is fitted with patent dropper. Shipping weight, 6 ounces. Price.....13c

No. 20N5312 Worm Gear Lubricant. A preparation resembling vaseline, prepared especially for worm gears and other gears, where ordinary thin oil is not so effective. Also a rust preventive. Shipping weight, 12 ounces. Price.....13c

Phonograph Tables.



No. 20N5140 Genuine Oak Table. 30 inches high, 23 inches deep, 19 inches wide. Suitable for use with any table phonograph. Shipping weight, 40 lbs. Price $7.75

No. 20N5141 Genuine 5-Ply Mahogany Veneered Top. Rest of table gumwood finished just like mahogany. 30 inches high, 25 inches deep, 20¾ inches wide. Suitable for use with any table phonograph. Shipping wt., 40 lbs. Price.....$7.75

Reproducers and Parts.

No. 20N5224 Diaphragm, French glass, for recorders and old style reproducers, cylinder machines. Diameter, 1⁹⁄₁₆ inches. Shipping weight, 1 ounce. Price.....5c

No. 20N5225 Diaphragm, mica, fits all Victor Exhibition reproducers and reproducers used with old style Columbia and all Oxford Phonographs. Diameter, 1²³⁄₃₂ inches. Shpg. wt., 1 oz. Price.35c

No. 20N5226 Diaphragm, mica, fits all Columbia No. 6 reproducers. Diameter, 2⁵⁄₃₂ inches. Shipping weight, 1 ounce. Price.....35c

No. 20N5227 Diaphragm, mica, fits SILVERTONE reproducers used with Models IV, VI, VII, VIII, VIII-A, IX, X, XII, XIV and XVI SILVERTONE Phonographs. Diameter, 1³¹⁄₃₂ inches. Shipping weight, 1 ounce. Price.....35c

No. 20N5228 Diaphragm, composition, fits Home reproducers used with Models I, II and III SILVERTONE Phonographs. Diameter, 1³¹⁄₃₂ in. Shipping weight, 1 ounce. Price.....10c

No. 20N5229 Diaphragm, mica. Diameter, 1⅞ inches. For new style SILVERTONE reproducer. Shipping weight, 1 ounce. Price.....35c

No. 20N5230 Diaphragm, composition. Diameter, 1⅞ inches. For new style Home reproducer. Shipping weight, 1 ounce. Price.....10c

No. 20N5260 SILVERTONE Reproducer, latest improved type, with selected mica diaphragm, complete, ready to use. Fits any SILVERTONE Phonograph or Victor talking machine. Nickel plated. Shpg. wt., 1 lb. Price.....$3.50

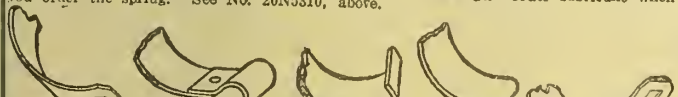
No. 20N5261 SILVERTONE Reproducer, same as No. 20N5260, but gold plated. Shipping weight, 1 pound. Price.....$4.50

No. 20N5268 Rubber Hose Diaphragm Gasket for all SILVERTONE and Home reproducers, used with SILVERTONE Phonographs. Shpg. wt., 1 oz. Price, set of two gaskets.....10c

No. 20N5272 Reproducer Ball, made of genuine sapphire, high grade. (Plays 2-minute cylinder records only.) Shipping weight, 1 ounce. Price, each 50c

Mainsprings.

Mainsprings connect with the spring barrels in different ways. Most have "Marine" ends; some have "Hook" ends; some have "Loop" ends; some have two different ends on the same spring. The illustrations below show these various kinds. In ordering, read closely the descriptions and then consult these drawings. Order lubricant when you order the sprug. See No. 20N5310, above.



Catalog No.	Length, Feet	Width, Inches	Ends	Shipping Weight	Price
20N5284	11	6³⁄₆₄	Both ends Marine	10 oz.	$0.77
20N5285	11	2⁹⁄₃₂	Both ends Marine	11 oz.	.66
20N5286	9	2⁹⁄₃₂	Both ends Marine	12 oz.	.55

20N5299	13	1	These three springs have rectangular hole, outer end; Marine, inner end.	2 lbs.	.94
20N5301	16	1		2½ lbs.	1.14
20N5302	10	1		1¼ lbs.	.72
20N5303	10	1			
20N5304	13	1	Both ends Marine	1 lb.	.66
			Both ends Marine	2 lbs.	.88

Governor Springs.

In replacing a broken governor spring it is necessary that the new spring be exactly like the old one. It must not only be of the same length and thickness, but the weight or ball attached must be of the same weight as the other. If this is not the case the motor will not run quietly and true. When only one or two springs of the set are replaced, there may be a difference between the new and the old. Therefore we list governor springs only in sets of three. Nos. 20N5276, 20N5277, 20N5281, and 20N5283 have the weights attached. The others are springs only. The weights must be unscrewed from the old springs and attached to the new.

Governor Spring.

No. 20N5275 Governor Springs, 1⅞ inches long, ⅛ inch wide, flat. Shpg. wt., 1 oz. Price, set of three.....15c

No. 20N5276 Governor Springs, with weights attached, 1⅞ inches long, 3⁄16 inch wide. Weights slightly off center and outer faces beveled. Shpg. wt., 5 oz. Price, set of three.....30c

No. 20N5277 Governor Springs, with weights attached, 1⅞ inches long, 3⁄16 inch wide. Shipping weight, 5 ounces. Price, set of three.....30c

No. 20N5278 Governor Springs, 1⅞ inches long, 3⁄16 inch wide, bent slightly at each end and in middle. Shipping weight, 1 oz. Price, set of three....15c

No. 20N5279 Governor Springs, 2 inches long, 3⁄16 inch wide, flat. Shipping weight, 2 oz. Price, set of three.....15c

No. 20N5280 Governor Springs, 2⅞ inches long, 3⁄16 inch wide, bent slightly at each end and in middle. Shipping weight, 2 oz. Price, set of three....15c

No. 20N5283 Governor Springs, with weights attached, 1³¹⁄₃₂ inches long, 3⁄16 inch wide. Shipping weight, 5 ounces. Price, set of three.....45c

You'll Have a Lot of Fun With These Dancing Figures

Here are some comedy artists worth watching—Ragtime Rastus, the Boxing Darkies, Uncle Sam and the Kaiser—some of the jolliest little fun makers you ever saw. Fun for the grown folks as well as for the children. Slip on a lively record, set one of these in place and you'll laugh whether you want to or not. They're such ridiculous little chaps. They make your funny records ten times funnier.

The figures may be placed in position or detached in a few seconds. They do not injure the phonograph or record. They do not affect the music in any way. The little fellows simply dance or box or fight to any lively tune as the phonograph plays, keeping perfect time to the music. They are well made and put together and should last a long time. They are painted in bright, attractive colors.

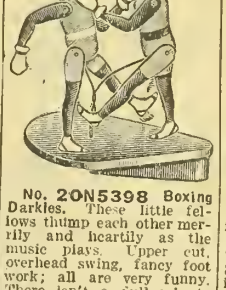
The first cost is small and the upkeep is nothing per day.

These dancing figures fit any SILVERTONE Phonograph (pages 950 to 959) and any Victor or Columbia talking machine, provided the turntable shaft, which comes up through the hole in the center of the record, is ¼ inch diameter and extends at least ¼ inch above the record when in place for playing.

No. 20N5397 Ragtime Rastus. One of the funniest dancing figures ever made. Rastus is the original ragtime coon, doing buck and wing and double shuffles in perfect time to the music. He has a lot of steps all his own which always get him a laugh and a "hand." Height of figure, 9½ inches. Shipping wt., 14 ounces. Price.....85c

No. 20N5400 Combination Rastus and Boxing Darkies. Both sets at little more than the price of one. They use the same dancing platform. One figure may be quickly changed for the other at will, without removing the platform. Shipping weight, 1 pound. Price.....$1.28

BOXING DARKIES.



No. 20N5398 Boxing Darkies. These little fellows thump each other merrily and heartily as the music plays. Upper cut, overhead swing, fancy foot work; all are very funny. There isn't a dull minute after the record starts. Height of figures, 4 inches. Shipping weight, 14 oz. Price $1.06

UNCLE SAM AND THE KAISER.

No. 20N5396 Uncle Sam and the Kaiser. Here's where the Kaiser "gets his." Your Uncle Samuel hands it to him in lively fashion. He beats him over the head and kicks him vigorously. Uncle Sam is 5 inches high. Shipping wt., 1 lb. Price $1.06

Oxford Indestructible Cylinder Record

They Do Not Break. They Do Not Wear Out. The Tone Is Full, Pure and Brilliant.

The Oxford Indestructible Records are standard size cylinder records representing the very latest achievement in the art of record making. In volume of sound, clearness, accuracy of reproduction and musical quality, they are unsurpassed by any cylinder record made and, moreover, they are unbreakable. These remarkable records may be dropped on the floor, thrown across the room, or handled as roughly as you please, without suffering the slightest injury. They do not wear out in use, and even after they have been played thousands of times the reproduction is just as full, clear and perfect as it was the first time they were put on the machine.

The Two-Minute and Four-Minute Records are exactly the same size, but the Four-Minute Records play twice as long as the Two-Minute. On a Four-Minute Record the entire selection is given—from four to five minutes of solid entertainment. The Four-Minute Records are made with 200 recording lines to the inch instead of 100, thus doubling the playing length, without changing the size of the record itself.

39c EACH FOUR-MINUTE RECORDS $4.60 A DOZEN

Order by No. 20N5106. Give selection number of each title.

The records listed here are Four-Minute Records only. Do not order Two-Minute Records from this list. See list follow

These Four-Minute Records play from four to five minutes. They fit any Columbia Cylinder Graphophone, any Edison Phonograph or any cylinder talking machine that Sears, Roebuck and Co. have ever sold, provided the machine is equipped with a special Four-Minute Attachment.

Most of the Columbia and Edison machines sold in recent years equipped with the Four-Minute Attachment. If your machine is not vided with this attachment you cannot use Four-Minute Records. Ship weight: One record, 5 ounces; one dozen records, 4 pounds.

VOCAL SOLOS.

Orchestra Accompaniment.

3227 All Aboard for Blanket Bay.

9c LITTLE WONDER RECORDS 9 EA

EACH

These are the genuine Little Wonder Disc Records. They are well named. They are truly wonderful. Except for their size (5 inches in diameter), they are identical in recording and manufacture with the 10-inch and 12-inch records which cost many times the Little Wonder price. They are made in the same way from the same material. Well known singers and other performers are engaged and the recording method employed is exactly the same as that used for making the larger and higher priced records. They play one and a half minutes. The average 10-inch record plays two and a half minutes. In musical tone and in volume they are surprisingly good.

Like any other good record, the better the phonograph on which Little Wonders are played the more musical they are. They are not merely toy records for the children to play with, although the youngsters dearly love them. The recordings are up to the minute. They include most of the new, catchy features of the day as well as the old time favorites—songs and instrumental music. Some of this, perhaps, you may not care to buy on regular records. If so, try the Little Wonders. They cost so little you can afford anything you want and throw it away when you tire of it. **All Records Added Since Our Last Catalog Was Printed Are Marked With a Star (*).**

VOCAL SELECTIONS WITH ORCHESTRA ACCOMPANIMENT.

Little Wonder Record Bargains

After revising our list of selections for this season we find that we have on hand several thousand Little Wonder Records which the space at our disposal in this catalog does not permit us to list by titles. We have taken all of these selections and have also included a number of especially popular titles shown in our regular list on this page. These we have put up in collections of twelve titles each, which we offer at the special price quoted below in order to close them out. Bear in mind that these are all good records; all brand new and in perfect condition.

No. 20N5182 Special Collection, Twelve Little Wonder Records, our selection of titles. Shipping weight, 2 pounds. **80c**

Beckwith Quality

Brings us Thousands of Letters Similar to This One.

Cerro Gordo, Ill.,
January 28, 1918.

Sears, Roebuck and Co.,
Chicago, Ill.

Gentlemen:

The Beckwith Piano I bought from you more than a year ago is truly the biggest bargain I ever received. It is far better than I expected for the money. If I could not get another one like it, I would not sell it for twice the price I paid. It is the pride of our home.

I saved $185.00 on this purchase.

Yours truly,

Box 186. GEO. H. SNOPE.

For Value, Satisfaction, Reliability And Quality—Choose A Beckwith.

Beckwith Pianos and Player Pianos Are Fine in Every Element That Constitutes Quality

A Consensus of Opinion—"Trial by jury dates from remote antiquity. It has withstood the reign of tyrants, survived the overthrow of dynasties, refuted the criticism of its enemies and remains as one of the best expressions of free government."

We want your family and friends to represent **the jury** and, after due consideration, to render a verdict for the Beckwith, strictly on its merits—a *conclusive decision* which can come only after a trial and when all are agreed.

Over 25,000 decisions in favor of Beckwith now on record.

In anticipating the needs and demands of millions of our customers for necessities and general merchandise, we are placed in a most excellent position to supply their requirements for pianos and player pianos.

Nearly 11 acres of factory space (excluding vacant yards for storage, etc.) are almost entirely employed in producing Beckwith Pianos, Players and Organs. And the *large volume of business* done is handled without any publicity advertising other than our own catalogs and circulars and without the assistance of salesmen or agents. Therefore, it is only fair to presume the quality and price of the Beckwith make their own appeal—convince by reason of merit, and satisfy the most exacting of purchasers.

Even in face of unprecedented increase in cost of materials and labor, we are able to provide high grade instruments at only a slight increase over former prices.

This Instrument Combines Superior Mechanical Construction With Artistic Beauty in Case Design.

THE higher you value the attractiveness of your home, the more *you will appreciate* the elegance of the Style 40 Beckwith Player Piano. Its beauty of design will always appeal. It will respond adequately to *every musical demand* of an artist. It will stimulate a desire for better music in the home and make friends for you.

Although the price is a little more than you would have to pay for one of our other good pianos, the difference is not great and is easy to pay, especially when distributed over a period of years.

Easy to Operate.

Equipped with modern expression devices for securing the finest musical effects, this player piano enables *anyone to play* the most difficult music with great feeling and expression. The ease of control gives you a pleasant feeling of confidence in your ability to *play well.* Unlimited musical possibilities are provided by its complete yet simple mechanical construction.

The Best Music.

Your family will find endless joy and inspiration in the world's best classical music or the catchy songs and dances of the day.

Twenty-Five Year Guarantee. The material and workmanship used in this instrument are of but one standard—the best. **Our guarantee** protects you fully against defective workmanship or material.

Our Guarantee Is Your Protection. We MUST Satisfy You in Every W

Player Piano

Artistic in Appearance
Exquisite in Musical Quality
Completely Modern in Construction

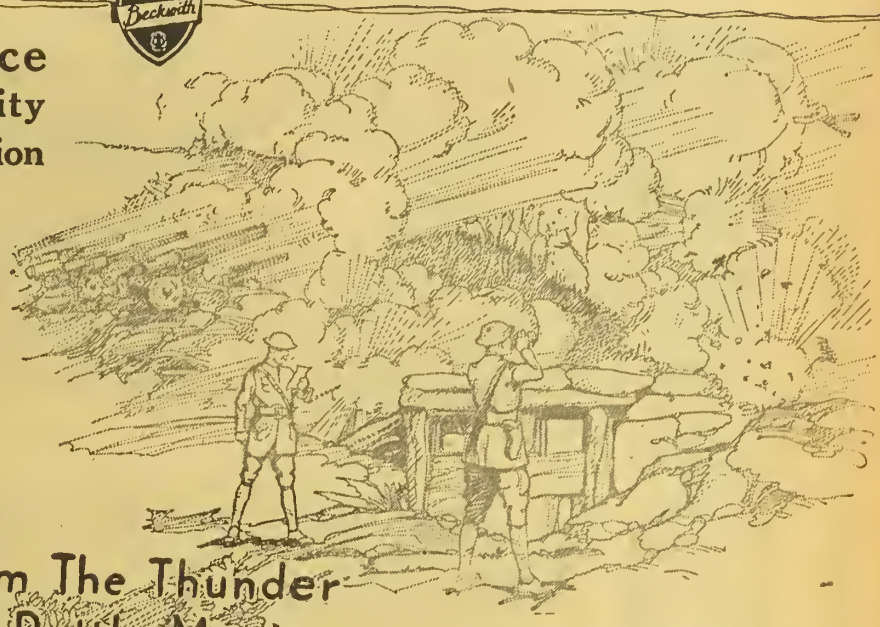
THIS instrument leaves little to be desired as a fine player piano. No money has been spared to insure its high quality in every particular.

Musical satisfaction naturally follows a fine piano into your home, but it is the *lasting* satisfaction of this instrument that we want to emphasize. Within its case are hidden the results of many dollars' worth in material and workmanship. And it is this *careful selection of materials* and the little niceties of workmanship, all of which are not readily seen, which contribute greatly to the wearing qualities and lasting satisfaction, and really provide in the end the most for your money.

Tone Quality.

The most essential thing about a really fine instrument possibly is its *tone quality*. In perfecting this instrument, special care has been given to this feature in the careful selection of the scale, sounding board, strings, special hammer felts and action—all of which are of the best and are employed in conjunction with most scientific workmanship in producing unusual musical qualities.

From The Thunder of Battle Music to The Whispering Reveries of Gentle Winds



Every Shade of Expression Can Be Easily and Quickly Produced.

All the most beautiful music—such as Wagner's Tannhauser or Nevin's Serenade, with their delicate phrasings—is at your command at an instant's notice together with folk songs, children's songs and the popular music of the day.

The delights of musical expression help to make people better and aid in transforming an ordinary world into a pleasanter place to live. Even if you know nothing at all about playing, the Beckwith Player Piano makes it possible for you to express *your own musical feelings* in *your own way.*

No. 46N240

BECKWITH PLAYER PIANO, STYLE 40, including music cabinet to match, large enough to hold fifty rolls of music; also a player bench, green plush scarf, instruction book and twenty rolls of music. Even in the face of unprecedented increases in the cost of materials and labor, we are able to provide high grade instruments at only a slight increase over former prices.

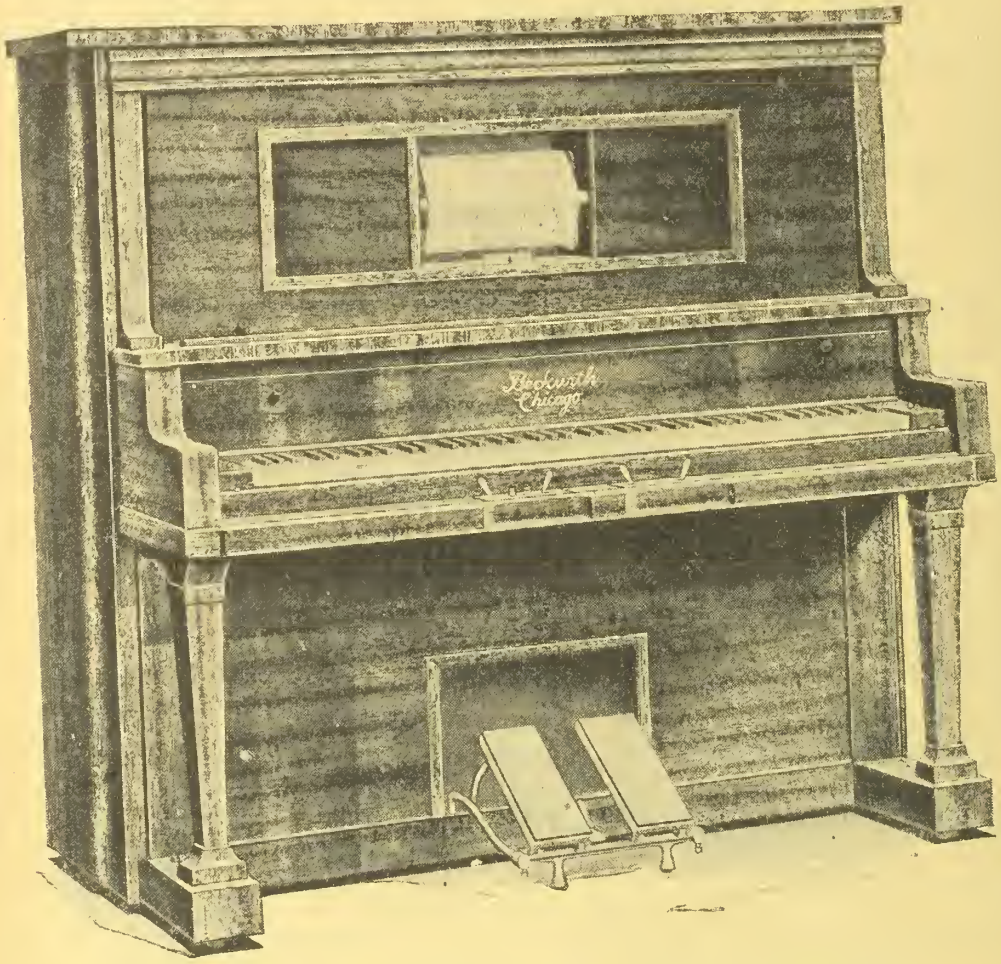
Beckwith Player Piano

Universally Acclaimed—
A Most Desirable Instrument.

Style 20

Even in the face of unprecedented inc in cost of materials and labor we are provide high grade instruments at o slight increase over former prices.



The Player Piano for Your Home

Fine Quality Throughout.

THE Beckwith Player Piano, Style 20, is *perfectly reliable* and insures lasting satisfaction. Every instrument is substantially built. Only first class selected materials are used in its construction. High grade varnishes are employed and the finish throughout is of the best. *The quality* of action, keys and strings all contribute to the accepted reliability and fine tone of the Beckwith, as proved by thousands of our satisfied customers now using this instrument in their homes.

Equipment.

The complete standard equipment of expression buttons, levers, automatic tracking device and pneumatic pedal action makes operation of this instrument a very simple matter—anybody can play it with the greatest musical expression. No special knowledge nor study of music necessary.

Your Satisfaction.

The unlimited possibilities of this player piano—its durability, reliability and good service—are sure to win and hold your good will and deepen your satisfaction as you use and enjoy it.

For extra player music rolls see pages 1000 and 1001.

A Record of Good Service

$8.00 A Month Pays for it

in the face of unprecedented increases of materials and labor we are able to high grade instruments at only a slight over former prices.

Is Established Throughout the Country by This Instrument

THE reputation of the Style 20 Beckwith Player Piano for *value and service* is known in every state throughout the country. We are constantly receiving numerous letters of appreciation from our customers who bought these instruments years ago, and still have them in practically perfect working order.

It is an *admirable instrument* from every point of view. The tone is pure and liquid in character, and has a substantial musical depth and fullness. The case is very attractive in design and finish, and possesses an elegance found only in high priced instruments. The action is *thoroughly dependable* and works satisfactorily at all times, requiring little, if any, adjustment.

30 Days' Trial

We will ship this Beckwith Player Piano, Style 20, to reliable parties on thirty days' trial, and will even ADVANCE FREIGHT CHARGES. If after thirty days' trial the player piano is entirely satisfactory, send us $10.00 as first payment and the freight charges we advanced. The balance is payable at the rate of $8.00 A MONTH. If at any time during the first year the player piano does not prove entirely satisfactory, it may be returned and we will send back all the money you paid on it, including freight and cartage charges.

Music.

Have you ever thought of the wonderful difference between the home *with music* and one without?

Have you thought of the many hours so pleasantly spent when young folks and old alike are gathered together listening to good music?

You have doubtless experienced that bond of friendship which is so often inspired when listening to good music—or when dancing to a lively, catchy air—properly rendered. Instinctively the best that is in us comes out under the **influence of music.**

A "Beckwith" Player Piano will provide music of almost any kind.

It can be purchased on very reasonable terms.

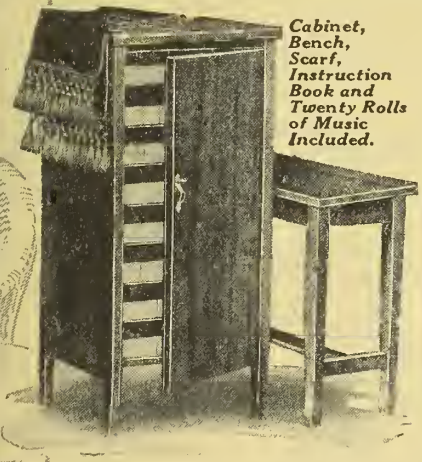
You can have it right in your own home for the benefit of your family, yourself, your relatives and friends.

Reliability.

Complete satisfaction must carry with it a conviction of reliability. The maze of questions which usually confronts you as a piano buyer—questions of quality, relative value, durability, service, etc., are all answered in the one word—"reliability"—reliability of the company from whom you purchase, which in turn is exemplified in the instrument.

In offering our customers exceptional values in pianos we expect them to be a constant reminder in years to come of the *good values* we furnish in every line of merchandise.

Our motives can be practically employed only by supplying you with an instrument which is possibly **even better** than you had any hopes of receiving, at the price you may want to pay.



Cabinet, Bench, Scarf, Instruction Book and Twenty Rolls of Music Included.

No. 46N220

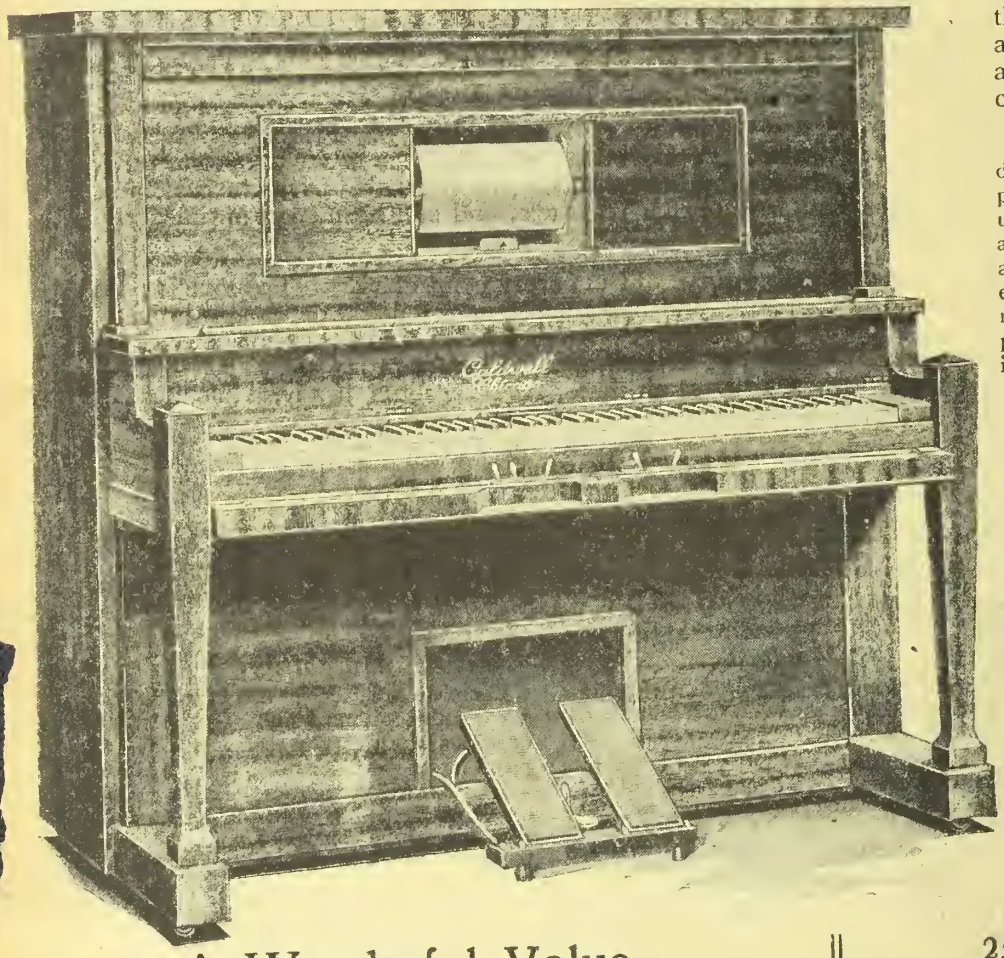
The Caldwell Player Piano



A Low Priced Instrume of Good Quality

IN response to a certain de mand for a dependable, lo priced player piano, we offe the Caldwell, which we heartil recommend as an instrume that is sure to meet with approv and give general satisfaction t all with whom *price* is a seriou consideration.

The case is distinctively plain design, but *strictly up to date.* As piano, this instrument possesses u usual musical qualities. The play action is well finished, is easily ope ated and unusually responsive. It equipped with a tracking device, aut matic pedal, crash valve, and contai practically all the developments fou in higher priced player pianos.

30 Days' Trial

Send no money with your ord We will advance freight charges a ship this instrument to reliable perso for a thirty days' trial. If after t trial the player piano is entirely sat factory, send us the first payment $10.00 and freight charges we a vanced. The balance is payable the rate of

No Interest **$8.00 A Month** *No Extra*

If after thirty days' trial you are satisfied with the player piano, retu it to us, and we will pay any expe incurred by the trial.

A Wonderful Value

ALTHOUGH we do not represent this instrument to be equal in every respect to our higher priced player pianos, we do not hesitate to recommend it as a *most desirable instrument*, both as a piano and as a player. The amount of relative value represented at this price is really wonderful when considered from a musical or mechanical standpoint, to say nothing of the fine finish and selected veneers used in the case.

After this year we do not expect to be able to offer this instrument at the present low price. The present manufacturing cost is altogether too great even now, and is constantly advancing.

You Take No Risk. If at any time within one year from the date of purchase this instrument proves unsatisfactory, it may be returned and we will send back all money you have paid on it, including freight and cartage charges.

Size, 4 feet 8 inches high; 2 feet 3½ inches wide; 5 feet 4 inches long. Weight, boxed, including accessories, about 1,000 pounds.

Pianos cannot be shipped as quickly as other merchandise. Be sure to allow for the little extra time it takes to get this instrument ready for shipment from our factory.

Use order blank opposite page 985.

No. **46N260** Caldwell Player Piano, including music cabinet and bench to match, green plush scarf, instruction book, and twenty rolls of carefully selected music. Furnished in mahogany only.
Price, at $8.00 a month **$398.00**

25-Year Guarantee

This instrument carries our regular twen five-year guarantee against defective workm ship or material. Your interests are fully p tected.

Cabinet, Bench, Scarf, Instruction Book and Twenty Rolls of Music Included.

For Complete Information About Freight and Express Shipments, Read Pages 926 a

Popular Priced Pianos

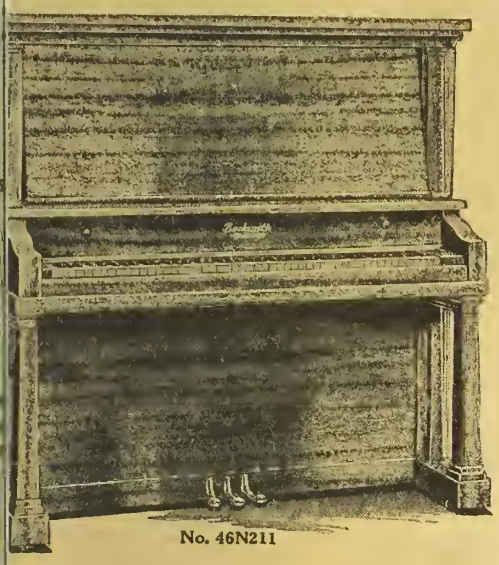
30 Days' Trial—$5.00 a Month

WE will ship any of these four instruments to reliable persons for thirty days' trial, and *even advance the freight charges.* If ıe instrument you choose is satisfactory at the ıd of thirty days' trial, send the first payment $10.00 and the freight charges. The balance payable at the rate of $5.00 a month. If you ·e not entirely satisfied with the instrument, ɔu may return it, and we will pay any expenses curred by the trial.

To Order One of These Pianos, Use the Order Blank Opposite Page 985.

The pianos shown on this page are *excellent struments* and will give relatively the same tisfaction as the higher priced pianos. The signs are very attractive and the cases beautilly finished. In tone, action and general con-uction these instruments represent remark-le value at **low prices.**

No matter which instrument you choose, you can be ·e of getting a piano that represents an unusual value the price we ask.



No. 46N211

ckwith Style 11

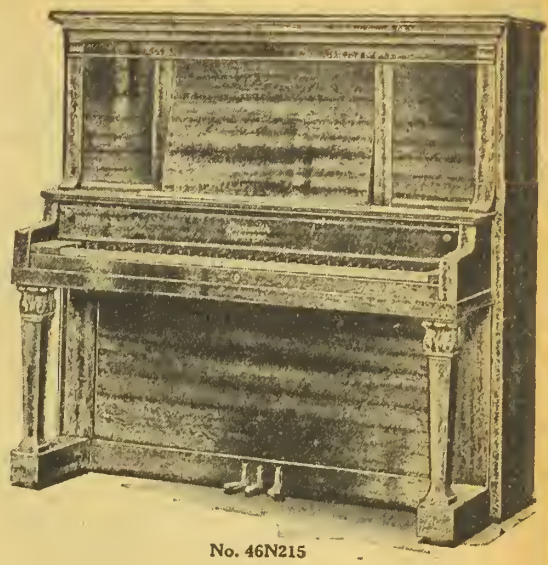
'his is one of our *finest pianos.* It contains ctically the same general construction as ıd in higher priced instruments. The full al plate, sounding board, strings and keys of the same quality as those used in our kwith Concert Grand (Pompeian Style) ıo, and are strictly first class in every ɔect. The veneers used are specially selected show up to good advantage on the plain : of this design. Furnished in mahogany, oak alnut. Walnut is $2.00 extra. **Be sure to specify h wanted.** Size, 4 feet 10 inches high, 2 feet 3½ :s wide, 5 feet 5 inches long. Weight, boxed, about ɔounds.

ɔ. **46N211** Price, including bench, and instruction book.....**$276.00**

Beckwith New Special

We heartily recommend this Beckwith Piano as a *very good, medium priced instrument.* The case is well proportioned, generally plain in design, but has carved trusses and center swing music desk. It is beautifully finished and hand rubbed to a high polish. *The action* is very responsive and permits of rapid repetition. The tone is mellow and pleasing. Furnished in mahogany, oak or walnut. Walnut is $2.00 extra. **State choice of veneer.** Size, 4 feet 9½ inches high, 2 feet 3½ inches wide, 5 feet 1½ inches long. Weight, boxed, about 950 pounds.

No. 46N215 Price, including bench, scarf and instruction book.....**$249.00**

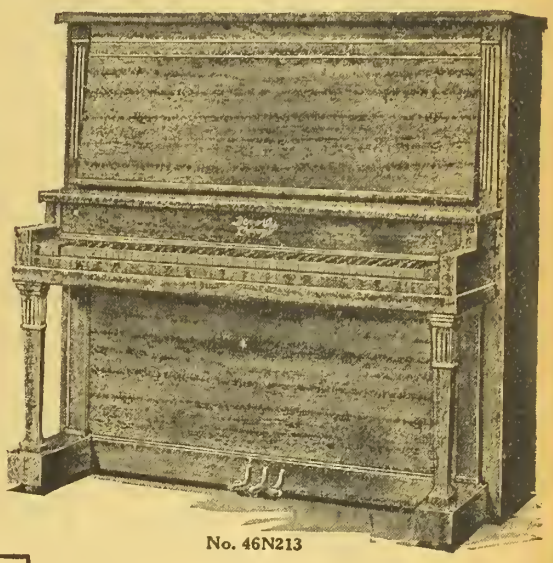


No. 46N215

Beverly Medium Size Piano

This piano is notable among medium priced instruments for *pleasing tone* and *attractive case.* The design is a very popular one. High grade varnish only is used, so it is very beautifully finished throughout. Furnished in mahogany or oak. **State choice of veneer.** Size, 4 feet 9½ inches high, 2 feet 3½ inches wide, 4 feet 10¾ inches long. Weight, boxed, about 850 pounds.

No. 46N213 Price, including stool, scarf and instruction book.....**$227.00**



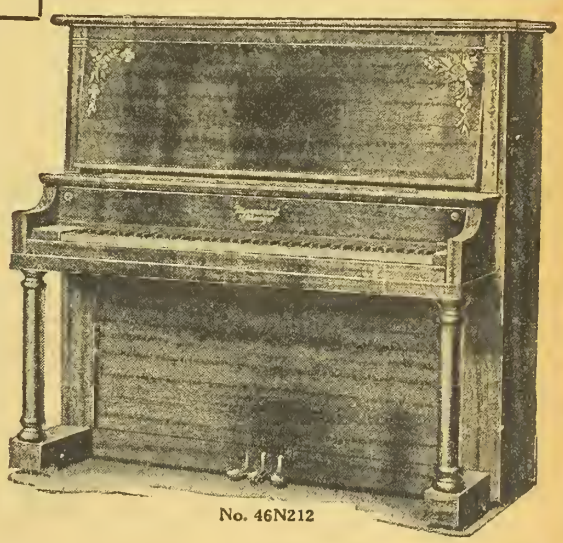
No. 46N213

For $6.00 extra we will omit the stool and send a bench instead with the Beverly and Maywood Pianos.

Maywood Small Size Piano

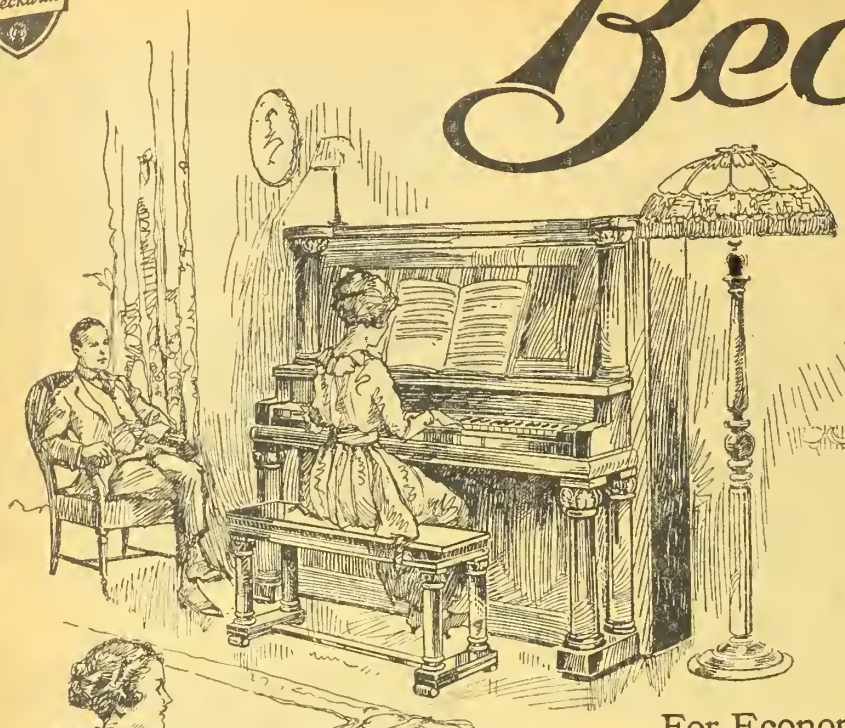
In size this piano is well adapted for a small room. It is an *exceptional value* for the price. The tone, although not as loud as found in larger pianos, is sweet and very satisfying. The case is beautifully veneered and well finished with a high polish. **State finish wanted**—mahogany or oak. Size, 4 feet 7 inches high, 2 feet 3½ inches wide, 4 feet 10 inches long. Weight, boxed, about 800 pounds.

No. 46N212 Price, including stool, scarf and instruction book.....**$198.00**



No. 46N212

Beckwith



Notable for its beauty of Design, Solidity of Construction and Exquisite Tone

These instruments are remarkable values, price and quality considered. Verify this by taking advantage of our thirty days' trial offer. You are to be the judge.

Buy the Beckwith for your family on our easy payment plan.

It will add much to your happiness and good times.

Be Wise—Exercise Judgment With Economy

Today, possibly more than ever, you should use your best judgment in spending money. Buy wisely—buy quality and also save money.

For Economy, Service and Durability Choose a Beckwith

THE musical worth of any instrument must naturally be the first con sideration and in this particular the Beckwith excels. The vibratio acoustics, balance of scale, strings and hammer felts have all bee given the most careful consideration, so that the tone produced is smoot *sympathetic and resonant.* This beautiful Beckwith tone will measure u we are sure, to the complete satisfaction of the most exacting purchasers.

Having produced a tone, the quality of which is exceptional, ever means to *retain it* is employed. The construction of every other part, th back, metal plate, and the general reinforced case construction is of th best workmanship and contributes to the lasting results for which th Beckwith is famous.

TRUE ECONOMY IS NOT ACHIEVED BY PURCHASING A CHEAP PIANO, BUT A THOROUGHL GOOD PIANO AT A FAIR PRICE—The purchaser of a Beckwith has a definite certainty of his mon being well spent. Tens of thousands of our customers are getting most satisfactory service and w continue to do so for years to come from these carefully constructed and dependable instrumen

Our Methods.

We purchase for cash all raw materials at the lowest possible figure.

We have unsurpassed facilities in manufacturing from raw materials to finished product.

We employ most economical methods of handling pianos, eliminating much expense to our customers.

We sell on most favorable terms—no interest—allow thirty days' trial—one year for the instrument to prove entirely satisfactory, and give a guarantee of twenty-five years against defective workmanship and material.

Therefore, we believe, we can serve our customers advantageously—with greatest convenience—and give most genuine satisfaction, because of our *price, quality* and *method of handling.*

$5.00 A Month

Send no money with order. If the piano is satisfactory after thirty days' trial, send first payment of $10.00 then, together with freight charges. The balance is payable at the rate of $5.00 a month—no interest.

Use order blank opposite page 985.

Beckwith Piano

This Piano Establishes Our New Quality Standard

Our Latest Effort and Greatest Success

The Finest We Know How to Produce

Made for Those Who Know And Demand The Best

IN THE manufacture of the Beckwith Piano, Style 10, our **definite ideals** as to tone quality, mechanical correctness and beauty of design have been attained. All of these have been beautifully accomplished at a remarkably low price.

Honesty of construction and strict adherence to fundamental ethics in piano building are responsible for the wonderful tone and responsive action found in this instrument. In offering this piano, **quality is the paramount issue.**

HERETOFORE when you thought of the **best** piano—the one you would like to own—you also thought, no doubt, of the price you would have to pay; and this was then doubtless more than you felt you could afford.

Our most economic methods employed in the manufacture and sale of pianos **now** make it possible for you to own this strictly high grade instrument at a price within reach of all.

Made with a definite purpose—an intense desire to produce, if possible, a piano of even **finer quality** than we have heretofore been able to make—it now stands without doubt the most wonderful instrument we have ever offered.

This piano will meet with your every musical demand, satisfy the most exacting purchaser, and provide the best kind of an instrument at a price only slightly more than you would have to pay for one of our other fine pianos.

Tone Is the First Essential

PRONOUNCED BEAUTY is found in the case design—its strong, simple construction is apparent at first sight; but **the great worth** of this piano lies in its careful workmanship, responsive action **and pure liquid tone.**

It is safe to say that you will never exhaust the great musical possibilities that lie in this instrument. Each new piece of music played will bring forth additional *blending tonal effects.* Those who put *tone quality* first invariably select the Beckwith Style 10 after trying it.

We Can Only Repeat—

We have explained to our customers from time to time in different messages sent them through our catalogs much about our fine Beckwith Pianos.

We have recited our great ambition to make the "greatest piano in the world for the money."

We have stated our almost phenomenal increase in making and selling **direct to the home** High Grade Pianos and Player Pianos.

We have told of our wonderful increase in sales by reason of our success.

We can only repeat what we have already stated, but in so doing we repeat with that confident forcefulness which comes only after **actual accomplishment.**

We Say Conclusively—

In this instrument you will obtain our very best piano, which is sure to fill every requirement from a musical as well as construction standpoint.

For sheet music see pages 1002 and 1003.

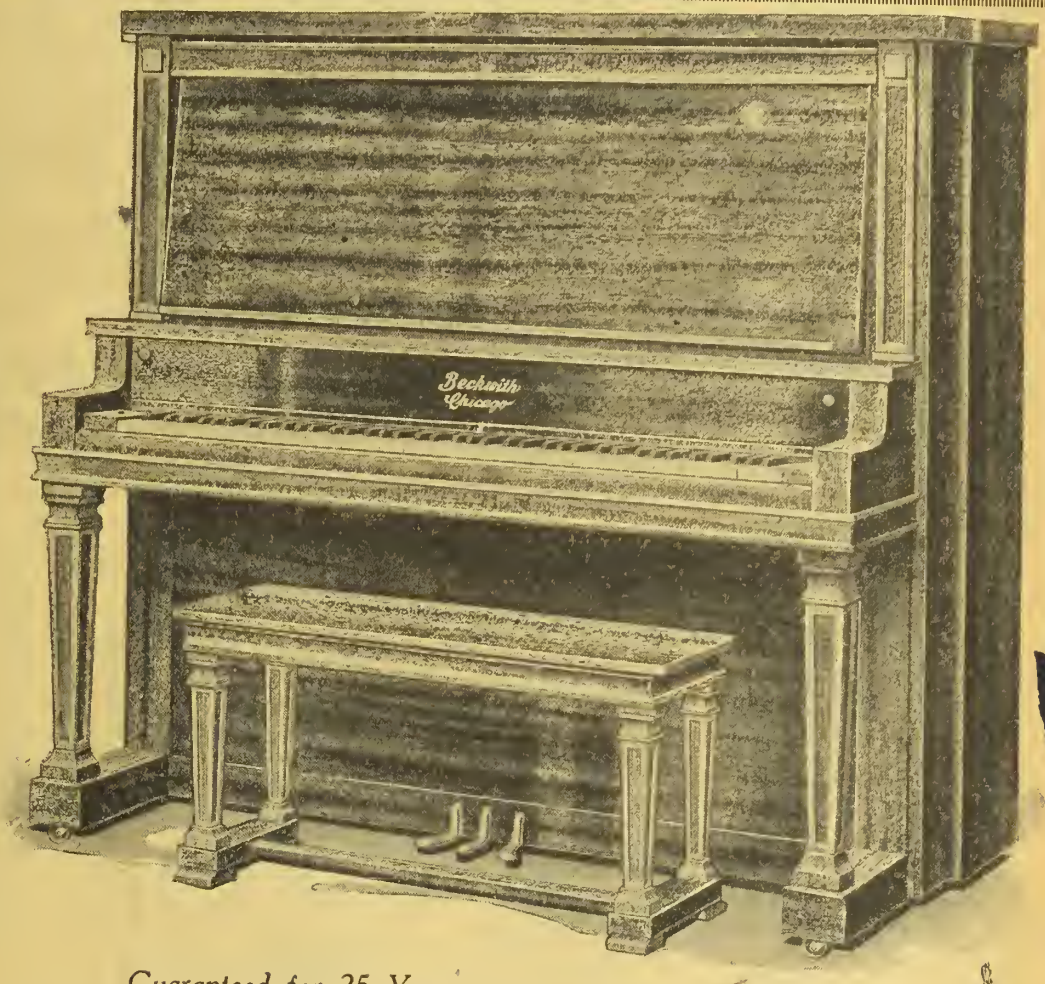
$5.00 A Month

No interest, no extras. If at any time within one year from date of purchase this instrument proves unsatisfactory, it may be returned, and we will send back all money paid on it, including freight and cartage charges.

Size: 4 feet 10 inches high, 2 feet 2½ inches wide, 5 feet 4 inches long. Weight, boxed, including bench, about 950 pounds.



Guaranteed for 25 Years

The Case. In the distinctive case design of the Beckwith Style 10 the graceful lines have a pronounced beauty such as is found only in the very highest priced pianos. In type and style it resembles closely that of the **Adam period** furniture so extensively sold to discriminating purchasers today—who are looking for up to date designs. It is veneered inside and out with choice woods, carefully selected, in mahogany, oak or walnut, the beauty of which is greatly intensified by the fine varnishes used.

Special Bench. An especially constructed bench, made to order to exactly match the piano, is furnished without extra charge. This bench alone would be readily sold for $12.00 or more.

No. 46N210 Beckwith Concert Grand Piano, Style 10. Price includes special bench to match, green plush scarf and instruction book. Furnished in mahogany, oak or walnut. Walnut is $2.00 extra. **Be sure to specify what finish you want.** Shipped from factory.

Beckwith Home Quee Piano Orga

A HIGH GRADE ORGAN IN BEAUTIFUL PIANO CASE

This instrument has many adva tages over the ordinary organ, as provides room for additional reeds quired by the larger number of octav Greater musical possibilities res from the larger range in both tre and bass sections, and the increa volume of tone.

Has Keyboard Like a Piano.

This organ has the same number keys as a regular piano, making easier to play than the ordinary gan, as it is not necessary to depe so much upon couplers.

One can become familiar with it therefore learn to play a piano m more readily than when one is use a five-octave organ. In general fin appearance and construction throu out, it resembles very closely a h grade piano. It has the Empire automatic swinging music shelf fall board.

The Case is double veneered side and out, and ished in selected mahogany or wal It is particularly attractive.

The Action. This instrument furnished in t different actions, each containing h quality extra broad, heavy tongu double riveted Grand Orchestral reeds, made of fine grade brass and hell metal as follows: **Two-stop action** contains the following reeds: 35 Diapason, 53 Melodia, 35 Viola and 53 Celeste reeds. **Six-stop action** containing the same reeds as the two-stop action, with the addition of 35 Dulciana and 53 Cello reeds.

Furnished in Mahogany or Walnut Finish.

Grand Pneumatic Swell.

There are no unsightly knee swells on this organ. With the patent pneumatic swell all that is required to build up the tone is to pedal rapidly, just for a moment, when the swell boxes are opened by air pressure. To close the swell boxes cease pumping for just a second and they automatically and noiselessly close. This is a big improvement in organ construction.

Size. 4 feet 8½ inches high, 5 feet long, 2 feet 2½ inches wide. **Shipped from factory at LOUISVILLE, KY.** Weight, boxed for shipment, about 400 pounds.

Catalog No.	Reeds	Stops	Octaves	Price, Mahogany	Price, Walnut
46N0219	176	2	7⅓	$113.25	$112.75
46N0220	264	6	7⅓	123.00	122.00

Order by number and give choice of finish.

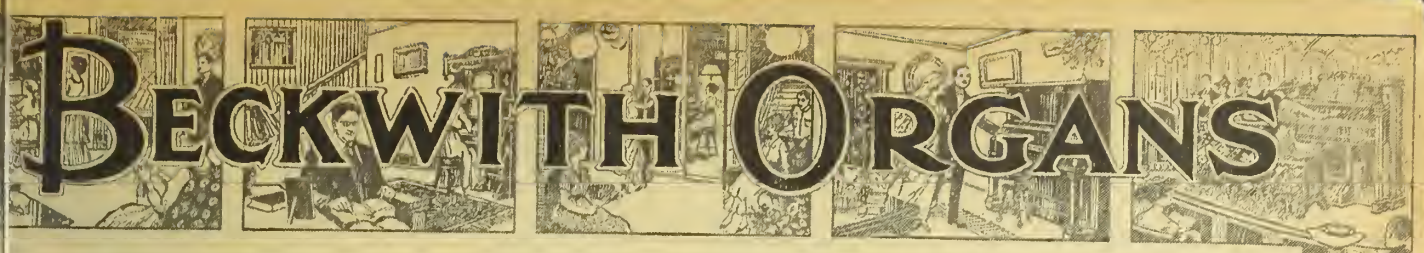
Automatic Octave Coupler.

The middle pedal controls the octave couplers, and a slight pressure couples both sides of the organ instantly. Another slight pressure on the middle pedal and the couplers are noiselessly and immediately released.

Stool, Scarf and Instruction Book Included.

The price includes a fine stool, a velour scarf with silk fringe, and a complete instruction book.

OUR GUARANTEE STANDS THE TEST in the Scales of Justice.



The Beckwith Royal Grand Organ

BECKWITH ORGANS

Beckwith Cathedral Pipe-Tone Organ

THE IDEAL ORGAN FOR CHURCH OR SCHOOL

$109.00

Oak Case. 5 Octaves.

The beautiful effects that may be obtained by the various combinations of stops will delight even the most discriminating musicians. It includes a special **pipe-tone set of reeds,** which produces the sweet and pure tone so noticeable in pipe organs. In fact, anyone not knowing this to be a reed organ **might well imagine that a small pipe organ of exquisite tone quality were being played.** Its improved organ action includes sets of reeds which have made this instrument most desirable for solo, as well as accompanying work for the voice, or instruments of any kind. The volume of tone will easily support congregational singing of 300 to 400 voices.

The Design. Special attention has been given to the design of this instrument so it conforms to the particular style of architecture employed in most of the churches of today. **The back is finished the same as the front** and carries the same general lines throughout. Only high grade varnish is used and is rubbed down by hand to what is known as a dull satin finish. This is a very beautiful organ in every respect. **Highly finished in selected oak or walnut, dull rubbed.**

This instrument will reflect the dignity and spirit of your church, school or Sunday school. It will be, indeed, a fitting exponent of the musical part of your organization.

With this organ you can instantly or gradually change the tone from the softest whisper to the loud pealing tone which is necessary to support choral and congregational singing. This also makes it one of the finest organs to furnish satisfactory accompaniment and support for small orchestras. **There is a steadily increasing demand for this organ for home use.**

IZE. Height, 4 feet 7 inches; 4 feet 6 inches long and 2 feet le. Weight, boxed, about 410 pounds.

te sure to order by number and state finish desired. Shipped m factory in LOUISVILLE, KY.

The SUPERTONE

SUPERTONE ROLLS are mechanically perfect and musically correct. They embody all the good features which enter into the making of the highest quality Music Rolls, such as selected paper, heavy hard rubber flanges, clean and accurately cut porforations and are put in heavy strawboard boxes covered with paper in imitation of leather.

SUPERTONE ROLLS ARE MADE IN TWO STYLES. Supertone Player Word Rolls and Supertone Player Rolls. The Player Word Rolls have the words printed on the Roll; the Player Rolls are without words.

WORD ROLLS.

Often when you play a song with a catchy melody in it, don't you have an inspiration to sing, and isn't it provoking that you are unable to do so because you do not know the words? Then, again, would it not be a pleasure at your parties and gatherings to be able to group around the player and all join in singing the best and the latest songs from words clearly printed at the right hand side of the roll?

Supertone Player Word Rolls afford these enjoyments, and we feel sure that you will derive great pleasure from them.

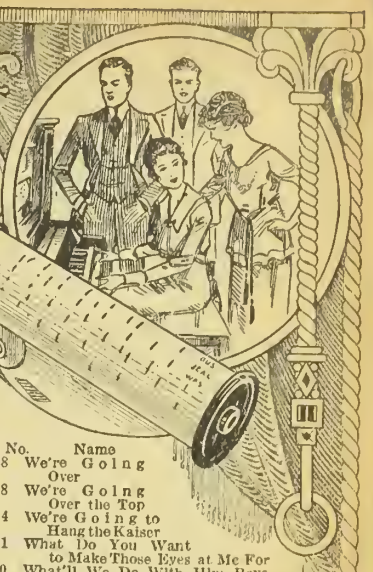
PLAYER ROLLS FOR 88-NOTE PLAYER PIANO



WEIGHTS—Our music rolls, packed, weigh about as follows: Word rolls, 12 oz.; 33-cent roll, 15 oz.; 44-cent roll, 1⅛ lbs.; 55-cent roll, 1⅜ lbs.; 66-cent roll, 1¾ lbs.; 77-cent roll, 2 lbs. Order as many rolls as possible, thereby making the utmost saving in transportation charges. For example: One 33-cent roll shipped 600 miles by parcel post will cost 7 cents for mailing charges; a dozen 33-cent rolls shipped the same distance will cost only 51 cents for mailing charges, or a little over 4 cents each.

WORD ROLLS.

It is just as natural to sing to these rolls as it is to play them on your player piano. The syllables are arranged according to the position their respective notes occupy on the staff and indicate where to pitch the voice. This simplifies the singing of new and unfamiliar songs.

However, if you do not care to sing, these rolls are arranged so they may be played as piano solos, and many of them can be used for dancing.

NOTE—All Supertone Player Word Rolls are hand played reproductions by famous pianists.

Hymns of the Old Church Choir

I

I Ain't Got Nobody Much and Nobody Cares for Me
I Am Writing to You, Sammy
I Can Hear the Ukuleles Calling Me
I Can't Get Along Without You
I Didn't Raise My Ford to Be a Jitney
I Don't Know Where I'm Going, But I'm On My Way
I Don't Want to Play in Your Yard
I Found You Among the Roses
I'll Wed the Girl I've Left Behind
I'm a Lonesome Melody
I'm a Long Way From Tipperary
I'm All Bound Round with the Mason-Dixon Line
I'm All Dressed Up and No Place to Go
I'm Going to Hide Away in Iowa
I'm on My Way to Dublin Bay
I'm Sorry I Made You Cry
I'm Trying So Hard to Forget You
Indiana (Big Ballad Hit)
In Honolulu by the Sea
In the Baggage Coach Ahead
In the Evening by the Moonlight in Dear Old Tennessee
In the Gloaming
In the Good Old Summer Time
In the Harbor of Home Sweet Home
In the Heart of a City That Has No Heart
In the Hills of Old Kentucky
In the Land of Wedding Bells
In the Sweet Long Ago
In the Valley of the Moon
Ireland Must Be Heaven
It's a Great Life if You Don't Weaken
It's a Long, Long Way to the U. S. A. and the Girl I Left Behind
It's a Long Way Back to Mother's Knee
It's Not Your Nationality
It's the Wrong Way to Tickle Mary
It's Time for Every Boy to Be a Soldier
It's Tulip Time in Holland
It Was Only an Irishman's Dream
I've Lost You So Why Should I Care?

Let's All Be Americans Now
Lily of the Valley (A Nut Song)
Long Boy
Love and Honor Dear Old Dad

The Letter That Never Reached Home
The Little Ford Rambled Right Along
The Little House Upon the Hill
The Old Gray Mare
Then I'll Come Back to You
There's a Little Bit of Bad in Every Good Little Girl
There's a Girl in the Heart of Maryland
There's a Little Blue Star in the Window and It Means All the World to Me
There's a Little Lane Without a Turning on the Way to Home, Sweet Home
There's a Little Spark of Love Still Burning
There's a Mother Always Waiting
There's a Mother Old and Gray
There's a Quaker Down in Quakertown
We'll Have a Jubilee in M
Old Kentucky Home
We're Going Over the Top
We've Got Another Washing ton and Wilson Is His Nam
Wedding of the Sunshine an the Rose
We Want Our Daddy Dea Back Home—(Hello Central Give Me France)
What Do You Want to Mak Those Eyes at Me for?
What Kind of an America Are You?
What'll We Do With Him, Boys
When a Boy Says Good-B to His Mother and She Giv Him to Uncle Sam
When Angels Weep
When Bob White Is Whistlin in the Meadow
When Grown-up Ladies A Like Babies
When I Come Back to Yo We'll Have a Yankee Dood Wedding
When I Was a Dreamer an You Were My Dream
When It's Apple Blossom Tir in Normandie
When My Golden Hair H Turned to Silver Gray
When Old Bill Bailey Pla the Ukulele
When Our Boys Come Marc ing Home
When the Clouds of War Roll
When the Evening Breeze Sighing Home Sweet Ho
When the Evening Shadows F
When the Harvest Moon Shining on the River
When the Maple Leaves A Falling
When the Midnight Choo Ch Leaves for Alabam'
When the Moon Shines Do in Old Alaska
When the Sun Goes Down Dixie
When the Sun Goes Down Romany
When the Sunset Turns Ocean's Blue to Gold
When the Twilight Comes
Kiss the Rose Good Ni
When Those Sweet Hawai Babies Roll Their Eyes
When Yankee Doodle Lea to Parlez Vous Francais
When You Were a Tulip I Were a Big Red Rose
When You're a Long, L Way From Home
Where Did Robinson Cru Go With Friday on Sat day Night?
Where Do We Go From He
Where Is My Boy Tonight
Where the Black Eyed Sus Grow
Where the Morning Glo Twine Around the Door
Where the Silvery Colora Wends Its Way
White Wing (Indian Song
Who'll Be Your Sweeth
When You're Sweet Sixt
Whose Pretty Baby Are You?
Will the Angels Let Me P
Will the Roses Bloom Heaven?

Violin Outfits

The violin is unquestionably the "king" of all musical instruments. Its beautiful tones can be made to express almost any emotion, or imitate any sound be it bird, beast or man.

While it takes a little time and patience to learn to play, it is well worth the effort to be able to give expression to your varied moods through the medium of this beautiful instrument.

Our violins are constructed in accordance with the best known principles and of the best possible materials, price considered. Quality is never sacrificed for price.

A substantial violin of good model. Nicely finished. Lined and lower bouts blocked. Imitation ebony fingerboard, pegs and tailpiece. Imitation purfling around edges. Gut strings. Outfit consists of:

One violin, as described.
One good bow.
One pastboard case.
One instruction book.
One fingerboard chart.
One piece rosin.
One extra set of steel strings.
Shipping weight, 7 pounds.

No. 12N102¼ Price.... $7.85

High Grade Violins

12N 158¼ $14.95

A handsome Stradivarius model, with back of flamed maple and top of selected spruce. Figured neck and scroll. Fully lined and blocked. Genuine inlaid purfling. Ebony fingerboard, tailpiece and pegs. Pegs ornamented with gold plated knobs and tailpiece is fitted with gold plated lyre. The color of the varnish is a rich deep brown and handsomely finished. The tone is full and even on all strings. This violin is carefully made throughout and will give complete satisfaction. Shipping wt., 10 lbs. **$14.95**

No. 12N158¼ Price...

12N 160¼ $19.95

Beautiful Stradivarius model of accurate proportions. Back of selected flamed maple and top of close grained seasoned spruce. Neck and scroll carefully worked out with back of scroll elaborately hand carved. Accurately inlaid purfling. Genuine ebony fingerboard, tailpiece and pegs. Tailpiece and pegs are exquisitely fluted. The color of the varnish is a beautiful reddish brown, shading to the natural color of the wood and richly finished. Pure, even tone of good volume, suitable for all kinds of playing. Shipping weight, 10 pounds. **$19.95**

No. 12N160¼ Price...

12N 162¼ $24.95

A Stradivarius model of elegant proportions and made of very high grade materials. Back is of selected beautifully figured maple and top of close grained seasoned spruce. Figured neck and scroll of maple. Exquisitely inlaid purfling. Round edges. Genuine ebony fingerboard, tailpiece and pegs. Tailpiece and pegs are elaborately hand carved. Varnish beautiful color, very tastefully added to natural color of wood. Exceptionally fine tone adapted to either solo or orchestra playing. Fitted with ebony engraved chin rest. Shipping weight, 10 pounds.

No. 12N162¼ Price..... **$24.95**

12N 164¼ $29.95

A beautiful model accurately patterned after a famous Stradivarius. Made of very fine seasoned wood selected for its beauty and tone qualities. The two-piece back is of handsomely figured maple and top of straight close grained spruce. Neck and scroll of maple to match the back. The purfling is perfectly inlaid. First quality ebony fingerboard, tailpiece and pegs. Pegs and tailpiece inlaid with mother of pearl dot. Varnish of a rich brownish red, shaded to golden yellow, then to the natural color of the wood, making a very pleasing contrast. Semi-dull carefully rubbed finish. The tone is of a most pleasing quality, being pure, full and even on all strings. Shipping weight, 10 pounds.

12N1008 Same as No. 12N1006, but covered with morocco leather and lined with velvet. Price..... **6.95**

The bodies of our leather and keratol covered cases are made of three-ply veneers glued across the grain and firmly pressed into shape. We guarantee them not to split or warp. Cheap cases are made of one thickness of wood pressed into shape by steam and are easily affected by moisture or heat. You cannot, therefore, judge the case by outside appearance alone. When a frame is covered with leather or other material, quality does not show.

We cover our cases with:

KERATOL, which is a very durable imitation of leather. There are many grades of keratol. We use an extra high grade which is almost as durable as leather.

LEATHER, which is a superior covering for violin cases. We use selected leather, handsome in appearance and of good weight, which will give years of service.

No. 12N1010 Body covered with a high grade keratol (imitation leather) and lined with fleece flannel. Nickel plated lock, clasps and hinges. Also nickel plated studs and end protector. STRINGS FOR MUSICAL INSTRUMENTS OF ALL KINDS

STEEL AND COPPER WOUND STRINGS

Bell Brand Strings

These strings are celebrated for their clear bell like tone. They are made from a fine grade of Damascus steel, carefully tested and heavily silver plated, giving them the tone which has made them famous. Each string is wrapped in anti-tarnish paper, protecting them from moisture, tarnish and rust. It will pay to keep a supply of these strings on hand at all times. Shipping weight, half dozen, 2 ounces; per set or dozen, 4 ounces.

GUT, SILK, SILVER PLATED AND PURE SILVER WOUND STRINGS

We have arranged with the manufacturers to make shipments periodically and upon rival at our plant the strings are stored in an especially constructed humidor, which eps them fresh and pliable. Every string is perfect from a musical standpoint and ade of strictly first quality materials consistent with the price. Gut strings are carefully examined and packed in oiled paper envelopes, making them less susceptible to climatic influences. None are hard and brittle. We cannot guarantee strings against breaking, but they will last as long as the best strings made. We ask you to buy these strings, and we know positively that we can save you money on every purchase.

SUPERTONE
Guitars and

THE MANDOLIN AND GUITAR form an excellent combination for parlor, dance or club music. Both have practically unlimited possibilities for solo work. They are desirable for musical occasions of all kinds. Neither is difficult to learn, a few lessons and a little study enabling one to play acceptably.

OUR MANDOLINS AND GUITARS are made by expert mechanics and are correct in model and measurement, thoroughly braced and lined, accurate in scale and their tone is brilliant and powerful. The materials used are well seasoned and of high quality. The finish from the lowest priced instrument to the highest is the very best consistent with the price charged.

WE GUARANTEE them for one year against splitting or warping and will repair, exchange or return money for any instrument that may show defect of any kind.

We include a fingerboard chart and book of chords. Also pick with mandolin.

Front and Back View.

This bridge is of metal in imitation ebony and is fastened to the body so that it will not pull off, doing away with the tailpiece when using steel strings. Adjustable, enabling player to raise or lower strings to suitable height. Furnished with guitars Nos. 12N203¼, 12N204¼, 12N205¼, 12N207¼, 12N209¼, 12N211¼, 12N212¼, 12N216¼ and 12N217¼.

The banjo is particularly adapted to playing ragtime and other lively music and the demand for this kind of music is responsible for the increasing popularity of the instrument. Our banjos are well made of good materials by expert workmen, are true in scale, easy to play, responsive and have that snappy, ringing quality of tone so much sought for by professional banjoists.

Our banjos are furnished with an extra set of strings, wrench, instruction book and diagram fingerboard chart. Measurements mean actual shell diameter without straining hoops or brackets. Banjos can be shipped by parcel post. For Banjo Supplies See Page 1012.

THE RAGTIME KING.

At a very moderate cost we are offering this full size professional model banjo. It is expertly made of high grade materials and has that full snappy tone that is demanded in playing up to date ragtime music. This popular instrument will be sent with the understanding that if after a ten days' trial it is not entirely satisfactory it may be returned and money, including transportation charges, will be returned.

Hawaiian Instruments

The Ukulele

"Spend an Hour or Two in Honolulu."

One of the easiest instruments to learn to play and its beautiful harplike tones make a most desirable accompaniment for the voice and various solo instruments. The ukulele is commonly played by strumming the strings with a down and up stroke of the fingers. There are, however, many other effective strokes that can be learned in a short time. Shpg. wt., 4 lbs.

For Ukulele strings see page 1007. For Ukulele cases, keys and tuners, see page 1012. Instruction book and fingerboard chart included with all ukulales.

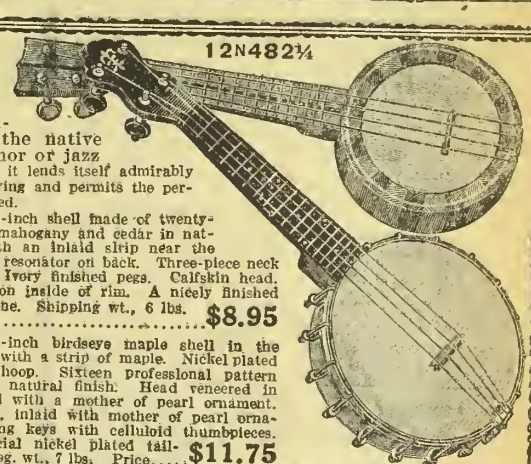
BANJO-UKES



The American adaption of the Hawaiian ukulele combines the soft, sweet tones of the native instrument with the sharp, penetrating tones of the tenor or jazz banjo. Because of its novel shape and the materials of which it is made, it lends itself admirably to artistic ornamentation. Its small size makes it very convenient for carrying and permits the performer to play in comfort. Instruction book and fingerboard chart included.

No. 12N480¼ Seven-inch nickel plated wood lined shell with lower edge spun over steel wire. Nickel plated straining hoop. Sixteen nickel plated hexagon brackets. Maple neck in natural finish. Head veneered in ebony finish and is inlaid with a mother of pearl ornament. Ebony finished fingerboard, inlaid with mother of pearl ornaments. Patent non-slipping keys with celluloid thumbpieces. Fine calfskin head. Special nickel plated tailpiece. Excellent tone. Shpg. wt., 7 lbs. Price.....$11.75

HAWAIIAN OR STEEL GUITARS

The Steel Guitar (so called because it is played with a steel bar) is the solo instrument of the Hawaiian people. It is played placed flat on the knees, with a steel bar in the left hand which stops or presses the strings, instead of the fingers. It produces a beautiful quavering tone which haunts you and which has done much to make the Hawaiian music so extremely popular. Owing to the fact that the strings when open or when barred form natural chords, it is comparatively easy to learn and play the steel guitar. Steel bar, picks, instruction book and fingerboard chart included.

No. 12N485¼ Handsomely figured birch. Ebony finished fingerboard inlaid with imitation pearl position dots. Patent ebony finished adjustable metal bridge (as described on page 1008) which will not pull away from body. Edges of top, back and soundhole bound with white celluloid. Patent heads with buttons. Body, including top and neck, is finished in brownish red color, slightly at center of top and back. Shipping weight, 12 pounds. Price.....$4.45

No. 12N487¼ Back, top and sides of figured brown mahogany. Mahogany neck and head with koa wood veneer on top of head. Ebony finished fingerboard inlaid with three mother of pearl position dots. Fancy corded inlaying around soundhole and edge of top. Screw pattern patent heads with celluloid buttons. Adjustable metal bridge (see top of page 1008 for description) and patented removable nut. (By removing nut it can be played in regular style.) A handsome beautiful toned instrument. Shipping weight, 12 pounds. Price.....$9.95

Nickel plated tuning pins, thirty-one strings comprising four chords (C, G, F major and A minor), and two octaves of melody strings. Size, 13x20 inches. Wrench, pick, music rack and instruction book included. Also three charts. Shipping weight, about 10 pounds.

No. 12N522 Price..... **$3.95**

The Celestaphone.

With this instrument you can produce the beautiful sustained tremolo melody of the mandolin and at the same time the harmonizing chords of the guitar. Like a piano, the keyboard is played by the pressure of the fingers and the strings can be struck singly, in double tones or full chords. It gives a clear, thrilling, repeated tone like a mandolin, or a single tone at the will of the player. With the aid of the numbered keyboard and the accompanying charts, almost anyone can play the Celestaphone after a few hours' practice. Top is finished in imitation rosewood with ebony finish sides. Fancy decalcomania ornaments around edge, soundhole and on top. Highly polished. Instruction book, tuning wrench, pick and six charts of music included. **For strings see page 1007.** Shipping weight, 12 pounds.

No. 12N549 Price..... **$4.95**

Guitar Chimes.

A charming combination of strings and bells that one can learn to play in a very short time. The melody is played on the bells with a spring hammer that produces a vibrating tone or single tone at the will of the player. The accompaniment is played with the left hand on a group of three major chords comprising twelve strings and is tuned to correspond to the bells. The body is made in imitation of rosewood, the lower part being shaped like a guitar and fitted with twelve strings. The upper part is joined to the lower and contains fifteen nicely tuned bells. With the aid of the numbered charts given with the instrument one can learn to play acceptably in a very short time. Tuning key, thumb pick and instructions for playing with each instrument. Shipping weight, 6 pounds.

No. 12N512 Price..... **$3.45**

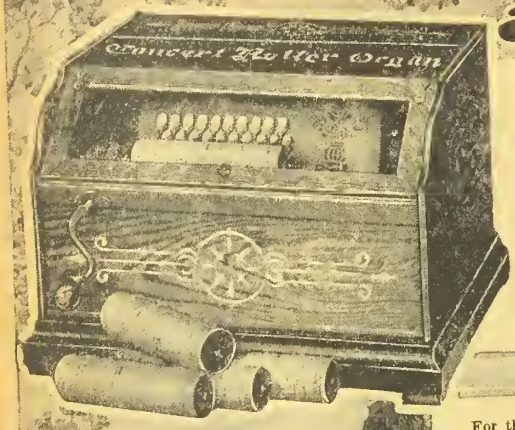
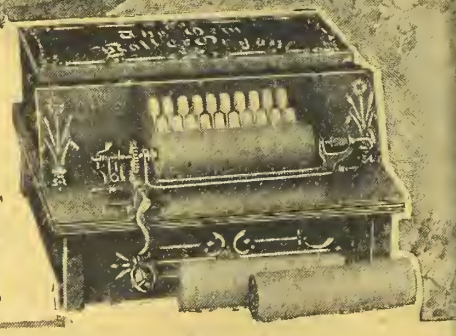
Roller Organs and Rollers



How the kiddies enjoy the music of the roller organ—and how the grown-up folks enjoy it too! Out on the porch, in the house, at the church or Sunday school, for parties, dances or other occasions a roller organ is always in demand. Anyone can play one of these organs. Simply insert a roll with your favorite selection on it and turn the crank. The tone of a roller organ is rich, mellow and full, due to the use of full sized organ reeds. The volume of tone will fill a good size hall or church, yet is not too much for the home.

Our Concert Roller Organ

No. 12N532¼ Hardwood case, in golden oak finish, is 18 inches long, 14⅞ inches wide and 12⅜ inches high. Nicely decorated and varnished. Glass door excludes dust and dirt. Complete, with five rollers. Shipping weight, 30 pounds. Price..... **$9.95**



For those who do not desire so elaborate an organ as our Concert Model we recommend our low priced Gem. Ample volume of tone for home use. Greatly enjoyed by the children, who love to turn the crank and make their own music. Can be played by even the little tots with perfect ease. Every member of the family enjoys the Gem.

Our Gem Roller Organ

No. 12N530¼ Wood case, nicely finished in imitation walnut, with gilt decorations. Size of case, 14⅜ inches long, 12 inches wide and 7¾ inches high. Easily shipped by parcel post. Shpg. wt., 11 lbs.

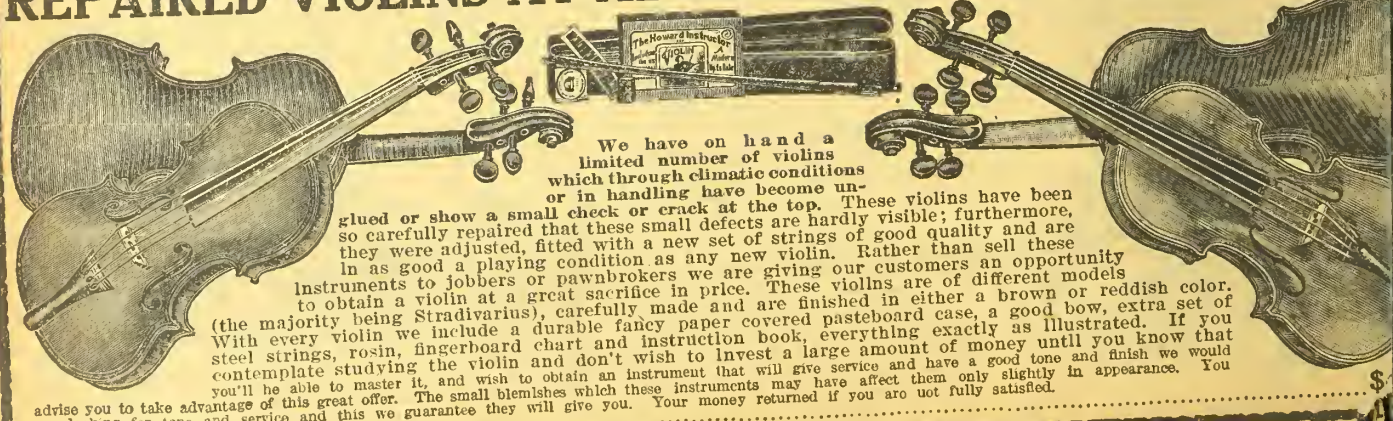
REPAIRED VIOLINS AT ABOUT HALF THE PRICE OF NE



We have on hand a limited number of violins which through climatic conditions or in handling have become unglued or show a small check or crack at the top. These violins have been so carefully repaired that these small defects are hardly visible; furthermore, they were adjusted, fitted with a new set of strings of good quality and are in as good a playing condition as any new violin. Rather than sell these instruments to jobbers or pawnbrokers we are giving our customers an opportunity to obtain a violin at a great sacrifice in price. These violins are of different models (the majority being Stradivarius), carefully made and are finished in either a brown or reddish color. With every violin we include a durable fancy paper covered pasteboard case, a good bow, extra set of steel strings, rosin, fingerboard chart and instruction book, everything exactly as illustrated. If you contemplate studying the violin and don't wish to invest a large amount of money until you know that you'll be able to master it, and wish to obtain an instrument that will give service and have a good tone and finish we would advise you to take advantage of this great offer. The small blemishes which these instruments may have affect them only slightly in appearance. You are looking for tone and service and this we guarantee they will give you. Your money returned if you are not fully satisfied.

Learn to Play the Clarinet.

The clarinet is one of the most beautiful toned band or orchestra instruments and is comparatively easy to learn. Good clarinet players are always in demand because of their ability to double in band and orchestra. In choosing from our lines of clarinets always bear in mind that whichever you decide upon you are getting an instrument that is guaranteed for tone, workmanship and durability. Instruction book and mouthpiece cap included.

Dupont Boehm System Clarinet.

It is the ambition of nearly all clarinet players to own a Boehm system clarinet, but a player of ordinary means is unwilling to pay $75.00 to $150.00 for such an instrument. We guarantee this instrument in every way to meet all professional requirements. Made of grenadilla wood and fitted with nickel silver keys and rings. Shipping weight, 5 pounds.

No. 12N8081 17 keys, 6 rings, key of A or B flat, high or low pitch. State key and pitch wanted. Price..... **$63.50**

AMERICAN MADE SUPERTONE BAND INSTRUMENTS

SUPERTONE BAND INSTRUMENTS are made by high priced expert mechanics from a fine grade of brass; are graceful in model, scientifically proportioned and have a light, responsive action. They are responsive to the tongue stroke and have that flexible, sympathetic tone that is so much sought for by professional musicians. Note the reinforced beaded joints on instruments illustrated above, the graceful tapering of the bells and the tasteful engraving.

We allow a ten days' trial on any instrument you wish to buy, and if not found perfectly satisfactory in that time, return the instrument and we will return your money, including transportation charges.

SILVER PLATED INSTRUMENTS are not carried in stock. They are especially plated upon receipt of order, thus insuring you a bright, clean horn. On all orders for silver plated instruments allow ten to twelve days' time for shipment to reach you.

SUPERTONE BAND INSTRUMENTS are suitable for band o orchestra, as they are made with change to high or low pitch. If yo are figuring on purchasing a new set of instruments for your ban and desire a set at a moderate pric which will give satisfaction under all con ditions, we especially recommend Super tone Band Instruments for your consid eration. Every instrument complete with silver plated mouthpiec music holder and instruction book. All Supertone instruments ca be tuned to either high or low pitch.

New Long Model B Flat Cornet.

Quick Change to A. High and Low Pitch.

Beautiful model, perfectly proportioned. Improved air passage through valves. Water key fitted with the new style thumbscrew and spiral spring. Adjustment rod on quick change slide and low pitch slide, with thumb and set screws. Engraved wreath on bell. Length, 16¼ inches; 4¾-inch bell. Shipping weight, 7 pounds.

No. 12N701¼	Brass polished	$17.95
No. 12N702¼	Nickel plated, polished	19.05
No. 12N703½	Silver plated, satin finish, gold plated bell	23.95
No. 12N704½	Silver plated, burnished finish, gold plated bell	26.65

B Flat Trumpet Cornet.

Quick Change to A. High and Low Pitch.

The B Flat Trumpet is becoming more popular every day and is rapidly replacing the E flat and in many cases B flat cornets. It has a peculiar tone, blending between the tone of the E flat and B flat cornets, and is very useful in certain compositions where the trumpet quality of tone is desired. These trumpets are used very extensively by large band organizations throughout the country.

Length, 18½ inches; 4¾-inch, bell. Shipping weight, 7 pounds.

No. 12N711¼	Brass polished	$19.95
No. 12N712¼	Nickel plated, polished	21.05
No. 12N713½	Silver plated, satin finish, gold plated bell.	25.95
No. 12N714½	Silver plated, burnished finish, gold plated bell.	28.65

Protect Your Instrument With a Case.

When you leave it exposed dust and dirt accumulate on it and may work into the valves and slides, causing them to bind. It also tarnishes more rapidly and is apt to become seriously damaged. The cost of a case is a trifle when you consider the repair and cleaning bills you may save. Also your horn keeps a better appearance. For cases to fit these instruments see page 1018.

UPRIGHT HORNS.

High and Low Pitch Combined.

These instruments are made of first quality spun brass and the tubing is rolled until it is absolute seamless. From the altos to the basses the models are extremely handsome, no abrupt turns or sharp angle tapering gradually from mouthpiece to bell, thus giving these horns their beautiful tone and making the easy to blow. Engraving on bell. Music holder, mouthpiece and instruction book with each instrument.

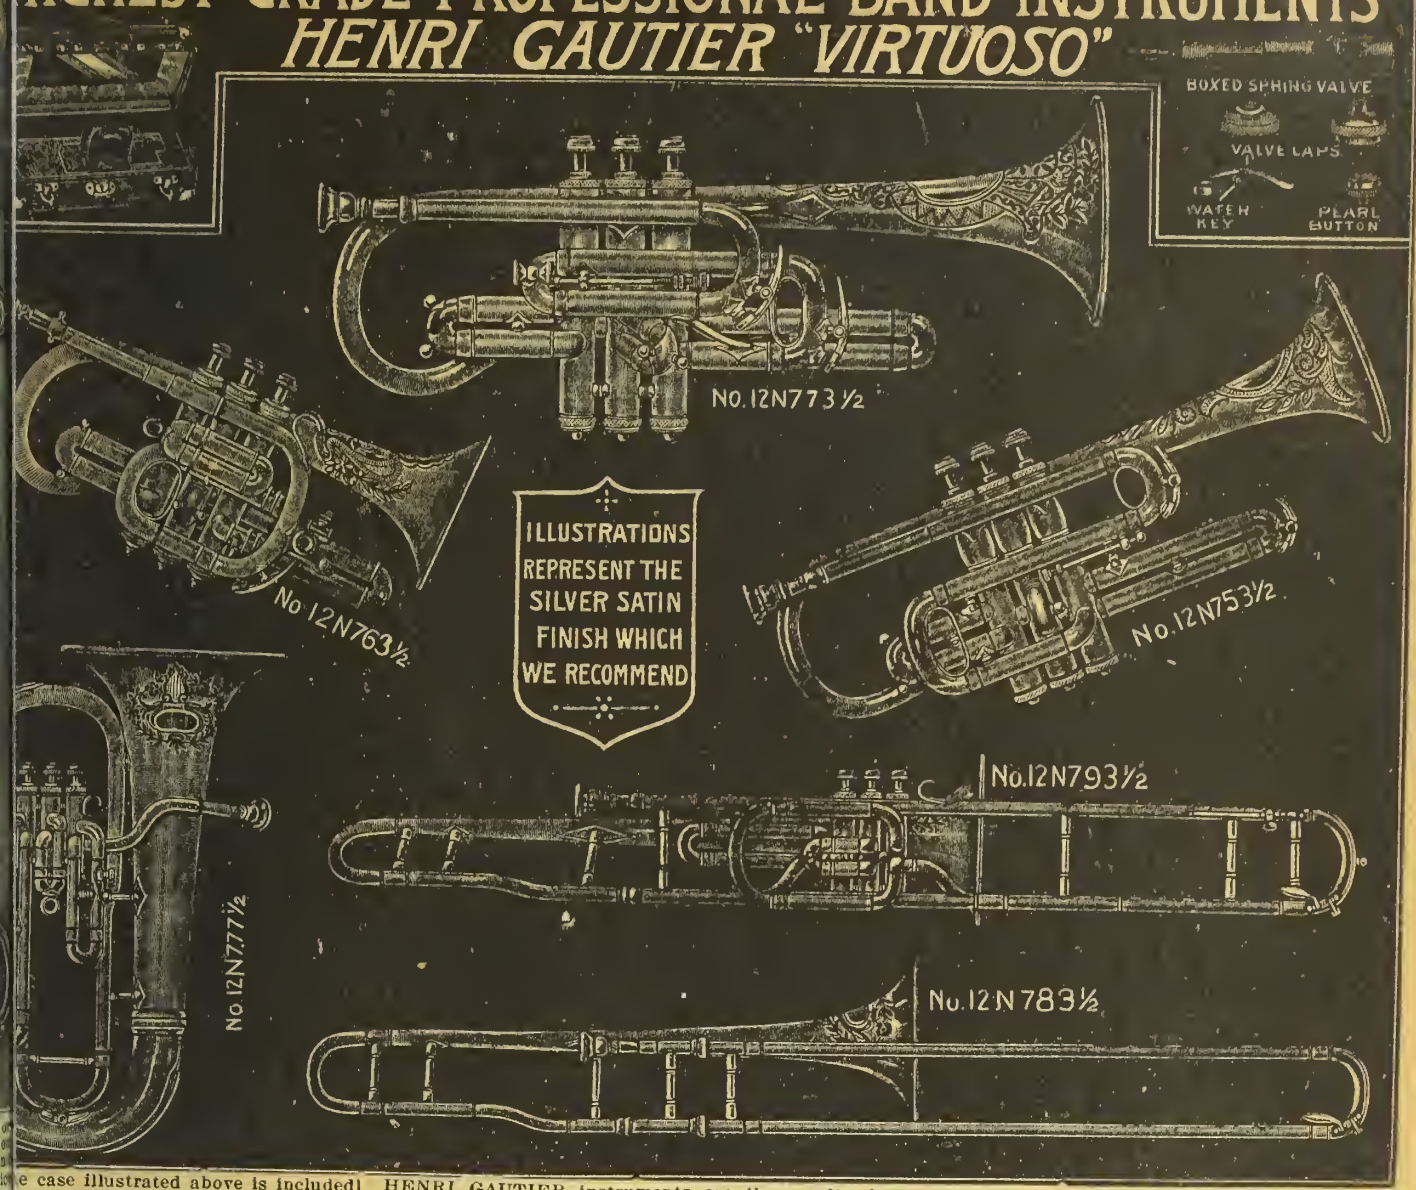
IGHEST GRADE PROFESSIONAL BAND INSTRUMENTS

HENRI GAUTIER "VIRTUOSO"



e case illustrated above is included our Gautier Cornets Nos. 12N771¼, 72¼, 12N773½ and 12N774½. It is red with seal grain imitation er, neatly embossed, lined with a silk plush and green sateen, with ribbon across the cover. Trim- s are nickel plated. Has a spring for holding cornet in place.

HENRI GAUTIER instruments are the result of years of patient study and repeated tests by experienced workmen in a factory well equipped with modern machinery. They are built to stand the exacting requirements of professional musicians and are perfect in tune, tone and intonation. If you are a member of a band or an orchestra, or if you are a soloist and want an instrument that will meet every demand made upon it, order a Henri Gautier. You will be satisfied with it.

If they don't prove up to the standard which you require, return them at our expense and we will return your money, including transportation charges.

Illustration to right at top of page shows the enclosed spring piston valve used on the Gautier cornets, also valve caps, buttons and water keys fitted to all Gautier instruments.

All instruments are made with combination high and low pitch slide, are fitted with mother of pearl buttons, pistons or valves are of fine quality German silver. We ship them complete with mouthpiece, music holder and instruction book.

As Gautier silver plated instruments are plated to order there will be a delay of about ten days.

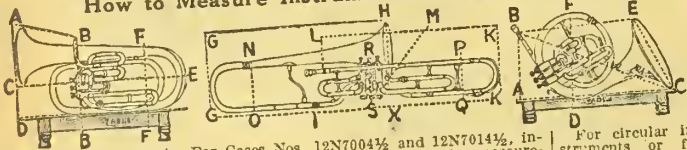
BRASS INSTRUMENT SUPPLIES

BAND INSTRUMENT CASES.

12N7002½ 12N7008½ 12N7038½

We furnish two qualities of cases, made with heavy and strong strawboard bodies, one covered with canvas with bound edges and the other covered with keratol in imitation seal grain leather. All cases are flannel lined and are fitted with imitation leather handles. Nickel plated buckles. End openings. We guarantee our cases will retain their shape and protect your instrument. **Be sure to state quality wanted and allow price accordingly.** There will be a delay of ten days in making up cases for instruments other than our own make.

How to Measure Instruments to Insure a Perfect Fit.



For Cases Nos. 12N7006½, 12N7008½, 12N7016½ and 12N7018½ measure in the following order: A to B, A to C, A to D, B to B, F to F and C to E. Also state thickness of valves and, if possible, mention make of instrument.

For Cases Nos. 12N7004½ and 12N7014½, intended for tenor valve trombones, give measurements in this order: G to H, G to I, H to M (bell measurement), L to K, K to I, N to O, P to Q, R to S and R to X. Also give thickness of valves and, if possible, state make of instrument.

For Cases Nos. 12N7002½ and 12N7012½, intended for slide trombones, use same measurements, omitting R to S.

For circular instruments or for Cases Nos. 12N7010½ and 12N7020½ follow the diagram in this order: A to B, B to E, B to C, E to C, A to C and D to F. Give thickness of valves and make of horn, if known.

WE GUARANTEE a perfect fit if you give us correct measurements.

SUPERTONE DRUMS

OUR LINE OF DRUMS has been selected with the idea in view of giving our customers a variety to choose from. They embody many special features and for tone, appearance and durability they are all that fine materials and expert workmanship can make them.

THE SHELLS of our drums are made of seasoned materials, well braced, and we guarantee they will retain their shape.

THE HEADS OF OUR DRUMS are carefully selected for their clearness and evenness and are graded in their thickness to meet the requirements of the different size and style drums. Nobody can guarantee the heads or drums against breaking, but we guarantee ours to be free from cuts, flaws and other defects. Cheap drums with poor heads are expensive at any price.

Single Head Drum.

No. 12N911¼ 14-in. Birdseye maple veneered shell, 3 inches high. Rosewood finished hoops, twelve nickel plated thumbscrew rods (no key or wrench required). Twelve woven snares and nickel plated snare strainer. Fine calfskin single head. Sharp and responsive. Fine ebony sticks included. Shipping wt., about 6 lbs. Price **$12.95**

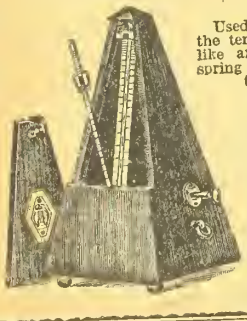
METRONOMES (Maelzel System).



Used by students of music, especially of the piano, to indicate the tempo or time. The upright rod moves backward and forward like an inverted pendulum, the movement being actuated by a spring which is wound up with a key. The time is indicated both to eye and ear, the movement being in sight and ticking similar to a clock, but much louder.

We sell metronomes in large quantities to schools, colleges, academies and other institutions where music is taught and the high quality of our metronomes, together with the extremely low prices, have brought us many reorders from these institutions. We handle the Maelzel system. They are made of thoroughly seasoned, polished mahogany. The mechanism is made up of tested materials and is as carefully made and accurately adjusted as a high grade clock. All are examined and tested before they leave the factory. Instructions with each. Shipping weight, 2½ pounds.

No. 12N5167 Genuine mahogany case. Pyramid style. Good reliable movement. Price... **$2.95**

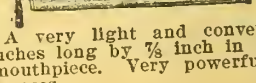
No. 12N5168 Same as No. 12N5167, but with bell attachment. Price..... **3.95**

Note Pump for Player Pianos.

It is important to keep the mouthpiece of a player piano free from dirt and dust which sometimes accumulate. Many perfect rolls are pronounced defective because of such obstructions. The pump listed operates on the vacuum system and is guaranteed to remove accumulations of dirt and dust in mouthpiece tubes.

It is invaluable to piano tuners, as much time would be saved in trying to locate the cause of a defective note if mouthpiece tubes were thoroughly gone over with one of these vacuum pumps.

Midget Exhaust Pump.



No. 12N5293 A very light and convenient exhaust p Aluminum body 8 inches long by ⅞ inch in diameter. Cylin in shape. Rubber mouthpiece. Very powerful for a small p Shipping weight, 12 ounces. Price.....

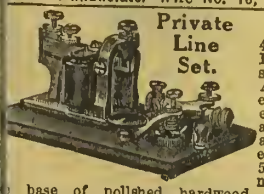
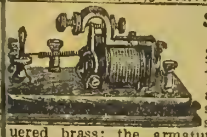
No. 57N6463 Improved 20-Ohm Learner's Telegraph Instrument, the same as the 4-ohm instrument except that sounder is wound to 20-ohms to increase its sensitiveness. Shipping weight, 3 pounds 11 ounces. Price.....$2.75

Private Line Set.



No. 57N6474 4-Ohm Private Line Set. Consists of our Aluminum Lever Giant Sounder No. 57N6480, and our Standard Steel Lever Key No. 57N6485, mounted on base of polished hardwood. High grade oughout. Shpg. wt., 3⅜ lbs.....$3.85

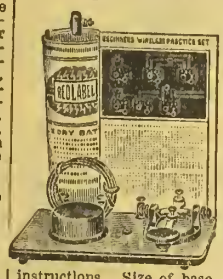
No. 57N6475 20-Ohm Private Line Set. ne as above, except that sounder magnets are nd to a higher resistance to increase the sensiness. Two of these instruments can be oper- from two dry batteries through a line reance of more than 25 ohms, which is equiva- to a mile of 12-gauge iron wire. The dis- e can be extended by increasing the battery er. Shpg. wt., 3⅜ lbs.....$4.00



Standard Relay, $2.95.

No. 57N6488 20-Ohm Standard Relay. This relay is a very sensitive, nicely adjusted and handsomely finished instrument. Frame is uered brass; the armature is nickel plated. nted on a polished hardwood base with sub- of black enameled cast iron. Suitable for graph lines up to 10 miles in length, and for lar and fire alarm systems. Shipping weight, pounds. Price.....$2.95

Beginner's Wireless Practice Set, $2.50.



No. 57N7100 For the beginner this set has remarkable value. It not only provides an excellent method of quickly learning the code, but after the code is mastered the key may be used with a spark coil and the buzzer for testing detectors. By using a telephone Induction Coil, listed in our Special Electrical Goods Catalog, the Practice Set may be used for class instruction, using wireless phones.

Set consists of a wireless key and buzzer mounted on a polished wood base. Key has black enameled frame, nickel plated lever and adjusting screws. Buzzer is nickel plated and reproduces the high pitched sounds of the wireless station accurately. The three binding posts are so constructed that the set may be used five different ways.

Complete with one dry cell, 3 feet insulated wire, diagram of connections, code chart and instructions. Size of base, 7x4½ inches. Shipping weight, about 4⅛ pounds. Price.....$2.50

Giant Sounder, 4-Ohm, $2.50.

No. 57N6480 4-Ohm Giant Sounder. This is a rapid, loud, aluminum lever sounder with lacquered brass frame. Magnets are covered with polished hard rubber and leads are thoroughly insulated. The sounder is mounted so that a resonating air space is maintained between the base plate and the polished hardwood mounting board. All parts are adjustable. Shipping weight, 2⅝ pounds. Price.....$2.50

No. 57N6481 20-Ohm Giant Sounder. Same as No. 57N6480, except that magnets are wound to a higher resistance to increase its sensitiveness over longer lines. Shipping weight, 2½ pounds. Price.....$2.70

Steel Lever Key, $1.85.

No. 57N6486 Standard Steel Lever Key with legs. Same as No. 57N6485, except that it is made with legs, 1¾ inches long, which pass through table, clamping the key and serving as binding posts. Shipping weight, 1 pound. Price.....$1.85

Legless Key, $1.75

No. 57N6485 Standard Steel Lever Key, legless. Steel lever and switch strap are heavily nickel plated and buffed. Black compositiou key and switch knobs. Fully adjustable. Shipping weight, 1 pound. Price.....$1.75

Power Motors at Low Prices

In the home these motors can be used to operate washing machines, churns, ice cream freezers, grinders. Dentists, mechanics, blacksmiths, jewelers, garages, etc., have work for these motors.

Cast iron frame, phosphor bronze bearings. High carbon steel shaft, ⅛ inch in diameter, and felt wick oil cups. Windings of high grade enameled cotton covered wire, impregnated with insulating compound to withstand any reasonable amount of moisture. All motors finished in black enamel with brass trimmings.

Motors, except No. 57N7575, can be operated on 105 to 115-volt alternating current. **Be sure to state voltage and if alternating current give number of cycles.** Prices below do not include cord and plug. See Flexible Cord No. 57N7590 at right. Cord may be connected to any lamp socket.

Flat face pulleys 1½ or 2 inches in diameter by 2-inch face, $1.00 extra. **State diameter wanted.**
